POSITIVE PROFIT ALERT

This announcement is made by Bauhaus International (Holdings) Limited (the "**Company**", and together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571, the Laws of Hong Kong).

The board of directors of the Company (the "**Board**") wishes to inform the shareholders of the Company and potential investors that, based on the preliminary assessment by the Board with reference to the unaudited consolidated management accounts of the Group and the information currently available to the Board, the Group is expected to record a **net loss of approximately HK$1.0 million to approximately HK$3.0 million for the six months ended 30 September 2026** (2025: approximately HK$6.7 million).

The improvement in the Group's results was mainly attributable to the Group's continued cautious management of operating expenses, which resulted in a decrease in core operating expenses, in particular lease expenses (including depreciation of right-of-use assets, lease payments for short term leases and interest on lease liabilities) and staff cost. The decrease in lease expenses was mainly attributable to the Group's cautious management of lease negotiation processes, which secured more favourable lease terms to the Group, while the decrease in staff cost reflected the Group's optimised and disciplined approach to workforce deployment and its proactive utilisation of available government support schemes to manage employment-related costs.

The Group also recorded an increase in turnover to approximately HK$75.6 million (2025: approximately HK$74.6 million) and an improvement in gross margin to approximately 71.4% (2025: approximately 70.4%), mainly as a result of the Group's continued pricing discipline and inventory management, notwithstanding the still-challenging mid-market fashion retail environment in Hong Kong and Macau during the period.

The Company is still in the process of finalising the interim results of the Group for the six months ended 30 September 2026. The information contained in this announcement is only based on the preliminary assessment by the Board with reference to the unaudited consolidated management accounts of the Group and the information currently available to the Board, which have not been reviewed or audited by the Company's auditors. The Group's interim results for the six months ended 30 September 2026 will be published on or before 27 November 2026.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.
