

FORWARD-LOOKING STATEMENTS

We have included in this document forward-looking statements. Statements that are not historical facts, including statements about our intentions, beliefs, expectations or predictions for the future, are forward-looking statements.

This document contains certain forward-looking statements and information relating to us and our subsidiaries that are based on the beliefs of our management as well as assumptions made by and information currently available to our management. Such statements reflect the current views of our Company’s management with respect to future events, operations, liquidity and capital resources, some of which may not materialize or may change. These forward-looking statements are subject to certain risks, uncertainties and assumptions, including the other risk factors as described in this document. Important risks and factors that could cause our actual results to be materially different from our expectations are generally set forth in “Risk Factors,” “Business,” “Financial Information” and other sections in this document. You should read thoroughly this document with the understanding that our actual future results may be materially different from and worse than what we expect.
