VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE

Reference is made to the announcements of Yee Hop Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") dated 16 September 2025 (the "**Announcement**") and 14 October 2025 in relation to the subscription by YH Inv Holdings Limited, a wholly-owned subsidiary of the Company, for the shares of Trio AI Limited ("**Trio AI**"). This announcement is made by the Company on a voluntary basis to update the shareholders and potential investors of the Company on the latest business developments of Trio AI.

Following the completion of the subscription of shares in Trio AI as announced on 14 October 2025, Trio AI has become a non-wholly owned subsidiary of the Group. As disclosed in the Announcement, Trio AI is an artificial intelligence ("**AI**") infrastructure service provider specializing in high-performance GPU accelerated cloud computing solutions in Hong Kong.

Over the course of its business development, Trio AI has established a growing customer base, which, as at the date of this announcement, included a number of well-known new customers such as Sensetime/ Publishing 3.0+, Code Free Soft Ltd, Centre for Intelligent Multidimensional Data Analysis Limited, Aimo AI, Build4Smart Limited and others. These new customers operate across diverse industries, such as AI software provider, AI research, digital enterprise solutions, smart construction technologies and electronics manufacturing services. They engaged Trio AI primarily for services such as GPU-as-a-Service.

The Directors consider that Trio AI's engagements with the aforementioned customers strengthen its foundation for generating recurring revenue through increased utilisation of GPU computing resources and represent a notable milestone in establishing the Group's new revenue stream from AI computing solutions business. These engagements also demonstrate the growing market recognition of Trio AI's GPU-accelerated cloud computing platform and AI infrastructure capabilities. With the rising demand for advanced AI technologies across various industries, the Group believes that Trio AI is well-positioned to leverage these opportunities to drive growth and innovation.

Looking ahead, the Group will continue to leverage on the expertise of Trio AI on expanding its service offerings and enhancing its technological capabilities to meet the increasing demand for and the evolving needs of high-performance computing and AI-driven solutions. The Group remains committed to creating value for its shareholders and stakeholders through strategic initiatives and robust execution.

The Group will continue to keep its shareholders and potential investors updated on Trio AI's progress and other relevant developments within the Group as and when appropriate.
