VOLUNTARY ANNOUNCEMENT ENTERING INTO THE COOPERATION MEMORANDUM WITH LEADING ENTERPRISES IN PAKISTAN TO JOINTLY ADVANCE SMART CITIES AND INTELLIGENT SOLUTIONS

The board of directors (the "**Director(s)**") of Novautek Technologies Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") hereby make this announcement on a voluntary basis to provide shareholders and potential investors of the Company with the latest business update of the Group.

The Group is pleased to announce that on 4 September 2025, Jiangsu Novautek Autonomous Driving & Technologies Limited* (江蘇諾科達智駕科技有限公司) ("**Jiangsu Novautek**"), a subsidiary of the Group, entered into a cooperation memorandum with each of the Vision Group and Habib Rafiq Engineering (Pvt) Ltd. ("**HRL**"), both are leading enterprises in Pakistan, at the Second Pakistan-China B2B Investment Conference, so as to jointly advance the development of smart city projects and intelligent integrated solutions in Pakistan. The parties will leverage the Group's leading advantages in the research and development as well as application of artificial intelligence robots while combining the extensive experience of these two leading enterprises in fields including high-end real estates, infrastructure construction and diversifying investment, aiming to achieve leapfrog cooperation and development.

* *For identification purposes only*

REASONS FOR AND BENEFITS OF ENTERING INTO THE COOPERATION MEMORANDUM

This collaboration reflects the deep mutual trust and strategic synergy between China and Pakistan in the fields of technology and economy, it not only aligns with the key development direction of the second phase of China-Pakistan Economic Corridor, being Technology and Digital Construction, but also provides a broader cooperation platform and vast development opportunities. At the same time, this collaboration marks the further deepening of cooperation between China and Pakistan in the high-tech field, reflecting the common vision of both countries to promote the digital and intelligent transformation in Pakistan.

THE COOPERATION MEMORANDUM

The Group will provide comprehensive AI RaaS ("**Robotics As a Service**") technology to deliver one-stop intelligent solutions for the projects under the Vision Group, enhancing operational efficiency. By introducing advanced smart robotics and autonomous driving technologies, it will improve the efficiency of urban management in Pakistan. In addition, technical training and support for local service capacity will be provided for HRL to ensure the efficient implementation and sustainable operations of the smart city and other projects and jointly create a major project in China-Pakistan cooperation.

INFORMATION ON VISION GROUP

Vision Group, with over 25 years of distinguished operational history, is a leading diversified enterprise group. Leveraging its capabilities in integrating government and corporate resources alongside the synergistic effect across multiple sectors, it has become a significant participant in Pakistan's economy. Its businesses span multiple sectors including real estate, media, pharmaceuticals, education and hotel management, and it is committed to driving regional economic development through innovation and quality.

INFORMATION ON HRL

HRL is a leading integrated engineering enterprise in Pakistan with over seventy years of industry experience. It has become a benchmark enterprise in Pakistan's construction industry, with businesses covering the entire country and extending into international markets such as the Middle East and Africa. Its businesses span multiple sectors including infrastructure construction, green energy, special economic zone development and IT services, and it is committed to driving national development through innovation.
