#### 22. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following disclosures of fair value measurements use a fair value hierarchy that categories into three levels the inputs to valuation techniques used to measure fair value:

Level 1 inputs: quoted prices (unadjusted) in active markets for identical assets or liabilities that the

Group can access at the measurement date.

Level 2 inputs: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs: unobservable inputs for the asset or liability.

The Group's policy is to recognise transfers into and transfers out of any of the three levels as of the date of the event or change in circumstances that caused the transfer.

# 22. FAIR VALUE MEASUREMENTS (continued)

(c) Disclosure of valuation process used by the Group and valuation techniques and inputs used in fair value measurements:

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. The Directors determine the appropriate valuation techniques and inputs for fair value measurements.

In estimating the fair value of an asset or a liability, the Group uses market-observable data to the extent it is available. Where level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation. The Directors work closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model and to understand the cause of fluctuations in the fair value of the assets and liabilities.

## MANAGEMENT DISCUSSION AND ANALYSIS

#### **OPERATING RESULTS**

The Group's revenue for the six months ended 30 September 2021 amounted to approximately HK\$135,390,000 (30 September 2020: HK\$121,967,000) represented a 11.0% increase as compared to the corresponding period in 2020. The loss of the owners of the Group for the six months ended 30 September 2021 was approximately HK\$5,189,000 (30 September 2020: profit of approximately HK\$15,961,000). Cleaning and related services business made a profit of approximately HK\$1,985,000, the advertising media business made a loss of approximately HK\$1,766,000, and the waste treatment business made a loss of approximately HK\$809,000.

Revenue increased by 11.0% mainly because revenue for the previous period was significantly reduced due to the fact that one of the Group's major clients, which is in the aviation related business, had its business substantially curtailed due to restriction in international travel and therefore resulted in significant decrease in demand for services from our Group, whereas in the current period, the Group was successful in obtaining new businesses for the provision of cleaning and pest control services for one of the major air-cargo suppliers located in Lantau Island and a residential estate also located in Lantau Island.

Other operating expenses, which amounted to approximately HK\$45,420,000 (30 September 2020: HK\$38,407,000), represented a period-to-period 18.3% increase. Such expenses mainly included the costs of services rendered under cleaning and related services business, which accounted for 95.3% of other operating expenses in the current period. The increase in cost of services rendered was in line with the increase in revenue.

# **FINANCIAL REVIEW**

As at 30 September 2021, the Group's cash and cash equivalents and pledged time deposits were approximately HK\$94,171,000 (31 March 2021: HK\$96,026,000) and its current ratio was 2.4 (31 March 2021: 2.8).

The Group's net assets as at 30 September 2021 were approximately HK\$130,259,000 (31 March 2021: HK\$135,330,000).

As at 30 September 2021, the Group did not have any bank borrowings but the Group had lease liabilities and loans from directors of approximately HK\$11,145,000 and HK\$9,620,000 respectively (31 March 2021: HK\$4,479,000 and HK\$6,369,000). The Group's shareholders' equity amounted to approximately HK\$130,156,000 as at 30 September 2021 (31 March 2021: HK\$135,049,000).

The Group takes a prudent approach to cash management and risk control. Its revenues, expenses and capital expenditures in relation to cleaning and related services business are transacted in Hong Kong dollars, whereas those of the advertising media and waste treatment businesses are transacted in Renminbi ("RMB"). The Group's cash and bank balances are primarily denominated in HK\$, RMB and United States dollars.

As at 30 September 2021, the Group's banking facilities were secured by the pledge of certain of the Group's time deposits amounting to approximately HK\$2,074,000 (31 March 2021: HK\$2,073,000), and a property of a related company which is controlled by a director of the Company.

#### **BUSINESS REVIEW**

The Group is principally engaged in three business segments: (i) advertising media business; (ii) cleaning and related services business; and (iii) waste treatment business. During the six months ended 30 September 2021, the impact brought by COVID-19 remains severe, the Group's business was inevitably being affected to a certain extent.

## Advertising Media Business

Due to COVID-19 outbreak, the Group's advertising media business had ceased since the second quarter of 2020 to minimise the loss brought by tightened public health measures and sanitation controls. The management will continue to streamline the operation and to adopt stringent cost control measures so as to strengthen the competitiveness of the business.

#### Cleaning and Related Services Business

The cleaning and related services business continued to face various challenges, such as labour shortage, during the reporting period. However, our appetite to grow the business remains intact. We succeeded in securing a two-year contract for the provision of cleaning and pest control services for one of the major air cargo suppliers in Lantau Island. This contract signified our strength in the flexibility of manpower deployment and high degree of adherence to the customer's stringent safety requirements.

We have also secured a three-year contract for the provision of overnight cleaning services to kitchens and pantries for one of Hong Kong's most established clubs in Happy Valley. Our success in obtaining this contract will no doubt bolster our future roadmap in obtaining more such cleaning contracts in the catering industry in the future.

A three-year cleaning contract for a top-notch commercial building in Central has been renewed amid severe competition. We will also be providing pest control service for the first time under the new contract.

In respect of providing cleaning and related services to residential buildings, we have succeeded in securing a two-year contract for a luxurious residential property in North Point and renewing a two-year contract for a prestigious residential estate in South Island.

While Hong Kong and indeed the world continue to be affected by the social and economic effects of the pandemic, we gained ground in attracting some COVID-19 related business, including providing disinfection services to commercial, residential and retail properties. Clients were eager to maintain opening their businesses in a safe environment amidst the adverse impact of the pandemic. Consequently, we are highly sought after to provide them with skilled labour and efficient cleaning and disinfection work.

The freezing of the Statutory Minimum Wage, a first since its implementation in 2011, announced by the HKSAR Government in February 2021, did shoulder some burdens from the industry. We see signs that Hong Kong's economy is recovering as business environment gradually becomes more favourable and that it will maintain its momentum. We are confident that business will soon be getting back to normal in the latter part of 2021 and beyond.

## Waste Treatment Business

The Group is continuing to look for suitable options in respect of this investment.

#### **PROSPECTS**

# Advertising Media Business

The global pandemic remains uncertain and brought a negative impact on overall market sentiment. The resumption of the advertising media business segment is temporarily unforeseeable. While adapting to the pandemic and identifying new opportunities ahead, the Group will continue to implement its business plan in a prudent manner as and when appropriate.

## Cleaning and Related Services Business

The pandemic has a notable impact on everyone and our business is of no exception. While the demand for cleaning services has witnessed an unusual surge, on the other hand, expenses such as provision of equipment, sanitizers and application apparatuses increased significantly in the past year. This led to a slimming of our profit margin in some of our cleaning contracts.

While the requirement for cleaning and related services will continue to be needed across all sectors, customers are also price conscious. As a result, we need to work hard on our pricing strategies when tendering for such business. Labour shortage is another headache for the cleaning industry because the supply of labour in the labour market is squeezed as the catering industry starts to recover after a period of stillness in business. Our Group will ensure that our customers continue to receive our most attentive and highest quality of service.

#### **Business Prospect and Looking Forward**

There is still a high degree of uncertainty about the pandemic, and the outlook for the global economic recovery is still slow. Looking forward, the management will continue to closely monitor the development of COVID-19 and will take all necessary and appropriate measures to reduce the impact of COVID-19 to the Group. The management will continue to stay cautious to economic changes and fine tune the Group's development and operation strategies. At the same time, the management will continue seizing business opportunities in a prudent but proactive manner aiming to create value for the shareholders of the Group.

# **INTERIM DIVIDEND**

HK\$7,079,000 (31 March 2021: HK\$1,997,000) has been withdrawn before the date of this report.
- (b) During the ordinary course of its business, the Group may from time to time be involved in litigation concerning personal injuries sustained by its employees or third party claimants. # **CORPORATE GOVERNANCE PRACTICES**

The Board recognises the vital importance of a good corporate governance to the Group's management, success and sustainability. Corporate governance practices would be reviewed from time to time to ensure compliance with the regulatory requirements and to meet the rising expectations of Shareholders and investors relating to corporate value, transparency and accountability of all its operations.

The Company strived to maintain a high standard of corporate governance and complied with the Corporate Governance Code (the "CG Code") as stated in Appendix 14 of the Listing Rules.

During the six months ended 30 September 2021, the Directors consider that the Company has complied with the code provisions set out in the CG Code throughout the reporting period, save for the deviation as set out below:

CG Code provision A.5.1 stipulated that the company should establish a nomination committee which is chaired by the chairman of the board or an independent non-executive director and comprises a majority of independent non-executive directors. Mr. Tsui, an executive Director, is the chairman of the nomination committee of the Company (the "Nomination Committee"). Following the resignation of Mr. Tsang Chi Hon, a former independent non-executive Director who resigned on 15 July 2021, as a member of the Nomination Committee and Mr. Wong Hon Kit ("Mr. Wong"), a former independent non-executive Director who resigned on 31 August 2021, as a member of the Nomination Committee, the composition of the Nomination Committee was not in compliance with the code provision A.5.1 of the CG Code. The aforesaid deviation from CG Code provision A.5.1 is rectified on 1 November 2021 upon the appointment of Mr. Tsui as the co-chairman of the Board and Mr. Leung Nga Tat ("Mr. Leung") as an independent non-executive Director and a member of the Nomination Committee respectively.

Save as those mentioned above and in the opinion of the Directors, the Company has met all the relevant code provisions set out in the CG Code throughout the six months ended 30 September 2021.

# NON-COMPLIANCE WITH RULES 3.10(1) AND 3.21 OF THE LISTING RULES

Following the resignation of Mr. Wong as an independent non-executive Director on 31 August 2021, the Company only had two independent non-executive Directors, thus the number of the independent non-executive Directors fell below the minimum number required under Rule 3.10[1] of the Listing Rules. As a result of the insufficient number of independent non-executive Directors, the Company had also failed to comply with the requirements set out in Rule 3.21 of the Listing Rules with regard to the minimum number of members and the composition of the audit committee. Following the appointment of Mr. Leung as an independent non-executive Director on 1 November 2021, the number of independent non-executive Directors had satisfied the minimum number required under Rule 3.10[1] of the Listing Rules. The Company also met the requirements set out in Rules 3.21 of the Listing Rules with regard to the composition of the audit committee.

Save as those mentioned above and in the opinion of the Directors, the Company has met all the relevant code provisions set out in the CG Code throughout the six months ended 30 September 2021.

# MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted its own code of conduct governing Directors' dealings in the Company's securities (the "Code") on terms no less exacting than the Model Code as set out in Appendix 10 to the Listing Rules as its code of conduct regarding securities transactions by the Directors. Specific enquiry has been made to all Directors and all of them have confirmed that they have complied with the Code and the Model Code throughout the six months ended 30 September 2021.

The Company has also established written guidelines on terms no less exacting than the Model Code (the "Employees Written Guidelines") for governing the securities transactions by employees who are likely to be in possession of unpublished price-sensitive information of the Company or its securities. No incident of non-compliance of the Employees Written Guidelines by the employees was noted by the Company.

#### **AUDIT COMMITTEE**

The Audit Committee comprises three independent non-executive Directors, namely Mr. Wang Qi, Mr. Yau Pak Yue (chairman) and Mr. Leung Nga Tat, and is responsible for reviewing the Group's financial information and overseeing the Group's financial reporting system and internal control procedures. The Audit Committee is also responsible for reviewing the interim and final results of the Group prior to recommending them to the Board for approval. In performing its duties, it has unrestricted access to personnel, records, and external auditors and senior management.

The unaudited condensed consolidated interim financial statements for the six months ended 30 September 2021 have been reviewed by the Audit Committee, which was of the opinion that such financial statements complied with the applicable accounting standards and that adequate disclosures have been made.
