This document includes forward-looking statements. All statements other than statements of historical facts contained in this document, including, without limitation, those regarding our future financial position, our strategy, plans, objectives, goals, targets and future developments in the markets where we participate or are seeking to participate, and any statements preceded by, followed by or that include the words "believe," "expect," "estimate," "predict," "aim," "intend," "will," "may," "plan," "consider," "anticipate," "seek," "should," "could," "would," "continue," or similar expressions or the negative thereof, are forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other factors, some of which are beyond our control, which may cause our actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These forward-looking statements are based on numerous assumptions regarding our present and future business strategies and the environment in which we will operate in the future. - our business prospects and our ability to successfully implement our business plans and strategies;
- future developments, trends and conditions in the industry and markets in which we operate or into which we intend to expand;
- our capital expenditure plans;
- the actions and developments of our competitors;
- our financial condition and performance;
- our ability to defend our intellectual rights and protect confidentiality;
- our dividend policy;
- any changes in the laws, rules and regulations of the central and local governments in the jurisdictions where we operate and the rules, regulations and policies of the relevant governmental authorities relating to all aspects of our business and our business plans;
- changes or volatility in interest rates, foreign exchange rates, equity prices or other rates or prices, including those pertaining to the jurisdictions, the industry and markets in which we operate;

- capital market developments, changes in the global economic conditions and material volatility in the global financial markets.

Additional factors that could cause actual performance or achievements to differ materially include, but are not limited to, those discussed under “Risk Factors” and elsewhere in this document.
