CTG Hongkong and Macao Culture and Tourism Holding Limited

12/F, CTG House,
78 – 83 Connaught Road Central,
Hong Kong

Dear Sirs,

We refer to the instruction from China Travel International Investment Hong Kong Limited (the “**Company**”, the “**Group**” or “**Instructing Party**”) for us to provide external property asset valuation to support a spin-off and distribution of CTG Hongkong and Macao Culture and Tourism Holding Limited on The Stock Exchange of Hong Kong Limited (the “**SEHK**”).

The property portfolio as identified to us for this valuation is listed in our summary of valuations and valuation certificates attached below (the “**Portfolio**”).

We confirm that we have carried out external inspections and where possible internal inspections of the Portfolio in February and April 2026, made relevant enquiries and obtained such further information as we consider necessary for the purpose of providing the SEHK with our opinion of the market values of the Portfolio in existing state as at 28 February 2026 (the “**date of valuation**”).

The valuations presented in this report represent the 100% interest of each of the properties and not the shareholdings of the company holding the property interest thereof.

Our valuations have been prepared in accordance with the requirements set out in Chapter 5 of the Rules Governing the Listing of Securities published by the SEHK, Rule 11 of The Code on Takeovers and Mergers published by the Securities and Futures Commission, the “HKIS Valuation Standards 2024” published by The Hong Kong Institute of Surveyors (“**HKIS**”), the “**International Valuation Standards**” published by the International Valuation Standards Council (“**IVSC**”) and the “**RICS Valuation – Global Standards**” published by the Royal Institution of Chartered Surveyors (“**RICS**”) subject to variation to meet local established law. Our valuations are undertaken as External Valuers as defined in the relevant valuation standards.

APPENDIX III

PROPERTY VALUATION REPORT

Our valuations are made on the basis of the "Market Value" as defined by IVSC and adopted by HKIS and RICS, set out as:

"the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's-length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

We have applied the definition of market value to each property interest independently. We have ignored the potential effect of selling and leasing the entire portfolio at any one time. Likewise for property interest that comprises multiple floors or units, we have valued the property as a single property interest and have ignored the potential effect of selling and leasing the property on a strata title basis.

Our valuation services have been executed in accordance with our Quality Assurance System, accredited by HKQAA via ISO 9001:2015 and our report has been prepared with reference to the assumptions, definitions and limiting conditions.

Our valuations have been made on the assumption that the owner sells the individual property interest on the open market without the benefit of a deferred terms contract, leaseback, joint venture, management agreement or any similar arrangement which could serve to affect the values of the property interests.

No allowance has been made in our valuations for any charges, mortgages or amounts owing on the property interests nor for any expenses or taxation that may be incurred in effecting sales or lettings. Unless otherwise stated, it is assumed that the Portfolio is free of legal complications and encumbrances, restrictions, outgoings of an onerous nature that could affect their values.

We have adopted the following valuation methodologies and have applied the most relevant valuation methods for different types of assets in the course of our valuations.

Save and except for the two hotel premises (Property Nos.1 and 2 under Group II – Owner-occupied Properties), we have adopted the direct comparison method to assess the market values of the majority of the Portfolio. Direct comparison method is based on comparing the property to be valued directly with other comparable properties, which have recently transferred their legal ownership. However, given the heterogeneous nature of real estate properties, appropriate adjustments are usually required to allow for any qualitative and quantitative differences that may affect the price likely to be achieved by the property under consideration.

We have adopted the discounted cash flow method to assess the market values of the hotel premises, which estimates a hotel's market value by forecasting net cash flows over a 10-year period-based on realistic assumptions a prospective buyer would use-and discounting them at a risk-adjusted rate reflecting inflation and operational risks. Years 1-5 use detailed projections; Years 6-10 extrapolate Year 5 cash flow with inflation adjustments. The terminal value (Year 11 onward) is capitalised using a market-derived capitalisation rate, then discounted and added to the present value. The resulting valuation is cross-checked against metrics like running yields, price per room, and leveraged IRR to ensure reasonableness relative to investor expectations and market evidence.

We have relied to a very considerable extent on the information given by the Group and have accepted advice given to us on such matters as tenure, planning approvals, statutory notices, easements, particulars of occupancy, tenancy schedules, area schedules, floor plans, historic trading performance of the hotel properties and all other relevant matters.

APPENDIX III

PROPERTY VALUATION REPORT

Dimensions, measurements and areas included in the valuations are based on information contained in copies of documents provided to us and are therefore only approximations. We have not carried out on-site measurements to verify the correctness of the site areas and the floor areas. We have assumed that all information provided to us is correct. However, should it be established subsequently that the details relating to the Portfolio are incorrect, we reserve the right to adjust the values reported herein. Should it be revealed that any of the provided information is inaccurate or misleading so that its use would affect our valuations, then we reserve the right to amend our opinion of value.

All measurements are carried out in accordance with the "Code of Measuring Practice" booklet published by HKIS. To suit the local practice and as agreed with the Group, we declare our departure from the "RICS property measurement" published by RICS. We do not physically measure the actual properties or verify the floor areas provided to us, although we make reference to the registered floor plans if available.

For properties in Hong Kong, we have not been provided with copies of the title documents relating to the properties but we have caused searches to be made at the Land Registry. However, we have not examined the original documents to verify ownership or to ascertain the existence of any lease amendments, which may not appear on the Land Registry search records. All documents and leases have been used for reference only and all dimensions, measurements and areas are approximate.

For properties in The People's Republic of China (the "PRC"), we have been shown copies of various title documents including State-owned Land Use Rights Certificates, Real Estate Title Certificates and other title documents relating to the property interests in the PRC and have made relevant enquiries. We have relied considerably on the advice given by the Group's Legal Advisor in the PRC – Jingtian & Gongcheng, concerning the validity of the property interests in the PRC.

We have not conducted formal site and structural surveys and, as such, we cannot report that the Portfolio is free from rot, infestation or any other structural defects. We have not carried out a building survey, nor have we inspected those parts of the Portfolio which are covered, unexposed or inaccessible and such parts have been assumed to be in good repair and condition. We cannot express an opinion about or advise upon the condition of uninspected parts and this report should not be taken as making any implied representation or statement about such parts. No tests have been carried out to any of the services.

We have not arranged for any investigation to be carried out to determine whether or not any deleterious or hazardous material has been used in the construction of the Portfolio, or has since been incorporated, and we are therefore unable to report that the Portfolio is free from risk in this respect.

We have not carried out any investigations on site in order to determine the suitability of ground conditions and services etc. for future redevelopment, nor did we undertake archaeological, ecological or environmental surveys. Our valuations are on the basis that these aspects are satisfactory and that where developments are contemplated, no extraordinary expenses or delays will be incurred during the construction period due to these, or to archaeological or ecological matters. In the course of our assessments, we have assumed that no contamination affecting the Portfolio or the neighbouring land. However, should it be established subsequently that contamination exists at the Portfolio or on any neighbouring land, or that the premises have been or are being put to any contaminative use, we reserve the right to adjust the values reported herein.

Our valuations normally include all plant and machinery that form part of the building services installations. However, process plant, machinery and equipment which may have been installed wholly in connection with the occupiers' commercial processes, together with furniture and furnishings, tenants' fixtures and fittings are excluded in our valuations.

APPENDIX III

PROPERTY VALUATION REPORT

For hotel assets, the reported figures include the value attributed to the real estate, goodwill, furniture, fittings and equipment used in the day-to-day operation of the business.

Our valuation assumes the hotel assets are open for business and will continue to trade normally up until the date of sale. The valuation further assumes a prospective purchaser would engage the existing staff (but not necessarily the senior management) and take over the benefit of future bookings.

We hereby confirm that we have no present or prospective interest in the properties and have carried out an independent valuation of the Portfolio.

Macro events such as geo-political disputes, wars or acts of aggression, and restrictions on trade can cause market conditions to change quickly thereby impacting real estate values. Specifically, events in Iran and the wider Middle East region may have global repercussions resulting in increased oil prices, market stagnation and general uncertainty. In recognition of this, we highlight the importance of the valuation date and confirm the conclusions in our report are valid at the time of reporting only. We advise you to keep the valuation under regular review. For the avoidance of doubt, we are not reporting material uncertainty.

A summary of valuations and the valuation certificates follow.

Yours faithfully,
For and on behalf of
Jones Lang LaSalle Limited

Au Kin Keung, Alkan
Head of Value and Risk Advisory, Hong Kong and Macau

APPENDIX III

PROPERTY VALUATION REPORT

Notes:

- 1) According to our land search record dated on 29 April 2026, only registration for titleship of Sections 4 and 5 of Inland Lot No. 1622 and the Extension thereto and Sub-Section F of Section 6 of Inland Lot No. 1622 could be conducted. The subject lots have not been sub-divided into sub-divided unit. In our valuation, we have assumed that subject property (Ground Floor and Basement of the lots) could be subdivided from the subject lots with separate undivided shares and could be registered in the Land Registry upon sale of the property.
- 2) The registered owner of the property is China Travel Service (Hong Kong) Limited vide Memorial No. UB948769 dated 6 December 1972.
- 3) According to the Certified Copy of Certificate of Change of Name vide Memorial No. 20061601690056 dated 23 December 2019, the registered owner of the property has been renamed as "China Travel Service Property Investment Hong Kong Limited (香港中旅物業投資有限公司)".
- 4) The property is situated in an area zoned as "Commercial" under Outline Zoning Plan No. S/H4/17 gazetted on 24 May 2019.
- 5) As advised by the Group, the subject building was under renovation as at the date of valuation with completion scheduled in May/June of 2026. The outstanding renovation cost was in the sum of approximately HK\$18,703,800 as at the date of valuation of which would be totally borne by the Group. In our valuation, we have valued the property assuming the renovation of building would be completed in accordance with the schedule and we have not taken into account the outstanding renovation cost in our valuation.
- 6) In undertaking our valuation, we have identified and analysed various relevant sales evidences in the locality that exhibit characteristics comparable to the subject property. The transacted unit rates of these comparables ranged from HK\$47,980 to HK\$116,811 per ft² of saleable area. Appropriate adjustments were applied to account for differences in key factors including location, size, time and other relevant characteristics between the comparables and the subject property. The general principle of adjustments is that if a comparable property is superior to the subject property, a downward adjustment is made to its transacted rate. Alternatively, if a comparable property is inferior or less desirable, an upward adjustment is made.

APPENDIX III

PROPERTY VALUATION REPORT

<u>Property</u>	<u>Description, age and tenure</u>	<u>Particulars of occupancy</u>	<u>Market value in existing state as at the date of valuation</u>
2. 5 th Floor, China Travel Building, No. 77 Queen's Road Central, Hong Kong	The property comprises a whole office unit on the 5 th floor of a 13-storey (excluding basement) commercial building completed in 1973. The subject building is located at Queen's Road Central of Central district in Hong Kong which is a traditional commercial area. Developments are mainly in the form of high-rise commercial buildings with retail space on lower floors.	As advised by the Group, the property was vacant as at the date of valuation.	HK\$15,100,000
Sections 4 and 5 of Inland Lot No. 1622 and the Extension thereto and Sub-Section F of Section 6 of Inland Lot No. 1622 (part)	The saleable area of the property is approximately 1,345 ft ² . The property is held under the Government Lease for a term of 999 years commencing from 26 June 1843. The annual Government rent payable to the subject lot is HK\$34.		(HONG KONG DOLLARS FIFTEEN MILLION AND ONE HUNDRED THOUSAND)

Notes:

- 1) According to our land search record dated on 29 April 2026, only registration for titleship of Sections 4 and 5 of Inland Lot No. 1622 and the Extension thereto and Sub-Section F of Section 6 of Inland Lot No. 1622 could be conducted. The subject lots have not been sub-divided into sub-divided unit. In our valuation, we have assumed that subject property (5/F of the lots) could be subdivided from the subject lots with separate undivided shares and could be registered in the Land Registry upon sale of the property.
- 2) The registered owner of the property is China Travel Service (Hong Kong) Limited vide Memorial No. UB948769 dated 6 December 1972.
- 3) According to the Certified Copy of Certificate of Change of Name vide Memorial No. 20061601690056 dated 23 December 2019. The registered owner of the property is renamed as "China Travel Service Property Investment Hong Kong Limited (香港中旅物業投資有限公司)".
- 4) The property is situated in an area zoned as "Commercial" under Outline Zoning Plan No. S/H4/17 gazetted on 24 May 2019.
- 5) As advised by the Group, the subject building was under renovation as at the date of valuation with completion scheduled in May / June of 2026. The outstanding renovation cost was in the sum of approximately HK\$18,703,800 as at the date of valuation of which would be totally borne by the Group. In our valuation, we have valued the property assuming the renovation of building would be completed in accordance with the schedule and we have not taken into account the outstanding renovation cost in the course of our valuation.
- 6) In undertaking our valuation, we have identified and analysed various relevant sales evidences in the locality that exhibit similar characteristics comparable to the subject property. The transacted unit rates of these comparables ranged from HK\$10,058 to HK\$15,714 per ft² of saleable area. Appropriate adjustments were applied to account for differences in key factors including location, size, time and other relevant characteristics between the comparables and the subject property. The general principle of adjustments is that if the comparable property is superior to the subject property, a downward adjustment is made to its transacted rate. Alternatively, if a comparable property is inferior or less desirable, an upward adjustment is made.

5. 1 st Floor and 2 nd Floor, China Travel Building, No. 77 Queen's Road Central, Hong Kong Sections 4 and 5 of Inland Lot No. 1622 and the Extension thereto and Sub-Section F of Section 6 of Inland Lot No. 1622 (part)	<p>The property comprises of a unit on 1st Floor and a whole office levels on 2nd Floor of a 13-storey (excluding basement) commercial building completed in 1973. The subject building is located at Queen's Road Central of Central district in Hong Kong which is a traditional commercial area. Developments are mainly in the form of high-rise commercial buildings with retail space on lower floors.</p> <p>The total saleable area of the property is approximately 2,434 ft² with approximately 86 ft² of flat roof on 1st Floor.</p> <p>The property is held under the Government Lease for a term of 999 years commencing from 26 June 1843. The annual Government rent payable to the subject lot is HK\$34.</p>	<p>In accordance with the tenancy schedule provided by the Group, the whole unit on 1/F of the property together with the whole of shop units on G/F and Basement of the subject building is subject to a tenancy for a term of 3 years from 1 February 2026 to 31 January 2029 at a monthly rent of HK\$470,000 with a 2-month rent free period from 1 February 2026 to 31 March 2026 (inclusive of Government rent, but exclusive of rates and management fee) and with an option to renew further 3 years. The remaining portion of the property was vacant as at the date of valuation.</p>	<p>HK\$29,200,000 (HONG KONG DOLLARS TWENTY NINE MILLION AND TWO HUNDRED THOUSAND)</p>

Notes:

- 1) According to the Land Registry search record dated on 29 April 2026, only registration for titleship of Sections 4 and 5 of Inland Lot No. 1622 and the Extension thereto and Sub-Section F of Section 6 of Inland Lot No. 1622 could be conducted. The subject lots have not been sub-divided into sub-divided unit. In our valuation, we have assumed that subject property (1st and 2nd floors of the lots) could be subdivided from the subject lots with separate undivided shares and could be registered in the Land Registry upon sale of the property.
- 2) The registered owner of the subject lot is China Travel Service (Hong Kong) Limited vide Memorial No. UB948769 dated 6 December 1972.
- 3) According to the Certified Copy of Certificate of Change of Name vide Memorial No. 20061601690056 dated 23 December 2019, the registered owner of the property has been renamed as "China Travel Service Property Investment Hong Kong Limited (香港中旅物業投資有限公司)".
- 4) The property is situated in an area zoned as "Commercial" under Outline Zoning Plan No. S/H4/17 gazetted on 24 May 2019.
- 5) As advised by the Group, the subject building was under renovation as at the date of valuation with completion scheduled in May / June of 2026. The outstanding renovation cost was in the sum of approximately HK\$18,703,800 as at the date of valuation of which would be totally borne by the Group. In our valuation, we have valued the property assuming the renovation of building would be completed in accordance with the schedule and we have not taken into account the outstanding renovation cost in our valuation.

APPENDIX III

PROPERTY VALUATION REPORT

- 6) In undertaking our valuation, we have identified and analysed various relevant sales evidences in the locality that exhibit similar characteristics comparable to the subject property. The transacted unit rates of these comparables ranged from HK\$10,058 to HK\$15,714 per ft² of saleable area. Appropriate adjustments were applied to account for differences in key factors including location, size, time and other relevant characteristics between the comparables and the subject property. The general principle of adjustments is that if a comparable property is superior to the subject property, a downward adjustment is made to its transacted rate. Alternatively, if a comparable property is inferior or less desirable than the subject property, an upward adjustment is made.
