FORWARD-LOOKING STATEMENTS

This document contains, and the documents incorporated by reference herein may contain, forward-looking statements representing our goals, beliefs, expectations, intentions or predictions for the future. These forward-looking statements are contained principally in "Summary," "Risk Factors," "Industry Overview," "Business," "Financial Information" and "Future Plans and Use of **[REDACTED]**." Forward-looking statements typically can be identified by the use of words such as "aim," "anticipate," "aspire," "believe," "continue," "could," "estimate," "expect," "forecast," "goals," "intend," "may," "objective," "ought to," "outlook," "plan," "potential," "project," "schedules," "seek," "should," "target," "vision," "will," "would" and other similar terms. Forward-looking statements reflect the current views of the Directors with respect to future events, operations, liquidity and capital resources. Some of which may not materialize or may change. These statements are subject to certain risks, uncertainties and assumptions, including those listed in "Risk Factors," which are beyond our control and may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements.

Our forward-looking statements have been based on assumptions and factors concerning future events that may prove to be inaccurate. Those assumptions and factors are based on information currently available to us about the businesses that we operate. The risks, uncertainties and other factors, many of which are beyond our control, that could influence actual results include, but are not limited to: our operations and business prospects; our business and operating strategies and our ability to implement such strategies; our future business development, financial condition and results of operations; our ability to develop and manage our operations and business; our ability to control costs and expenses; our capital expenditure plan; our expectations regarding demand for and market acceptance of our products and services; our expectations regarding our relationships with customers, suppliers and other partners to conduct our business; our planned use of **[REDACTED]**; future developments, trends and competitive landscape in the industries and markets in which we operate or plan to operate; relevant government policies and regulations relating to our industry; and capital market developments.

By their nature, certain disclosures relating to these and other risks are only estimates. Should one or more of these risks or uncertainties, among others, materialize, or should the underlying assumptions prove to be incorrect, actual results may vary materially from those estimated, anticipated or projected, as well as from historical results. Accordingly, you should not place undue reliance on any forward-looking statements.

Any forward-looking statement speaks only as of the date on which such statement is made. Except as required by applicable laws, rules and regulations, including the Listing Rules, we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. Statements of, or references to, our intentions or those of any of the Directors are made as of the date of this document. Any such intentions may change in light of future developments.

All forward-looking statements in this document are expressly qualified by reference to this cautionary statement.
