SUPPLEMENTAL ANNOUNCEMENT IN RELATION TO REVISION OF ANNUAL CAP AMOUNTS FOR CONTINUING CONNECTED TRANSACTIONS UNDER THE 2025 BUSINESS TRAVEL SERVICES FRAMEWORK AGREEMENT

Reference is made to the announcement of Inspur Digital Enterprise Technology Limited (the "**Company**", together with its subsidiaries, the "**Group**") of 31 August 2025 (the "**Announcement** ") in relation to the revision of annual cap amounts for the continuing connected transactions under the 2025 Business Travel Services Framework Agreement. Unless otherwise stated, capitalised terms used herein shall bear the same meanings as defined in the Announcement.

The Company would like to provide further information in relation to the aforesaid continuing connected transactions as follows:

For the 8 months ended 31 August 2025, the actual transaction amount in relation to the Business Travel Services was approximately RMB10,859,300, which was within the Existing Annual Caps.

As stated in the Announcement, pursuant to the Supplemental Agreement, the scope of the Business Travel Services will be extended from flight tickets related services to include hotel accommodation, car rental and reservation, support for foreign affairs activities and MICE (the "**Enlarged Scope of Services**"). According to the information of the Group, the aggregate historical transaction amounts of the Enlarged Scope of Services for the year ended 2022, 2023 and 2024 were approximately RMB111,840,000, RMB137,080,000 (representing 22.6% year-on-year increase) and RMB151,200,000 (representing 10.3% year-on-year

increase) respectively, which reflects the steady demand for Business Travel Services by the employees of the Group. For the 8 months ended 31 August 2025, the aggregate actual transaction amounts of the Enlarged Scope of Services were approximately RMB88,800,000.

A breakdown of the historical transaction amounts for (i) flight ticket related services and (ii) hotel accommodation, car rental and reservation, support for foreign affairs activities and MICE for the years ended 31 December 2023 and 2024 and for the 8 months ended 31 August 2025 are shown as follows:

Historical Amounts (RMB'000) (Approx.)	**Year ended 31 December 2023**	**Year ended 31 December 2024**	**8 months ended 31 August 2025**
Flight ticket related services	25,000	16,326	10,859
Hotel accommodation, car rental and reservation, support for foreign affairs activities and MICE	112,080	134,874	77,941
Total (Enlarged Scope of Services)	137,080	151,200	88,800

As stated in the Announcement, the increase in the demand for Business Travel Services is brought about by the increasing frequency of employee business travel, in line with the Group's business development strategies. From 2022 to 30 June 2025, the number of employees of the Group has increased by approximately 5.61%. Prior to enlarging the scope of services under the Business Travel Services, the Group was required to engage various third-party service providers for the hotel accommodation, car rental and reservation, support for foreign affairs activities and MICE incurred from employee business travel. After enlarging the scope of services under the Business Travel Services, Inspur Smart Travel will be able to provide the Business Travel Services at a competitive price, and its smart management platform will enhance operational efficiency, and allow the management of the Company to make business travel decisions more accurately, improving budget control.

According to the projection of the Group, based on the estimated travel needs and the expected reduced costs in future hotel accommodation, car rental and reservation, support for foreign affairs activities and MICE, the estimated transaction amounts of the Business Travel Services will be approximately below RMB150,000,000 for the 3 years ending 31 December 2025, 2026 and 2027. Therefore, the Board considered that the Revised Annual Caps are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

By order of the Board
