金利通科技(控股)有限公司

(Incorporated in the Cayman Islands with limited liability) (Stock Code: 8256)

#### ANNOUNCEMENT FOR THE AUDITED RESULTS FOR THE YEAR ENDED 31 MAY 2013

#### CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a high investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly, disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### **1** CORPORATE INFORMATION

The Company was incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Law of the Cayman Islands. The Company's shares have been listed on the Growth Enterprise Market ("GEM") of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

The Company is an investment holding company and its subsidiaries (together, the "Group") are principally engaged in research and development of telecommunication applications and value-added service software and provision of related services, trading of telecommunication equipment, provision of long distance call services and online recruitment services in Hong Kong. There were no significant changes in the nature of the Group's principal activities during the year.

The consolidated financial statements are presented in thousands of units of Hong Kong dollars (HK\$'000), unless otherwise stated. The consolidated financial statements have been approved for issue by the board (the "Board") of directors (the "Directors") of the Company on 16 August 2013.

#### 2 BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### 2.1 Basis of preparation and principal accounting policies

- (a) The consolidated financial statements have been prepared on a going concern basis, the Group had incurred a loss attributable to shareholders of approximately HK\$14.01 million for the year ended 31 May 2013 and had net current liabilities of approximately HK\$3.85 million as at 31 May 2013. These conditions indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern. In preparing the consolidated financial statements, the Directors have carefully reviewed the Group's cash position as at the end of the reporting period and the cash flow forecast for the next twelve months. In reviewing the Group's cash flows, the Directors have considered the following factors:
  - A major and controlling shareholder confirms that fund, if required, will be made available to the Company either through shareholder's loans or the exercise of warrants and option to subscribe convertible bonds, to meet the present and future cashflow requirement from operation and settlement of its outstanding obligations
  - Continuous development and improvement of the Group's products and services and future cash flows to be generated from new revenue source and new businesses
  - Continuous effort to control cost of the Group

The Directors believe that the Group is able to meet its financial obligations in full as and when they fall due and consider that the preparation of consolidated financial statements on going concern basis is appropriate.

(b) The consolidated financial statements of the Group have been prepared under the historical cost convention and in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

The preparation of the consolidated financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the progress of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, will be disclosed in the Annual Report.

#### (i) Standards, amendment and interpretations effective in 2012

In the current year, the Group has applied the following amendments and interpretations ("new HKFRSs") issued by the HKICPA which are or have become effective.

HKAS 12 (Amendments)	Deferred Tax: Recovery of Underlying Assets

	First-time Adopters
HKFRS 7 (Amendments)	Disclosures - Transfers of Financial Assets

The application of these new HKFRSs in the current year has had no material effect on the amounts reported in these consolidated financial statements and/or disclosures set out in those consolidated financial statements.

The above standards, amendments and interpretations to existing standards have been published and are mandatory for the Group's accounting periods beginning on or after 1 July 2012 or later periods. The Group has started considering their potential impact. Based on the preliminary assessment, the Group believes that the adoption of these standards, amendments and interpretations to existing standards, if applicable, will not result in substantial changes to the Group's accounting policies. The Group has not early adopted these standards and interpretations to existing standards, if applicable, in the consolidated financial statements for the year ended 31 May 2013.

#### **10 LITIGATIONS**

As at the date of this announcement, the Group has been involved in the following litigations:

- (a) On 16 December 2004, a writ was issued by a telecommunication service provider (the "Plaintiff") against two wholly owned subsidiaries of the Group and a director of the Company (the "Director") for outstanding and disputed invoices and claimed that the subsidiaries and the Director have no right to defence. On 20 July 2005, the High Court ruled that the subsidiaries and the Director had right to defence and refused to grant order to the Plaintiff. The Plaintiff failed to comply with the Court's direction that the case be set down for trial in August 2006 and up to the date of this announcement, the Plaintiff has failed to submit further evidence to substantiate the claim. The Directors of the Company, having taken into consideration the advice from the Group's legal advisor, are of the opinion that the ultimate liability under these proceedings would not have significant impact on the financial position of the Group.
- (b) The Group has other outstanding litigation in respect of liabilities arising from the normal course of its business of approximately HK\$281,000 (2012: HK\$281,000). The amounts of the liabilities are adequately recorded as account payables as at 31 May 2013 and 2012 respectively. The Directors of the Company are of the opinion that the ultimate liability under these proceedings, if any, would not have any significant impact on the financial position of the Group.

Apart from the actions against the Group disclosed above, there were no other material outstanding writs and litigations against the Group and/or the Company.

#### **INDEPENDENT AUDITOR'S REPORT**

The followings are extracted from the Independent Auditor's Report:

#### **OPINION**

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 May 2013, and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### **EMPHASIS OF MATTERS**

Without qualifying our opinion, we draw attention to Note 2.1(a) in the consolidated financial statements which indicates that the Group incurred a total comprehensive loss of approximately HK\$14,117,000 during the year ended 31 May 2013 and as of that date, the Group's current liabilities exceeded its current assets by approximately HK\$3,846,000. These conditions, along with other matters as set out in Note 2.1(a), indicate the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern.

#### FINANCIAL REVIEW

#### **Results for the year**

The Group recorded a total turnover of approximately HK\$1.76 million for the year ended 31 May 2013, a decrease of 8.33% from approximately HK\$1.92 million for the year ended 31 May 2012. The decrease was attributable to the decrease in calling card sales, SIP service revenue and carrier sales. The gross profit margin increased from 27.92% for last year to 42.14% for this year. The increase in overall gross profit margin was mainly attributable to the increase on turnover of headhunting business which has higher profit margin.

The Group recorded a consolidated loss attributable to shareholders of approximately HK\$14.01 million, as compared with the comparative amount of loss of approximately HK\$3.91 million attained in the previous year. The increase of the loss for the year was mainly because a gain on disposal of shares of a subsidiary was recorded in last year, while no such other income was noted in current year.

The administrative expenses were slightly decreased by 9.00% from approximately HK\$17.11 million of last year to approximately HK\$15.57 million for this year.

#### Liquidity and Financing

For the year ended 31 May 2013, the Group incurred a loss of approximately HK\$14.12 million and the net cash outflow from operations was approximately HK\$18.53 million. The outflow was mainly attributable to operating loss before changes in working capital of approximately HK\$13.04 million and decrease in payables of approximately HK\$5.55 million. With the cash inflow from issuance of convertible bonds of approximately HK\$12.50 million, net with the decrease of amount due to a director of approximately HK\$0.79 million and the increase of acquisition of intangible assets of approximately HK\$1.39 million, the net cash and cash equivalents of the Group was decreased by approximately HK\$8.62 million.

As at 31 May 2013, the Group had a cash and cash equivalent balance of approximately HK\$2.62 million. The gearing ratio, defined as total bank and finance lease borrowings divided by the shareholders' fund as at 31 May 2013 was not applicable as there was negative shareholders' fund (2012: not applicable). The Group had net current liabilities of approximately HK\$3.85 million as at 31 May 2013 as compared with approximately HK\$1.95 million as at 31 May 2012.

Most of the transactions of the Group are denominated in US Dollars and HK Dollars. As the exchange rate of US Dollar against HK dollars is fairly stable, the Board is of the view that the exposure to foreign currency exchange risk is limited. Hence, no other arrangements to reduce the currency risk have been implemented.

#### **BUSINESS REVIEW**

The new features and enhancements developed for the search engine within www.gbjobs.com have been utilised in our daily business which has generated revenue during the year. This resulted in repeated orders from headhunting business and growth of our customer base. The Group has also expanded the sales team in Hong Kong in order to capture the business opportunities.

As keen competition was noted for social networking platforms on Smartphones, the Group has been making efforts to integrate the job search engine on its recruitment website into the existing mobile applications "INATALK" for iPhone and Android, which enabled the jobs seekers to match with the job vacancies posted by employers automatically and receive instant notifications via "INATALK".

In addition to the above, the recruitment vehicle launched by the Group in February 2013 was a great success, it has served our customers with mobility and efficiency. Together with the online recruitment website, this offline recruitment office further enhanced the recruitment business with access to various sources of resumes.

#### **BUSINESS OUTLOOK**

The Group believes the market trend for new Applications for all Smartphones is growing worldwide. The integration of the Internet services with mobile Applications "INATALK" will become an essential part of our recruitment business. During the past couple months, growth of customer base, resumes and revenue of headhunting business were noted, which in return attracted more employers to advertise on our recruitment websites and boost the advertising income. In order to support the increase in sales activities, the Group will launch a promotion programme in Hong Kong with other marketing strategies so as to cope with the business development.

#### **EMPLOYEE INFORMATION**

At 31 May 2013, the Group employed a total of 31 (2012: 35) employees including Directors. The salaries and benefits of the Group's employees are kept at a competitive level.
