REASONS FOR AND BENEFITS OF THE SUBSCRIPTIONS

The Directors are of the view that (i) the Subscriptions provide the Group with better return than fixed deposits generally offered by commercial banks in the PRC; (ii) the principal amount of the Subscriptions was based on the amount of temporary idle funds of the Group; (iii) the Subscriptions were funded by the Group's surplus cash reserves (and not by the proceeds from the Global Offering), and thus would not affect the Group's working capital position or operation; and (iv) appropriate wealth management with low risk exposure is conducive to enhancing the utilization of capital and increasing income from idle funds of the Group. Accordingly, the Directors consider that the Subscriptions are on normal commercial terms which are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

For the infrastructure of the Company's investments, internal control and risk management procedures for ongoing monitoring of the Company's investments, and investment decision-making process of the Company in relation to the wealth management products, please refer to announcement of the Company dated 23 June 2025.
