This announcement is made by Kingdom Holdings Limited (the “**Company**”, together with its subsidiaries shall be referred to as the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (“**Listing Rules**”).

After preliminary review by the Company’s management based on the management accounts of the Company and its subsidiaries, the board of directors (the “**Board**”) of the Company wishes to inform the shareholders of the Company and the investors that the unaudited interim results of the Group for the six months ended 30 June 2008 may experience a loss as compared with that for the same period for the previous year due to a number of adverse factors. The main contributing factors are increased prices of imported raw material coupled with moderate increases in labour, transportation and other production costs which have affected margins. Weakening demand for linen as a result of turbulence and slower growth in the global economy and the appreciation of the RMB against the U.S. dollar have also adversely affected the Group’s export sales revenues.

As the financial statements for the period ended 30 June 2008 have not been completed, therefore the Company's interim results are not yet available. Further information in relation to the Company's current trading and outlook will be disclosed when the Company releases its interim report.

Potential investors and shareholders of the Company should exercise caution when dealing in shares of the Company.
