

FORWARD-LOOKING STATEMENTS

This document includes forward-looking statements. All statements other than statements of historical facts contained in this document, including, without limitation, those regarding our future financial position, our strategy, plans, objectives, goals, targets and future developments in the markets where we participate or are seeking to participate, and any statements preceded by, followed by or that include the words “believe,” “expect,” “estimate,” “predict,” “aim,” “intend,” “will,” “may,” “plan,” “consider,” “anticipate,” “seek,” “should,” “could,” “would,” “continue,” or similar expressions or the negative thereof, are forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other factors, some of which are beyond our control, which may cause our actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These forward-looking statements are based on numerous assumptions regarding our present and future business strategies and the environment in which we will operate in the future. Important factors that could cause our actual performance or achievements to differ materially from those in the forward-looking statements include, among others, the following:

- timing and likelihood of drug discovery, development and commercialization, completion and conclusion of clinical trials, regulatory filings and approvals such as IND and NDA;
- the efficacy and safety of our drug candidates, their pricing, market reception, market share;
- our strategies, plans, objectives and goals and our ability to successfully implement the same;
- our future operations, financial condition and performance and business prospects;
- our dividend policy;
- projects under development;
- our ability to attract and retain senior management and key employees;
- our future capital needs and capital expenditure plans;
- future developments, trends and conditions in the pharmaceutical industry in the PRC and other countries;
- market opportunities and competitive landscape for our products, and the actions and developments of our competitors;
- the regulatory environment and industry outlook in general for the industries discussed herein;
- capital market developments, changes in the global economic conditions and material volatility in the global financial markets.

Additional factors that could cause actual performance or achievements to differ materially include, but are not limited to, those discussed under “Risk Factors” and elsewhere in this document. We caution you not to place undue reliance on these forward-looking statements, which reflect our management’s view only as of the date of this document. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this document might not occur. All forward-looking statements contained in this document are qualified by reference to the cautionary statements set out in this section.
