

FORWARD-LOOKING STATEMENTS

We have included in this document forward-looking statements. Statements that are not historical facts, including statements about our intentions, beliefs, expectations or predictions for the future, are forward-looking statements.

We have included in this document forward-looking statements that are not historical facts but relate to our intentions, beliefs, expectations or predictions for future events and conditions which may not occur. Even though these statements have been made by our Directors after due and careful consideration and on bases and assumptions that we believe are fair and reasonable at the time, they nevertheless involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Some of the risks are listed in the section entitled “Risk Factors” and elsewhere in this document. In some cases, you can identify these forward-looking statements by words such as “aim,” “anticipate,” “believe,” “continue,” “could,” “expect,” “intend,” “may,” “might,” “plan,” “potential,” “predict,” “project,” “propose,” “seek,” “should,” “will,” “would” or similar expressions, or their negatives. These forward-looking statements include, without limitation, statements relating to:

- any changes in the laws, rules and regulations of the central and local governments in the PRC and the rules, regulations and policies of the relevant governmental authorities relating to all aspects of our business and our business plans;
- our business and operating strategies and our ability to implement such strategies;
- our ability to control or reduce costs;
- our capability to identify and integrate suitable acquisition targets;
- expected growth of and changes in our industry;
- our future business development, results of operations and financial condition;
- the future competitive environment for our industry;
- determination of the fair value of our Shares;
- our dividend policy;
- capital market development;
- exchange rate fluctuations and restrictions; and
- risks identified under the section entitled “Risk Factors” in this document.

This document also contains market data and projections that are based on a number of assumptions. The markets may not grow at the rates projected by the market data, or at all. The failure of the markets to grow at the projected rates may materially and adversely affect our business and the market price of our Shares. In addition, due to the rapidly changing nature of the PRC economy and our industry, projections or estimates relating to the growth prospects or future conditions of the markets are subject to significant uncertainties. If any of the assumptions underlying the market data prove to be incorrect, actual results may differ from the projections based on these assumptions. You should not place undue reliance on these forward looking statements.

FORWARD-LOOKING STATEMENTS

We do not guarantee that the transactions and events described in the forward-looking statements in this document will happen as described, or at all. Actual outcomes may differ materially from the information contained in the forward-looking statements as a result of a number of factors, including, without limitation, the risks and uncertainties set forth in the section entitled “Risk Factors” in this document. You should read this document in its entirety and with the understanding that actual future results may be materially different from what we expect. The forward-looking statements made in this document relate only to events as of the date on which the statements are made or, if obtained from third-party studies or reports, the dates of the respective studies or reports. Since we operate in an evolving environment where new risks and uncertainties may emerge from time to time, you should not rely upon forward-looking statements as predictions of future events. We undertake no obligation, beyond what is required by law, to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made, even when our situation may have changed.
