(第一電訊集團有限公司)*

(Incorporated in the Cayman Islands with limited liability)
(Stock Code: 8110)

THIRD QUARTERLY RESULTS ANNOUNCEMENT FOR THE NINE MONTHS ENDED 30TH SEPTEMBER, 2007

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

The Stock Exchange takes no responsibility for the contents of this announcement, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole and any part of the contents of this announcement.

This announcement, for which the directors (the "Directors") of First Mobile Group Holdings Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard of First Mobile Group Holdings Limited. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

Notes:

1. Basis of preparation and accounting policies

The consolidated profit and loss account is extracted from the unaudited consolidated accounts of the Company which have been prepared in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"). They have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss and derivative financial instruments

Following the Group's disposal of its 70% equity interest in Chi Tel Investments Limited, which provides intercity/international telecommunication services using VoIP technology ("VoIP business") on 3rd July, 2006, the VoIP business is reported as discontinued operation in the consolidated accounts for the three months and the nine months ended 30th September, 2006, and accordingly relevant comparative figures were restated.

The accounting policies used in the accounts are consistent with those used in the annual report for the year ended 31st December, 2006 except for the adoption of some new and revised standards stated below.

The HKICPA has issued a number of new and revised Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards and interpretations issued by HKICPA (collectively "HKFRSs") which are effective for accounting periods beginning on or after 1st November, 2006. The Group has adopted all HKFRSs which are pertinent to its operations in the accounts for the year ending 31st December, 2007. The applicable HKFRSs are set out below:

IFRIC/HK(IFRIC)-Int 10 Interim Financial Reporting and Impairment

HKFRS 7 Financial Instruments: Disclosures, and a complementary Amendment to

HKAS 1, Presentation of Financial Statements – Capital Disclosures

IFRIC/HK(IFRIC)-Int 8 Scope of IFRS/HKFRS 2

(a) IFRIC/HK(IFRIC)-Int 10, Interim Financial Reporting and Impairment

This new interpretation prohibits the impairment losses recognised in an interim period on goodwill, investments in equity instruments and investments in financial assets carried at cost to be reversed at a subsequent balance sheet date. This interpretation does not have any financial impact on the Group's financial results.

(b) HKFRS 7, Financial Instruments: Disclosures, and a complementary Amendment to HKAS 1, Presentation of Financial Statements – Capital Disclosures

HKFRS 7 introduces new disclosures to improve the information about financial instruments. It requires the disclosure of qualitative and quantitative information about exposure to risks arising from financial instruments, including specified minimum disclosures about credit risk, liquidity risk and market risk, including sensitivity analysis to market risk. It replaces HKAS 30, Disclosures in the Financial Statements of Banks and Similar Financial Institutions, and disclosure requirements in HKAS 32, Financial Instruments: Disclosure and Presentation. It is applicable to all entities that report under HKFRSs. The amendment to HKAS 1 introduces disclosures about the level of an entity's capital and how it manages capital. The Group assessed the impact of HKFRS 7 and the amendment to HKAS 1

1. Basis of preparation and accounting policies (Continued)

and concluded that the main additional disclosures will be the sensitivity analysis to market risk and the capital disclosures required by the amendment of HKAS 1. These amendments do not have any financial impact on the Group's financial results.

(c) IFRIC/HK(IFRIC)-Int 8, Scope of IFRS/HKFRS 2

This interpretation requires consideration of transactions involving the issuance of equity instruments – where the identifiable consideration received is less than the fair value of the equity instruments issued – to establish whether or not they fall within the scope of IFRS/HKFRS 2. It is not expected to have any impact on the Group's consolidated financial statements.

2. Revenue and income

The Group is principally engaged in the trading, distribution and retail sales of mobile phones and accessories.

In Hong Kong, the Group's retail business under the brand name of Mobile City continued to gain popularity among customers, with quality services provided by professional staff and effective marketing strategies adopted. During Q3 2007, Mobile City carried out a series of marketing campaigns in collaboration with the top brands. On top of giving complimentary tailor-made premiums to customers, Mobile City launched a must-win instant lucky draw promotion with Nokia. The lucky draw was conducted by creatively using capsule machines and was highly successful. Bespoke location-based sales and marketing promotions were organised for each shop to fulfill different customers' needs in different districts. All promotions received impressive results which further enhanced the brand name of Mobile City as well as push up sales volume. To further publicise the brand name and expand customer base, Mobile City participated in the Hong Kong Shopping Festival organised by the Hong Kong Tourism Board.
