VOLUNTARY ANNOUNCEMENT
OCTOBER 2025 DELIVERY UPDATE

Company Achieved New Record-High Monthly Deliveries

- ***40,397 vehicles were delivered in October 2025, increasing by 92.6% year-over-year***
- ***241,618 vehicles were delivered year-to-date in 2025, increasing by 41.9% year-over-year***
- ***Cumulative deliveries reached 913,182 as of October 31, 2025***

On November 1, 2025 – NIO Inc. (NYSE: NIO; HKEX: 9866; SGX: NIO) ("**NIO**" or the "**Company**"), a pioneer and a leading company in the global smart electric vehicle market, announced its October 2025 delivery results.

The Company delivered 40,397 vehicles in October 2025, reaching a new monthly record and representing an increase of 92.6% year-over-year. The deliveries consisted of 17,143 vehicles from the Company's premium smart electric vehicle brand NIO, 17,342 vehicles from the Company's family-oriented smart electric vehicle brand ONVO, and 5,912 vehicles from the Company's small smart high-end electric car brand FIREFLY. Cumulative deliveries reached 913,182 as of October 31, 2025.

In October 2025, our smart large-space flagship SUV, the ONVO L90, achieved a new record and sustained its strong growth momentum, with monthly deliveries exceeding 10,000 for three consecutive months since its official launch in late July 2025. With its industry-leading position in the large SUVs segment and extraordinary product competitiveness, the L90 is well-positioned to accelerate the transition of large three-row SUVs toward full electrification.

About NIO

NIO is a pioneer and a leading company in the global smart electric vehicle market. Founded in November 2014, NIO aspires to shape a sustainable and brighter future with the mission of "Blue Sky Coming". NIO envisions itself as a user enterprise where innovative technology meets experience excellence. NIO designs, develops, manufactures and sells smart electric vehicles, driving innovations in next-generation core technologies. NIO distinguishes itself through continuous technological breakthroughs and innovations, exceptional products and services, and a community for shared growth. NIO provides premium smart electric vehicles under the NIO brand, family-oriented smart electric vehicles through the ONVO brand, and small smart high-end electric cars with the FIREFLY brand.

*This announcement contains statements that may constitute "forward-looking" statements pursuant to the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "aims," "future," "intends," "plans," "believes," "estimates," "likely to" and similar statements. NIO may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission (the "**SEC**"), in its annual report to shareholders, in announcements, circulars or other publications made on the websites of each of The Stock Exchange of Hong Kong Limited (the "**SEHK**") and the Singapore Exchange Securities Trading Limited (the "**SGX-ST**"), in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about NIO's beliefs, plans and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: NIO's strategies; NIO's future business development, financial condition and results of operations; NIO's ability to develop and manufacture vehicles of sufficient quality and appeal to customers on schedule and on a large scale; its ability to ensure and expand manufacturing capacities including establishing and maintaining partnerships with third parties; its ability to provide convenient and comprehensive power solutions to its customers; the viability, growth potential and prospects of the battery swapping, BaaS, and NIO Assisted and Intelligent Driving and its subscription services; its ability to improve the technologies or develop alternative technologies in meeting evolving market demand and industry development; NIO's ability to satisfy the mandated safety standards relating to motor vehicles; its ability to secure supply of raw materials or other components used in its vehicles; its ability to secure sufficient reservations and sales of its vehicles; its ability to control costs associated with its operations; its ability to build its current and future brands; general economic and business conditions globally and in China and assumptions underlying or related to any of the foregoing. Further information regarding these and other risks is included in NIO's filings with the SEC and the announcements and filings on the websites of each of the SEHK and SGX-ST. All information provided in this announcement is as of the date of this announcement, and NIO does not undertake any obligation to update any forward-looking statement, except as required under applicable law.*

As of the date of this announcement, the board of directors of the Company comprises Mr. Bin Li as the chairman, Mr. Lihong Qin as the director, Mr. Eddy Georges Skaf and Mr. Nicholas Paul Collins as the non-executive directors, and Mr. Hai Wu, Mr. Denny Ting Bun Lee, Ms. Yu Long and Mr. Yonggang Wen as the independent directors.
