VOLUNTARY ANNOUNCEMENT ON THE LATEST DEVELOPMENT OF SHORT DRAMA BUSINESS

This announcement is made by Smart Fish Wealthlink Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis, in order to keep the shareholders and potential investors of the Company informed of the latest development of the short drama business of the Group.

To diversify its business and enrich revenue streams, the Group strategically expands into the short drama industry, and actively collaborates on content production and industrial investment. The project has achieved rapid development and remarkable outcomes to date, with its overall progress being in line with expectations.

By relevant entrusting and systematically integrating high-quality content creation resources, professional production teams, and efficient promotion and distribution channels within the industry, the Group has successfully established a comprehensive business chain spanning content development, production to online release. This has enabled the large-scale output and market release of multiple short dramas.

In September 2025 alone, the Group has completed the planning and production of 9 short dramas. These works span popular market genres including era's legend, urban romance, ancient-costume female-centric narratives, and male-targeted innovative concepts, demonstrating rapid content response and production capabilities. Representative works include Back to the 80s: Taming My Uncouth Husband (《重回80，拿捏糙漢老公》), Reborn Stock Whiz: Turning My Dad into a Tycoon (《重生小股神，帶老爸成首富》), Hidden Between Day and Night (《晝夜私藏》), Stolen Spring Stardust (《偷藏一春星》), and Swallows Return to the Nest (《燕還巢》). Currently, the short dramas released in September have achieved notable success, with several productions such as Heads Up, Your Crown Falls (《別低頭，王冠會掉》) and Sunny April (《晴天四月》) performing exceptionally well, securing top three and top five positions on industry charts. These results demonstrate the strong competitiveness of the Group in quality content control and market-oriented operations.

The Group will firmly expand its investment in the short drama industry and will further consolidate its three core competencies of content innovation, technology application and releasing channels, with its focus on expanding the global short drama market, thereby enhancing the internationalization of its business.

The Board believes that the short drama industry, as a significant segment of digital content consumption, possesses sustained growth potential. This business expansion aligns with the Group's strategic direction of seeking new growth drivers and will also help optimise the Group's business structure and revenue source. The Group will closely monitor market dynamics, steadily advance the investment and operation of its short drama business, and strive to enhance shareholder value.

Shareholders and potential investors should note that the new business investment may be subject to risks such as intensified industry competition, changes in regulatory policies, and uncertainty in profitability. The Company will strictly comply with the Listing Rules and make further announcement(s) in a timely manner in respect of any material developments.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.

By order of the Board
