VOLUNTARY ANNOUNCEMENT
MEMORANDUM OF UNDERSTANDING
IN RELATION TO
AI COMIC-DRAMA CO-OPERATIVE DEVELOPMENT

This announcement is made by Imperium Technology Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis for the purpose of keeping potential investors and shareholders of the Company (the "**Shareholders**") informed of the latest business development of the Group.

As a result of and leveraging on the improvement of the underlying computing capability of the AI market and the large-scale technical iteration of AI videos, there has been a rapid growth in the application scenarios of AI-generated comic-drama and the overall market scale of the comic-drama industry. Aside from being able to rival the quality of CG effects of digital films in the past, AI-generated comic-dramas also exponentially enhance the production efficiency and significantly reduce production costs. It is expected that AI-generated comic-dramas will create a market worth hundreds of billions and become the driver for the development of AI infrastructure, thereby forming a positive spiral uptrend and reshaping the landscape of IP industry.

The Group has been focused on gaming, esports as well as computing and data storage businesses. On 31 October 2025, the Company entered into a memorandum of understanding (the "**MOU**") with Guanghe Xingyun (Shenzhen) Culture Media Co., Ltd.* (光合星雲(深圳)文化傳媒有限公司) ("**Guanghe Xingyun**"), a company established in the People's Republic of China.

Pursuant to the MOU, the parties agreed to collaborate to develop a series of AI comic-dramas based on the stories of the team of the NOVA Esports Club owned by the Group and the players thereof as an exclusive IP, which is expected to cover themes such as the players' career highlights, team struggles, personal growth stories and the spirit of esports culture. This collaboration aims to leverage on the parties' respective resources to present the spirit of IP esports in the form of AI comic-dramas by combining human creativity with the technologies of AI generation, thereby promoting the brand of NOVA Esports Club and enhancing growth drivers for the Group's business by way of AI+IP.

INFORMATION ABOUT GUANGHE XINGYUN

Guanghe Xingyun is a pioneer and leader in the field of AI-produced film and television drama content domestically. Since 2021, it has been at the forefront of deploying AI for film and television content production and has now become a core supplier of AI content for mainstream platforms such as SharkTV, Tencent Video, and Douyin. Guanghe Xingyun's self-developed AI production pipeline for film and television dramas is its competitive advantage, spanning creative stages including plot conception, character development, and scene construction, significantly enhancing creative efficiency and quality. Guided by innovation, Guanghe Xingyun has become an industry leader in the field of AIGC creation.

INFORMATION ABOUT THE COMPANY

The Company is an investment holding company and Group is principally engaged in (i) marketing and operation of mobile games and computer games and sale of non-fungible tokens (NFTs) and other digital tokens; (ii) provision of cloud computing and data storage solutions to customers; and (iii) participating in esports competitions, streaming and marketing events and merchandise sales exports.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
