### PUBLIC FLOAT AND FREE FLOAT

#### Public Float

Following the conversion of Unlisted Shares into H Shares and upon completion of the [REDACTED] (assuming that the [REDACTED] is not exercised), the following Shares will not be counted towards the public float:

- (a) a total of 426,688,465 Shares held by Mr. Wei, Lehui Ruisheng, Yuehui Xinghong, Yuehui Xinghong I, Runde Zhiying II, Zhenlecheng and Zhenlecheng XII, being our Controlling Shareholders, representing [REDACTED]% of our total issued share capital;
- (b) a total of 1,166,065 Shares held by Ms. He Xiaomei, being the spouse of Mr. Wei and our core connected person, representing [REDACTED]% of our total issued share capital; and
- (c) a total of [REDACTED] Unlisted Shares held by other Shareholders, representing [REDACTED]% of our total issued Shares.

To the best knowledge of our Directors, upon completion of the [REDACTED] and the conversion of Unlisted Shares into H Shares, [REDACTED] H Shares are expected to be held by our existing Shareholders who are not our core connected persons, which will be counted towards the public float.

Based on the above, it is expected that immediately following completion of the [REDACTED] (assuming that the [REDACTED] is not exercised), the total number of H Shares held by the public represents approximately [REDACTED]% of our total issued share capital upon [REDACTED]. If the [REDACTED] is fixed at HK\$[REDACTED], HK\$[REDACTED] or HK\$[REDACTED] per [REDACTED] (being the low end, mid-point and the high-end of the indicative [REDACTED] range, respectively), the expected market capitalization of the Company upon completion of the [REDACTED] (assuming that the [REDACTED] is not exercised) would be approximately HK\$[REDACTED], HK\$[REDACTED] and HK\$[REDACTED], and the minimum prescribed public float percentage as required under Rule 19A.13A of the Listing Rules would be [REDACTED]%, [REDACTED]% or [REDACTED]%, respectively. Therefore, our Company will be able to meet the minimum public float requirements under Rules 19A.13A of the Listing Rules.

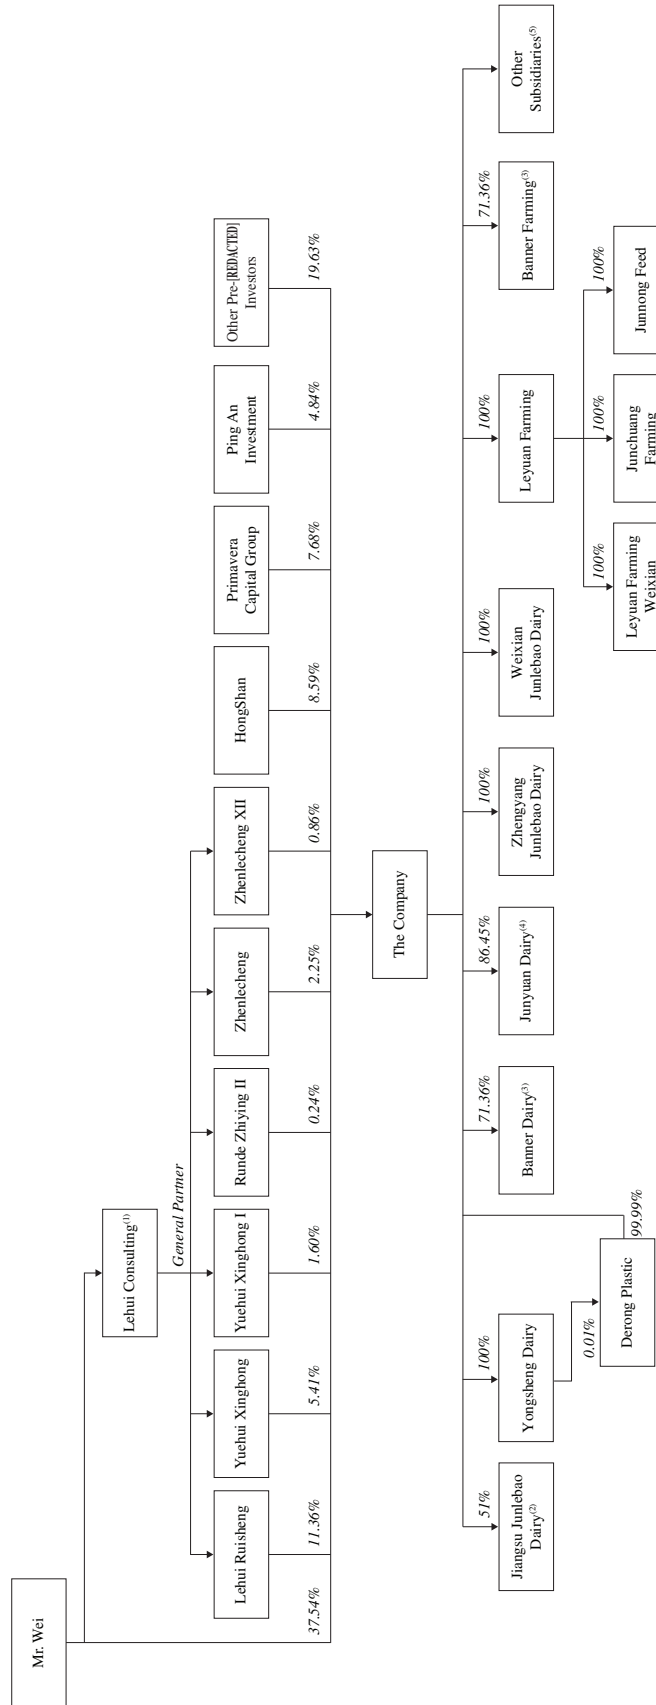

#### Free Float

Under Rule 8.08A of the Listing Rules, the Company must ensure that a portion of the total number of its issued shares [REDACTED] on the Stock Exchange with a market capitalization of at least HK\$[REDACTED] are not subject to any disposal restrictions (whether under contract, the Listing Rules, applicable laws or otherwise) at the time of [REDACTED]. Our Company will be able to meet the minimum free float requirement under Rule 19A.13C of the Listing Rules based on the market capitalization of the Shares [REDACTED] on the Stock Exchange that are not subject to any disposal restrictions at the time of [REDACTED].
