INTERIM RESULTS ANNOUNCEMENT FOR THE SIX MONTHS ENDED 30 SEPTEMBER, 2007

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the Internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

The Stock Exchange takes no responsibility for the contents of this announcement, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors of Intelli-Media Group (Holdings) Limited (the "Directors") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to Intelli-Media Group (Holdings) Limited. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief:– (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

INTERIM DIVIDEND

The Directors do not recommend the payment of a dividend for the six months ended 30 September, 2007 (2006: Nil).

BUSINESS AND FINANCIAL REVIEW

During the six months period ended 30 September 2007 (the " Period"), the Group is still facing ongoing challenges from unresolved issues on intellectual property infringement, especially the prevalence of pirated DVDs and the changing tastes of consumers, who increasingly prefer foreign blockbuster movies to domestic ones.

Consumers sometimes tend to choose cheap pirated products and this has eroded the DVD market, despite great efforts being made by many governments to curb the piracy problem. The Group shifted from locally-produced features film decimating local film distribution business.

The Group's turnover during the Period amounted to approximately HK$21,113,000 (2006: 29,371,000), representing approximately a 28.12% decrease as compared to that of the same period last year mainly due to the prevailing piracy problem in the region. Sales of goods for the Period was approximately HK$15,341,000 (2006: HK$21,563,000) representing a decrease of approximately 28.9% as compared to that of the same period last year. Sales of goods for the Period accounted for approximately 72.6% of the total turnover of the Group which was largely hit by the dangling intellectual infringement problem. Sub-licensing of film rights for the Period was approximately HK$2,113,000 (2006: HK$4,905,000) down by approximately 56.9% as compared to that of the same period last year. Film exhibition and film distribution was approximately HK$3,659,000 (2006: HK$2,903,000), up by approximately 26%, thanks to the contribution of "Rogue Assassin". Loss for the Period was approximately HK$12,919,000 as compared to HK$4,254,000 of the same period last year.

In view of the adverse ongoing intellectual property infringement problem, the Group has acutely acquired the Datewell group at the end of 2006 which has taken a long term strategic view to develop in the animation business. The acquisition of the copyrights of the 150 episodes of the "PLEASANT GOAT AND BIG BIG WOLF" from our strategic partner promoted our brand's popularity where the episodes were being broadcasted in over 20 provinces in China.

The capability of the Group to facilitate trade in properties from the co-production business has brought the Group huge opportunities for various worldwide partners to leverage the cheap labor cost in China as a world animation factory.

FUTURE PROSPECTS

The Company strives to be Asia's leading animation company and will increase our copyrights in our animation film library and bolster our distribution network. Having the existing brands and with more brands to be added, the Company will put its focus on the children's consumer market without being limited to China, where the Company's capability to license, merchandize and co-produce will gradually grow at a low base.

The Group is shifting its focus to the childen's market where the potential in China is vast. The One-Child Policy in China and the growing economy means that the average spending on one child's education and personal development increases. With our strong co-operation efforts with various strategic partners, the Group's strong position and popularity of the animated characters will create unique opportunity in the animation business in China. The nation-wide-developed brand of the "PLEASANT GOAT AND BIG BIG WOLF" in China will facilitate a strong position for our licensing and merchandizing business.

The Group's strong foothold in China creates a resourceful opportunity for the Group to continue to develop its co-production expertise and to identify a resourceful platform for our worldwide partners to capture the creativity of a talented pool of producers to and from China.

The Board is committed to bringing the best to the shareholders of the Company.

LIQUIDITY AND FINANCIAL RESOURCES

Regarding the Group's liquidity position, its current ratio as at 30 September, 2007 was approximately 57% representing an increase of approximately 3% when compared to that of the previous financial year. Gearing ratio, calculated based on non-current liabilities of approximately HK$8,560 (as at 31 March, 2007 of approximately HK$10,917,000) and shareholders' funds of approximately HK$17,134 (as at 31 March, 2007 shareholder deficit of approximately HK$985,000), was approximately 26% as at 30 September, 2007, representing a decrease of 41% as compared to the last year end figure.

PLEDGE OF ASSETS

As at 30 September, 2007, the Group pledged time deposits of approximately HK$2,118,000 and a film right with carrying value of approximately HK$1,281,000 to banks to secure banking facilities granted to the Group.

EXCHANGE RATE RISK

The Group conducts its business mainly in the denomination of Hong Kong dollars. For transactions in other foreign currencies, the Group has not made any arrangement to hedge the Group's exchange rate risks. Besides, as the majority of the Group's assets are situated in Hong Kong, our exposure to exchange rate fluctuations is minimal.

TREASURY POLICIES

The Group adopts a conservative approach towards its treasury policies. The Group strives to reduce exposure to credit risk by performing ongoing credit evaluations of the financial conditions of its customers. To manage liquidity risk, the Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and commitments can meet its funding requirements.

CONTINGENT LIABILITIES

As at 30 September, 2007, the Company's contingent liabilities were corporate guarantees given to banks of approximately HK$984,000 for banking facilities granted to the Group.

EMPLOYEES AND REMUNERATION POLICIES

The Directors believe that the quality of its employees is the most important single factor in sustaining the Group's reputation and improving its profitability. The staff are remunerated according to their work performance and experience. In addition to basic salaries, pension fund and medical schemes, discretionary bonuses and share options are awarded to some staff based on the assessment of individual performance.

SIGNIFICANT INVESTMENT AND ACQUISITIONS

During the period under review, the Group made no significant investments and had no material acquisitions or disposals of subsidiaries or associates.

RETIREMENT BENEFITS SCHEME

The Group operates a Mandatory Provident Fund Scheme (the "Scheme") for all qualifying employees in Hong Kong. The assets of the schemes are held separately from those of the Group, in funds under the control of trustees. The Group contributes 5% of relevant payroll costs to the Scheme, which contribution is matched by employees.

The employees of the subsidiary in Singapore are members of a state-managed retirement benefits scheme operated by the government of Singapore. The subsidiary is required to contribute certain percentage of their payroll costs, depending on the age of individual employee and its nationality, to the retirement benefits scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefits scheme is to make the specified contributions.

DIRECTORS' AND CHIEF EXECUTIVES' INTERESTS IN SHARES, UNDERLYING SHARES AND DEBENTURES

As at 30 September, 2007, the interests of the Directors and chief executives of the Company in the shares of the Company (the "Shares"), underlying Shares and debentures of the Company and its associated corporations (within the meanings of Part XV of the Securities and Futures Ordinance ("SFO")) which require notification to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of SFO (including interests and short positions which they were taken or deemed to have under such provisions of SFO), or which were required, pursuant to Section 352 of Part XV of the SFO, to be entered in the register referred to therein, or which required, pursuant to the GEM Listing Rules, to be notified to the Company and the Stock Exchange were as follows:
