
FORWARD-LOOKING STATEMENTS

Certain statements in this document are forward-looking statements that are, by their nature, subject to significant risks and uncertainties. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions, or future events or performance (often, but not always, through the use of words or phrases such as “will,” “expect,” “anticipate,” “estimate,” “believe,” “going forward,” “ought to,” “may,” “seek,” “should,” “intend,” “plan,” “projection,” “could,” “vision,” “goals,” “aim,” “aspire,” “objective,” “target,” “schedules,” and “outlook”) are not historical facts, are forward-looking, and may involve estimates and assumptions and are subject to risks (including, but not limited to, the risk factors detailed in this document), uncertainties, and other factors some of which are beyond our control and which are difficult to predict. Accordingly, these factors could cause actual results or outcomes to differ materially from those expressed in the forward-looking statements.

Our forward-looking statements have been based on assumptions and factors concerning future events that may prove to be inaccurate. Those assumptions and factors are based on information currently available to us about the businesses that we operate. The risks, uncertainties, and other factors, many of which are beyond our control, that could influence actual results include, but are not limited to:

- our goals and strategies;
- our future business development, financial condition, and results of operations;
- expected changes in our revenues, expenses, or expenditures;
- the expected growth of enterprise IT consulting and digital solution services in China;
- our expectations regarding demand for and market acceptance of our services;
- our expectations regarding our relationship with our existing and potential clients;
- competition in our industry;
- general economic and business conditions in China and elsewhere;
- government policies and regulations relating to our industry;
- the outcome of any current and future legal or administrative proceedings; and
- all other risks and uncertainties described in “Risk Factors.”

Since actual results or outcomes could differ materially from those expressed in any forward-looking statements, we strongly caution investors against placing undue reliance on any such forward-looking statements. Any forward-looking statement speaks only as of the date on which such statement is made, and, except as required by the Listing Rules, we undertake no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. Statements of or references to our intentions or those of any of our Directors are made as of the date of this document. Any such intentions may change in light of future developments.

All forward-looking statements in this document are expressly qualified by reference to this cautionary statement.
