VOLUNTARY ANNOUNCEMENT
SUCCESSFUL COMMISSIONING OF
XINJIANG ZHUNDONG PROJECT (PHASE I)

The board of directors (the "**Board**") of China XLX Fertiliser Ltd. (the "**Company**") is pleased to announce that, Phase I of Xinjiang Xinlianxin Chemical Industry Co., Ltd.* (新疆心連心化學工業有限公司), a subsidiary of the Company (the "**Zhundong Base**"), comprising high-efficiency fertilizer facilities, has been successfully put into operation.

The Zhundong Base is located in the Zhundong Economic and Technological Development Zone, Changji Prefecture, Xinjiang. With abundant coal and power resources, raw material costs here are significantly lower than those in inland regions of China. By releasing low-cost production capacity, it has formed industry-leading cost control capability; meanwhile, railway transportation provides direct access to the Hexi Corridor and the central and eastern regions of China, and facilitates the expansion into the Central Asian and European markets, giving it outstanding overall cost advantages and market competitiveness.

The successful commissioning of the Zhundong Project further improves the Group's strategic layout in Northwest China. The project will give full play to the resource and location advantages of the Zhundong Base, continue to contribute incremental cash flow, and inject new momentum into the Group's high-quality and sustainable development, enhancing the Company's competitiveness and brand influence.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.

By Order of the Board
China XLX Fertiliser Ltd.
Liu Xingxu
