VOLUNTARY ANNOUNCEMENT
STRATEGIC COOPERATION AGREEMENT

This announcement is made by Deewin Tianxia Co., Ltd (the "**Company**") on a voluntary basis to keep the shareholders of the Company (the "**Shareholders**") and potential investors informed of the latest business development of the Company and its subsidiaries (the "**Group**").

STRATEGIC COOPERATION AGREEMENT

The board of directors (the "**Board**") of the Company is pleased to announced that, on 9 October 2025, the Company entered into a strategic cooperation agreement (the "**Strategic Cooperation Agreement**") with Eternal Tsingshan Group Limited ("**Eternal Tsingshan Group**") for cooperation related to digitalized and intelligent logistics in overseas industrial parks (the "**Strategic Cooperation**").

Pursuant to the Strategic Cooperation Agreement, both parties will deeply cooperate in the field of digitalized and intelligent transportation capacity management in industrial parks. The Group will provide efficient, safe and stable solutions for digitalized and intelligent transportation capacity service management of the Morowali Industrial Park (the "**IMIP Park**") located in Central Sulawesi Province, Indonesia, which is operated and managed by Eternal Tsingshan Group, for the purpose of reducing overall logistics costs and improving operational efficiency of the IMIP Park. Such solutions include but are not limited to "overall integration and scheduling and management of transportation capacity resources, comprehensive management of transportation services, collaborative management of warehousing and production, and information sharing and visualization management". Meanwhile, pursuant to the Strategic Cooperation Agreement, both parties will engage in in-depth collaboration in areas such as integrated transportation capacity management within the IMIP Park, intelligent logistics solutions, customized vehicles and aftermarket services. Furthermore, both parties will conduct in-depth cooperation in respect of overall construction of other newly established overseas parks, including but not limited to "overall infrastructure collaboration for new parks, coordinated development of smart parks, organization and management of transportation capacity, and the establishment of data centers and service systems", and will actively promote collaboration at the equity level.

The Group currently manages and operates China's largest heavy-duty truck Internet of Vehicles platform, with a total of approximately 1.2 million vehicles registered as at 30 June 2025. By leveraging its extensive experience and established solutions in the Internet of Vehicles area, the Group will provide efficient, safe and stable management solutions of digitalized and intelligent transportation capacity service for the industrial parks operated and managed by Eternal Tsingshan Group.

REASONS FOR AND BENEFITS OF STRATEGIC COOPERATION

The Directors consider that the strategic cooperation will be beneficial to the Group's overseas business expansion, bring new market opportunities to the Group, and is in line with the Group's long-term development objectives and business development strategy. Accordingly, the Directors consider that the strategic cooperation is in the interests of the Company and the Shareholders as a whole.
