

FORWARD-LOOKING STATEMENTS

This document contains, and the documents incorporated by reference herein may contain forward-looking statements that represent, or involve discussions as to, beliefs, expectations, future events or performance, goals, intentions, objectives or plans, and actual results or outcomes may differ materially from those expressed or implied. Such forward-looking statements are, by their nature, subject to significant risks, uncertainties and assumptions. Forward-looking statements typically can be identified by the use of words such as “aim”, “anticipate”, “aspire”, “believe”, “continue”, “could”, “estimate”, “expect”, “forecast”, “goals”, “going forward”, “intend”, “may”, “objective”, “ought to”, “outlook”, “plan”, “potential”, “project”, “seek”, “schedules”, “should”, “target”, “vision”, “will” and “would”. Even though these statements have been made by our Directors after due and careful consideration and on bases and assumptions fair and reasonable at the time, they nevertheless are not historical facts and involve known and unknown risks, uncertainties and other factors which may cause our Company’s actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These forward-looking statements include, but not limited to, statements relating to:

- our business and operating strategies and the various measures we use to implement such strategies;
- our dividend distribution plans;
- our planned [REDACTED];
- our operations, business and financial prospects, including development plans for our business and future cash flow;
- our capital commitment plans;
- our operations and business prospects;
- the future competitive environment for the industry which we operate in;
- the regulatory environment as well as the general industry outlook for the industry which we operate in;
- relationships with parties we contract and collaborate with to conduct our business;
- risks identified under the section headed “Risk Factors” in this document; and
- general economic trends.

The words “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “forecast”, “intend”, “may”, “ought to”, “plan”, “potential”, “project”, “seek”, “should”, “will”, “would” and other similar expressions, as they relate to us (other than in relation to our profits, results of operations and earnings), are intended to identify a number of these forward-looking statements. Such statements reflect the current views of our management with respect to future events and are subject to certain risks, uncertainties and assumptions, including the risk factors described in this document. Please refer to the sections headed “Risk Factors”, “Business” and “Financial Information” in this document for more details.

FORWARD-LOOKING STATEMENTS

Should one or more of these risks or uncertainties materialise, or should the underlying assumptions prove to be incorrect, our financial condition may be adversely affected and may vary materially from the goals we have expressed or implied in these forward-looking statements.

Except as required by applicable laws and regulations, including the Listing Rules, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Accordingly, investors should not place undue reliance on any forward-looking information.

In this document, statements of or references to our intentions or those of our Directors are made as of the date of this document. Any such intentions may change in light of future developments.
