VOLUNTARY ANNOUNCEMENT ENTERING INTO THE MOU WITH HTCL TO JOINTLY EXPAND THE ROBOTICS MARKET

The board of directors (the "**Director(s)**") of Novautek Technologies Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") hereby make this announcement on a voluntary basis to provide shareholders and potential investors of the Company with the latest business update of the Group.

The Group is pleased to announce that on 22 September 2025, Novautek Autonomous Driving Limited ("**Novautek Autonomous Driving**"), a subsidiary of the Group, entered into a Memorandum of Understanding (the "**MOU**") with Hutchison Telephone Company Limited ("**HTCL**"), pursuant to which both parties will conduct discussions and explore opportunities for collaboration on mobile connectivity robot products and solutions for education, humanoid robots and retail sectors in Hong Kong, to jointly explore emerging markets such as smart education, retail and humanoid robots.

REASONS FOR AND BENEFITS OF ENTERING INTO THE MOU

This collaboration, if materialized, will fully leverage strengths of Novautek Autonomous Driving in robotics technology and HTCL in 5G communications, further expanding the application of 5G technology in the robotics field to provide customers with smarter and more efficient solutions. By integrating Novautek Autonomous Driving's advanced intelligent robot products and solutions with HTCL's robust 5G network and cutting-edge information and communications technology in Hong Kong, the parties wish to jointly develop mobile connectivity robot solutions to accelerate construction of Hong Kong as a smart city. At the same time, this collaboration also reflects the long-term vision of both parties to empower intelligent transformation by leveraging communication technology.

THE MOU

This collaboration, if materialized, will maximize the core advantages of both parties, achieving synergies and leveraging the combination of technological advantages and market resources of both parties. As a business partner of HTCL in Hong Kong, Novautek Autonomous Driving will be responsible for the business expansion and project operation regarding its mobile robots solutions for education, humanoid robots and retail sectors in Hong Kong. As of the date of this announcement, Novautek Autonomous Driving and HTCL have not entered into any legally binding agreement in relation to the collaboration which is subject to further negotiations and the execution of formal agreements.

By order of the Board
Novautek Technologies Group Limited
