(incorporated in the Cayman Islands with limited liability)

(Stock Code: 8138)

RESULTS ANNOUNCEMENT FOR THE THREE MONTHS ENDED 30 JUNE 2007

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the Internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website at www.hkgem.com in order to obtain up-to-date information on GEM-listed issuers.

The Stock Exchange takes no responsibility for the contents of this announcement, makes no representation as to its accuracy or completeness and expressly disclaims any liabilities whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors (the “Directors”) of Town Health International Holdings Company Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief:– (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

This announcement will remain on the GEM website at <http://www.hkgem.com> on the “Latest Company Announcements” page for at least 7 days from the day of its posting and on the website of Town Health International Holdings Company Limited.

Notes:

a. General

The Company is incorporated as an exempted company with limited liability in the Cayman Islands and its shares are listed on the Growth Enterprise Market (“GEM Board”) of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The consolidated financial statements are presented in Hong Kong dollars, which is the same as the functional currency of the Company.

The consolidated financial statements have been prepared under the historical cost basis except for the investment properties and financial instruments, which are measured at fair value.

The Group’s unaudited consolidated results have been prepared in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the applicable disclosures required by the Rules Governing the Listing of Securities on the GEM Board of the Stock Exchange and by the Hong Kong Companies Ordinance.

b. Basis of preparation

Pursuant to a conditional subscription agreement dated 9 December 2005 entered into between Hong Kong Health Check and Laboratory Holdings Company Limited (“Hong Kong Health Check”) and Top Act Group Limited (“Top Act”), a wholly-owned subsidiary of the Company, on 23 February 2006, Top Act subscribed convertible bonds (the “Convertible Bonds I”) of an aggregate principal amount of HK\$60,000,000 issued by Hong Kong Health Check.

Upon subscription in February 2006, Convertible Bonds I were immediately convertible into 1,463,414,634 shares of Hong Kong Health Check at a conversion price of HK\$0.041. Upon conversion of the Convertible Bonds I, the Group would be given 55.79% of ownership interest and as a consequence voting rights in Hong Kong Health Check. As at 30 June 2006, Hong Kong Health Check was consolidated as a subsidiary of the Group because the Group had the ability to exercise control over the financial and operating policies of Hong Kong Health Check as the Convertible Bonds I were currently convertible.

On 3 October 2006, Hong Kong Health Check further issued convertible bonds (the “Convertible Bonds II”) of an aggregate principal amount of HK\$40,000,000 at a conversion price of HK\$0.041 to third parties which were also immediately convertible. Upon conversion of both Convertible Bonds I by the Group and Convertible Bonds II by those third parties, the Group’s ownership interest in Hong Kong Health Check will be diluted to 35.75%. Following the issue of the Convertible Bonds II, the Group did not have the ability to exercise control over the financial and operating policies of Hong Kong Health Check. Accordingly, the results and assets and liabilities of Hong Kong Health Check have to be incorporated in the consolidated financial statements using equity method of accounting.

From 3 October 2006 to 30 June 2007, the Group has no present equity interest in Hong Kong Health Check, no results and changes in shareholders’ equity of Hong Kong Health Check were shared by the Group.

Business review and outlook

The group provides a wide spectrum of one-stop healthcare services as well as other healthcare services and products. After completion of recently announced acquisition in Hong Kong, the Group will manage and operate more than 100 clinics, providing full range of medical services including outpatient services, dental services, specialist clinical services and paramedical services. The Group has been added to Morgan Stanley Capital International (MSCI) Hong Kong Small Cap Index Series.

During the quarter under review, the Group recorded stable growth in its core segments of business, representing a 77% increase in turnover as compared with the prior year. The increase was mainly due to the Group's persistent effort in solidifying its core business, the continuing recovery of the Hong Kong economy as well as the growing demand of citizens who are craving for better health.

The Group raised funds with a gross proceeds of approximately HK\$300,734,000 during the period under review through placing of shares. With the strong current financial position, the Group will continue identifying other business opportunities that may create synergies with its core business and further reinforce its market position in healthcare services.
