VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE

This is a voluntary announcement made by YSB Inc. (the "**Company**") to provide its Shareholders and potential investors with certain business updates of the Company and its subsidiaries and consolidated affiliated entities (the "**Group**"). Unless otherwise defined herein, capitalised terms used in this announcement shall have the same meanings as those defined in the annual report of the Company published on 25 April 2025 (the "**Annual Report**").

References are made to the Company's voluntary announcements on business update dated 14 May 2025 and 9 October 2025. The Board is pleased to announce that for the three months ended 30 September 2025, the Group's revenue increased by more than 15% year-on-year, which exceeded the year-on-year growth rate of the Group's revenue in the first half of 2025 compared with that in the first half of 2024. Following the changes in the total transaction amount for the third quarter of 2025 disclosed on 9 October 2025, the total transaction amount of the Group's Targeted Product Launch Business (inclusive of the Group's own brand business) in October 2025 increased by more than 120% year-on-year, among which the total transaction amount of the Group's own brand business during the same period increased by more than 350% year-on-year.

The Targeted Product Launch Business is an important strategy for the Group's "upward growth" plan, falling under high-margin businesses and thereby playing a significant role in boosting profitability. On the other hand, the Group strategically promoted the expansion of its own brand products, and is committed to launching its own brand products with high-quality and diverse categories that closely meet the market demand in order to meet the diversified needs of a wider range of downstream users and continuously drive the Company's business growth.

The information contained in this announcement is based solely on the Company's preliminary assessment of its business operations, with reference to the unaudited operational information of the Group for the three months ended 30 September 2024 and 30 September 2025 respectively, as well as for the one month ended 31 October 2024 and 31 October 2025 respectively, and is not based on the financial data or other information that has been audited or reviewed by the Company's independent auditor or the Audit Committee. As such, the relevant figures are strictly for information only and not for any other purposes.

Shareholders and potential investors are advised not to place undue reliance on the information disclosed herein and are advised to exercise caution when dealing in the securities of the Company. Any Shareholder or potential investor who is in doubt is advised to seek advice from professional advisers.
