This Document contains certain forward-looking statements that are, by their nature, subject to significant risks and uncertainties. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions or future events or performance (often, but not always, through the use of words or phrases such as "will," "expect," "anticipate," "estimate," "believe," "going forward," "ought to," "may," "seek," "should," "intend," "plan," "projection,", "forecast," "could," "vision," "goals," "objective," "target," "schedule," "predict," "project," "aim," "intend", "consider," "would," "continue" and "outlook") are not historical facts, but are forward-looking and may involve estimates and assumptions and are subject to risks (including the risk factors detailed in this Document), uncertainties and other factors some of which are beyond our control and which are difficult to predict. Accordingly, these factors could cause actual results or outcomes to differ materially from those expressed in such statements. Those assumptions and factors are based on information currently available to us and may prove to be inaccurate. You are strongly cautioned about the known and unknown risks and uncertainties related to the reliance on any forward-looking statements.

The risks, uncertainties and other factors, many of which are beyond our control, that could influence actual results include, but are not limited to: (i) changes in the macro environment, industry and market, regional and global, in economic, legal and political perspective, in the countries and regions where we operate; and, changes or volatility in interest rates, foreign exchange rates, equity prices or other rates or prices; (ii) our ability to successfully implement our business plan strategies, objectives, goals and to maintain good relationships with business partners and changes in our customers' demands and expectations; (iii) our ability to control costs and maintain operational efficiency; (iv) our dividend policy, financial condition and performance, debt levels and capital needs; (v) various business opportunities that we may pursue, and the actions and developments of our competitors; and, (vi) all other risks and uncertainties described in the section headed "Risk Factors" in this Document.

Any forward-looking statement speaks only as of the date on which such statement is made, and, except as required by the Listing Rules, we undertake no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. All forward-looking statements in this Document are expressly qualified by reference to this cautionary statement.
