VOLUNTARY ANNOUNCEMENT

UPDATES ON THE IMPACT OF THE UNITED STATES TARIFFS ON THE BUSINESS AND OPERATIONS OF THE GROUP

Reference is made to the announcement ("**August Announcement**") of Impro Precision Industries Limited (the "**Company**", together with its subsidiaries, the "**Group**") dated 18 August 2025 in respect of the impact of the US Additional Tariffs on the business and operations of the Group. Unless the context requires otherwise, capitalized terms in this announcement shall have the same meanings as those defined in the August Announcement. This is a voluntary announcement made by the Company.

The Board is pleased to announce that impact from Additional Tariffs is not as extensive as previously announced, due to factors, among others, the majority of the Group's US customers have agreed to absorb all or a significant portion of the recently imposed Additional Tariffs, and some product codes that were previously included in the New Tariff List have been confirmed to be exempted from Additional Tariffs because they do not contain steel or aluminum content.

The Company will continue to closely monitor developments and will take appropriate measures to mitigate the impact of Additional Tariffs on the Group's business and operations.

Shareholders and potential investors are advised to exercise caution when dealing in the Company's shares.
