CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

INFORMATION ON GEM LISTING RULES RELATING TO SHARE REPURCHASES

This is an explanatory statement containing all the information reasonably necessary to enable Shareholders to make an informed decision on whether to vote for or against the ordinary resolution in relation to the Repurchase Mandate to be proposed in the AGM. The following is a summary of the principal provisions of the GEM Listing Rules relating to the repurchase of its shares on the GEM by a company (“Issuer”) the shares of which are listed on the GEM.

(a) Shareholder’s approval

The GEM Listing Rules provide that all share repurchases on the GEM by an Issuer must be approved in advance by an ordinary resolution, either by way of general mandate or by specific resolution in relation to specific transactions. The shares to be repurchased must be fully paid. The GEM Listing Rules require an explanatory statement to be sent to the shareholders of the Issuer to give its shareholders adequate information to enable them to decide whether to approve the mandate.

(b) Source of funds

Repurchases must be funded out of funds legally available for the purpose in accordance with the Issuer’s constitutive documents, the GEM Listing Rules and the applicable laws of the jurisdiction in which the Issuer is incorporated or otherwise established.

(c) Connected parties

The GEM Listing Rules prohibit the Issuer from knowingly purchasing its shares on the GEM from a “connected person”, that is, a director, chief executive, substantial shareholder, management shareholders or their respective associates (as defined in the GEM Listing Rules) and a connected person must not knowingly sell his shares to the Issuer on the GEM.

SHARE CAPITAL

As at the Latest Practicable Date, the issued share capital of the Company comprised 649,540,000 Shares.

Subject to the passing of the ordinary resolution number 6 set out in the notice of AGM in which a general mandate is proposed to be given to the Directors to repurchase shares not exceeding 10% of the aggregate nominal value of the issued share capital of the Company on the date of passing such resolution and on the basis that no further Shares are issued or repurchased prior to the AGM, the Company would be allowed under the Repurchase Mandate to repurchase a maximum of 64,954,000 Shares during the period ending on the earliest of the date of the Company’s next annual general meeting for the year ending 31 October 2006, the

date by which the next annual general meeting of the Company is required to be held by the Company's Articles of Association or applicable law of the Cayman Islands or the date upon which such authority is revoked or varied by an ordinary resolution to be passed by Shareholders in general meeting.

Notwithstanding the above, the Company may not repurchase Shares which would result in the amount of Shares held by the public being reduced to less than 25%, the minimum prescribed percentage for the Shares to be held by the public after listing of Shares on the GEM.

REASONS FOR REPURCHASES

The Directors believe that it is in the best interests of the Company and its Shareholders to seek a general authority from Shareholders to enable the Directors to repurchase Shares in the market at any appropriate time. Such repurchases may, depending on market conditions and funding arrangements at the time, lead to an enhancement of the net asset value of the Company and/or its earnings per Share and will only be made when the Directors believe that such a repurchase will benefit the Company and its Shareholders.

FUNDING OF REPURCHASE

Repurchases made under the Repurchase Mandate must be funded entirely from funds legally available for such purposes in accordance with the provisions of the Memorandum and Articles of Association of the Company, the relevant laws of the Cayman Islands and the GEM Listing Rules. The Directors propose to finance any repurchases under the Repurchase Mandate by the Company's internal resources. In addition, the Company may not repurchase its own Shares on the GEM for a consideration other than cash or for settlement otherwise than in accordance with the trading rules of the Stock Exchange as may from time to time be amended.

Should the Repurchase Mandate be exercised in full at any time during the proposed repurchase period mentioned in the above paragraph headed "Share capital", there might be a material adverse impact on the working capital or gearing position of the Company (as compared with the position disclosed in the latest published audited financial statements contained in the 2005 Annual Report). However, the Directors do not propose to exercise the Repurchase Mandate to such an extent as would, in the circumstances, have a material adverse effect on the working capital requirements or on the gearing levels of the Company.

SHARE PRICES

The highest and lowest market prices at which the Shares have traded on the GEM during each of the previous twelve months before the Latest Practicable Date were as follows:

No repurchases of Shares have been made by the Company (whether on the GEM or otherwise) during the six months preceding the Latest Practicable Date.

GENERAL INFORMATION

The Directors have undertaken to the Stock Exchange, so far as the same may be applicable, to exercise the power of the Company to repurchase shares in accordance with the provisions of the Memorandum and Articles of Association of the Company, the GEM Listing Rules and the applicable laws of the Cayman Islands.

If as a result of a share repurchase a shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purpose of the Takeovers Code. Accordingly, a shareholder or a group of shareholders acting in concert (within the meaning of the Takeovers Code) depending on the level of increase of the shareholder's interest, could obtain or consolidate control of the Company and become obliged to make a mandatory offer in accordance with the rules 26 of the Takeovers Code as a result of such increase.

As at the Latest Practicable Date, Team Drive Limited (“Team Drive”) and Advance New Technology Limited (“Advance New Technology”) which are the substantial Shareholders, held approximately 53.06% and 12.42% of the issued Shares respectively. The Directors are not aware of any consequences which may arise under the Takeovers Code as a consequence of any repurchase made under the Repurchase Mandate. Notwithstanding the above, the Company may not repurchase Shares which would result in the amount of Shares held by the public being reduced to less than 25%, the minimum prescribed percentage for the Shares to be held by the public after listing of Shares on the GEM.

None of the Directors nor, to the best of their knowledge, after making all reasonable enquires, any of their associates (as defined in the GEM Listing Rules) has notified the Company of any present intention, if the Repurchase Mandate is approved by Shareholders, to sell shares to the Company.
