CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET OF THE STOCK EXCHANGE OF HONG KONG LIMITED

The Growth Enterprise Market (“GEM”) of The Stock Exchange of Hong Kong Limited (“Stock Exchange”) has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website at www.hkgem.com in order to obtain up-to-date information on GEM-listed issuers.

This is an explanatory statement given to all shareholders of the Company relating to a resolution to be proposed at the AGM authorizing the Repurchase Mandate.

The explanatory statement contains all the information required pursuant to Rule 13.08 of the GEM Listing Rules set out as follows:

1. EXERCISE OF THE REPURCHASE MANDATE

Assuming no Shares are issued or repurchased prior to the AGM and on the basis of 514,300,000 Shares in issue as at the Latest Practicable Date, the exercise of the Repurchase Mandate in full could result in up to 51,430,000 Shares to be repurchased by the Company during the period up to the conclusion of the next AGM of the Company, the expiration of the period within which the next AGM of the Company is required by any applicable law or the articles of association of the Company to be held or when the Repurchase Mandate is revoked or varied by an ordinary resolution by the Shareholders in general meeting, whichever is the earliest.

2. REASONS FOR REPURCHASES

The Directors believe that it is in the best interests of the Company and its Shareholders for the Directors to have a general authority from Shareholders to enable the Company to repurchase Shares in the market. Repurchases of Shares will only be made when the Directors believe that such a repurchase will benefit the Company and its Shareholders. Such repurchases may, depending on the market conditions and funding arrangements at the time, lead to an enhancement of the net value of the Company and its assets and/or its earnings per share.

3. FUNDING OF REPURCHASES

Any repurchases will only be funded out of funds of the Company legally available for the purposes in accordance with its memorandum and articles of association of the Company and the laws of the Cayman Islands. The Company may not repurchase its own shares on the GEM for a consideration other than cash or for settlement otherwise than in accordance with the trading rules of GEM from time to time.

Under Cayman Islands law, repurchases by the Company may only be made out of profits of the Company or out of proceeds of a fresh issue of shares made for the purpose or, if so authorised by its articles of association and subject to the provisions of the Companies Law, out of capital. Any premium payable on a redemption of purchase over the par value of the shares to be repurchase must be provided for out of profits of the Company or out of the Company's share premium account or, if so authorised by its articles of association and subject to the provisions of the Companies Law, out of capital.

4. EFFECT OF EXERCISE OF THE REPURCHASE MANDATE

There might be a material adverse impact on the working capital or gearing position of the Company (as compared with the position disclosed in the audited financial statements contained in the Annual Report 2006) in the event that the Repurchase Mandate is exercised in full. However, the Directors do not propose to exercise the Repurchase Mandate to such an extent as would, in the circumstances, have a material adverse effect on the working capital requirements of the Company or the gearing levels which in the opinion of the Directors are from time to time appropriate for the Company.

5. DISCLOSURE OF INTERESTS

None of the Directors and, to the best of their knowledge, having made all reasonable enquiries, none of their respective associates, have any present intention, if the Repurchase Mandate is exercised, to sell any shares to the Company or its subsidiaries.

No connected person (as defined in the GEM Listing Rules) has notified the Company that they have a present intention to sell shares to the Company if the Repurchase Mandate is exercised.

6. DIRECTORS' UNDERTAKING

The Directors have undertaken to the Stock Exchange that, so far as the same may be applicable, they will exercise the Repurchase Mandate in accordance with the GEM Listing Rules and the applicable laws of the Cayman Islands.

7. TAKEOVERS CODE CONSEQUENCES

If as a result of a repurchase of shares, a Shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purposes of the Takeovers Code. As a result, a Shareholder, or a group of Shareholders acting in concert, depending on the level of increase in the Shareholder's interests, may obtain or consolidate control of the Company and become obliged to make a mandatory offer in accordance with Rule 26 of the Takeovers Code.

As at the Latest Practicable Date, LCHK, which is a controlling Shareholder, held 270,000,000 Shares, representing approximately 36.1% of the total voting rights in the Company. Microsoft Corporation held 234,279,559 class A senior redeemable convertible voting preferred shares representing 28% of the total voting rights in the Company (pursuant to the Subscription Deed, Microsoft can only exercise up to 28% voting rights at general meetings of the Company (other than meeting of the holder(s) of Preferred Shares). Upon exercise in full of the Repurchase Mandate, the voting rights of LCHK will increase from approximately 36.1% to approximately 38.7%. As such, LCHK shall be obliged to make a mandatory offer in accordance with Rule 26 of the Takeovers Code. However, the Directors have no intention to exercise any of the Repurchase Mandate which would trigger a mandatory offer on the part of LCHK under the Takeovers Code. Save as disclosed above, the Directors are not aware of any other Shareholder which may have any consequences under the Takeovers Code as a result of the exercise of the Repurchase Mandate.

8. SHARE PURCHASE MADE BY THE COMPANY

No repurchases of securities have been made by the Company in the six months immediately preceding the Latest Practicable Date, whether on the Stock Exchange or otherwise.

9. SHARE PRICES

The highest and lowest prices at which the Shares were traded on the GEM during each of the previous twelve months were as follows:

	Shares
