

FORWARD-LOOKING STATEMENTS

We have included in this Document forward-looking statements. Statements that are not historical facts, including statements about our intentions, beliefs, expectations or predictions for the future, are forward-looking statements.

Certain statements in this Document are forward-looking statements that are, by their nature, subject to significant risks and uncertainties. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions or future events or performance (often, but not always, through the use of words or phrases such as “will,” “expect,” “anticipate,” “estimate,” “believe,” “going forward,” “ought to,” “may,” “seek,” “should,” “intend,” “plan,” “projection,” “potential,” “could,” “vision,” “goals,” “aim,” “aspire,” “objective,” “target,” “schedules” and “outlook”) are not historical facts, are forward looking and may involve estimates and assumptions and are subject to risks (including but not limited to the risk factors detailed in this Document), uncertainties and other factors some of which are beyond our control and which are difficult to predict. Accordingly, these factors could cause actual results or outcomes to differ materially from those expressed in the forward-looking statements.

Our forward-looking statements have been based on assumptions and factors concerning future events that may prove to be inaccurate. Those assumptions and factors are based on information currently available to us about the businesses that we operate. The risks, uncertainties and other factors, many of which are beyond our control, that could influence actual results include, but are not limited to:

- our business prospects;
- our business strategies and plans to achieve these strategies, including our expansion plans;
- our ability to maintain relationships with, and the actions and developments affecting, our major customers and suppliers;
- future developments, trends and conditions in the industries and markets in which we operate;
- general economic, political and business conditions in the markets in which we operate;
- changes to the regulatory environment and future developments, trends and conditions in the industries and markets in which we operate;
- the ability of third parties to perform in accordance with contractual terms and specifications;
- our ability to retain senior management and key personnel, and recruit qualified staff;
- the actions of and developments affecting our competitors; and
- all other risks and uncertainties described in the section headed “Risk Factors.”

Since actual results or outcomes could differ materially from those expressed in any forward-looking statements, we strongly caution [REDACTED] against placing undue reliance on any such forward-looking statements. Any forward-looking statement speaks only as of the date on which such statement is made, and, except as required by the Listing Rules, we undertake no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. Statements of or references to our intentions or those of any of our Directors are made as of the date of this Document. Any such intentions may change in light of future developments.

All forward-looking statements contained in this Document are expressly qualified by reference to the cautionary statements set out in this section.
