VOLUNTARY ANNOUNCEMENT

BUSINESS UPDATE ON SUCCESSFUL HIGH-DENSITY FLIGHT TESTING OF NEW ENERGY UNMANNED GROUND-EFFECT VEHICLE "FU1"

This announcement is made voluntarily by the board of directors (the "**Board**") of Sino-Life Group Limited (the "**Company**", together with its subsidiaries, the "**Group**").

The Board pleased to announce that Fusha Weilai (Guangdong) Aviation Technology Limited* (蝠鯊未來（廣東）航空科技有限公司) ("**Fusha Aviation**"), which was jointly established by the Company's non-wholly-owned subsidiary Guangdong Zhenyuan Investment Company Limited* (廣東臻遠投資有限責任公司) together with Shenzhen Coptek Technology Co., Ltd.* (深圳考普特科技有限公司) ("**Shenzhen Coptek**"), has completed high-density flight testing for its first successfully developed new energy unmanned ground-effect vehicle, the "FU1". A related business update is hereby provided to the shareholders of the Company (the "**Shareholder(s)**") and potential investors.

In April 2025, after multiple rounds of testing, Fusha Aviation's first new energy unmanned ground-effect vehicle, the "FU1", achieved its designed objective of vertical take-off, successfully validating its globally innovative aerodynamic configuration and disruptive power system design.

Fusha Aviation's new energy unmanned ground-effect vehicle "FU1" possesses the following technical features:

1. **Vertical Take-Off:** Does not require traditional take-off and landing runways, meeting flexible mobility needs for individuals and special scenarios;

2. **Low-Altitude Flight:** Primarily operates at a flight altitude between 0.5 meters and 3 meters, possessing inherent flight safety;

3. **Multi-Scenario Adaptability:** Capable of taking off and landing on both water and land surfaces, enhancing operational convenience and application flexibility;

4. **New Energy Power:** Utilizes new energy technologies, including full-fuselage photovoltaic power generation; uses new energy power, contributing to low-carbon emission reduction and reducing energy anxiety;

5. **High Safety Redundancy Design:** Employs dozens of independently controlled electric ducted fan propulsion systems, enhancing system stability.

The successful development of Fusha Aviation's "FU1" demonstrates the potential for integrated innovation across the three major fields of new energy technology, artificial intelligence (AI) autonomous systems, and the low-altitude economy. It lays the foundation for the future development of waterborne transportation scenarios, opening a new era in water transportation.

This announcement is made on a voluntary basis to keep Shareholders and potential investors informed of the latest business developments of the Group. This announcement is for informational purposes only and does not constitute an invitation or offer to acquire, purchase, or subscribe for any securities of the Company. Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.

By Order of the Board
Sino-Life Group Limited
XU Jianchun
Chairman and Executive Director

Hong Kong, 28 July 2025

As at the date hereof, the Board comprises Mr. XU Jianchun and Mr. LIU Tien-Tsai being executive Directors; and Mr. CHAI Chung Wai, Dr. YANG Jingjing and Ms. HU Zhaohui being independent non-executive Directors.

This announcement, for which the Directors, collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading; and there are no other matters the omission of which would make any statement herein or in this announcement misleading.

This announcement will remain on the "Latest Listed Company Information" page of the Stock Exchange's website at http://www.hkexnews.hk for 7 days from the date of its posting. This announcement will also be posted on the Company's website at http://www.sinolifegroup.com.
