## FORWARD-LOOKING STATEMENTS

---

This document contains, and the documents incorporated by reference herein may contain, forward-looking statements representing our goals, beliefs, expectations, intentions or predictions for the future which are not historical facts. Forward-looking statements typically can be identified by the use of words such as “aim”, “anticipate”, “aspire”, “believe”, “consider”, “continue”, “could”, “estimate”, “expect”, “forecast”, “goals”, “intend”, “may”, “objective”, “ought to”, “outlook”, “plan”, “potential”, “predict”, “project”, “schedules”, “seek”, “should”, “target”, “vision”, “will”, “would” and other similar expressions or the negative thereof. Forward-looking statements reflect the current views of the Directors with respect to future events, operations, liquidity and capital resources. Some of which may not materialize or may change. These statements are subject to certain risks, uncertainties and assumptions, including those listed in “Risk Factors”, which are beyond our control and may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Our forward-looking statements are based on assumptions and factors concerning future events that may prove to be inaccurate. Those assumptions and factors are based on information currently available to us about the businesses that we operate. The risks, uncertainties and other factors, many of which are beyond our control, that could influence actual results include, but are not limited to:

- our operations and business prospects;
- our business plans and operating strategies and our ability to implement such plans and strategies;
- our future business development, financial condition and results of operations;
- our ability to develop and manage our operations and business;
- our ability to control costs and expenses;
- our capital expenditure plans;
- our expectations regarding demand for and market acceptance of our products and services;
- our expectations regarding our relationships with customers, suppliers and other partners to conduct our business;
- our planned [REDACTED];
- future developments, trends, conditions and competitive landscape in the industries and markets in which we operate or intend to operate;
- the actions and developments of our competitors;
- relevant laws, rules, government policies and regulations relating to our industry; and
- capital market developments.

By their nature, certain disclosures relating to these and other risks are only estimates. If one or more of these uncertainties or risks, among others, materialize, or if the underlying assumptions are proved to be incorrect, actual results may vary materially from those estimated, anticipated or projected, as well as from historical results.

In this document, statements of or references to our intentions or those of our Directors are made as of the date of this document. Any such information may change in light of future developments. Subject to the requirements of applicable laws, rules and regulations, we do not have any and undertake no obligation to update or otherwise revise the forward-looking statements in this document, whether as a result of new information, future events or otherwise. As a result of these and other risks, uncertainties and assumptions, the forward-looking events and circumstances discussed in this document might not occur in the way we expect or at all. Accordingly, you should not place undue reliance on any forward-looking information.

All forward-looking statements in this document are qualified by reference to the cautionary statements in this section as well as the risks and uncertainties discussed in the section headed “Risk Factors” in this document.
