POSITIVE PROFIT ALERT AND INFORMATION ON CONSOLIDATED GROSS POWER GENERATION

This announcement is made by Beijing Jingneng Clean Energy Co., Limited (the “**Company**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The Company is pleased to announce that, based on the preliminary estimate by the Company, the profit and total comprehensive income attributable to equity owners of the Company to be reported in accordance with the International Financial Reporting Standards for the six months ended 30 June 2013 is expected to increase by more than 35% compared to the profit and total comprehensive income attributable to equity owners of the Company for the six months ended 30 June 2012 as reported by the Company on 13 September 2012 which amounted to approximately RMB423.52 million.

The Company is of the view that the expected increase in the profit and total comprehensive income attributable to equity owners of the Company is mainly due to: (i) the power generation contribution made by Jingqiao Power Plant which officially commenced commercial production this year with gradually increasing gas-fired power and heat energy generation capacity; (ii) less grid curtailment for our wind power generation; and (iii) the increase in the operating and installed capacity of our photovoltaic power generation segment.

The Group's consolidated gross power generation by power generation categories for the six months ended 30 June 2013 and 2012 are as follows:
