This announcement, for which the Directors collectively and individually accept full responsibility, includes particulars given in compliance with the GEM Listing Rules for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

EMER International Group Limited

埃謨國際集團有限公司*

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 8149)

CONNECTED TRANSACTIONS

THE SUPPLY AGREEMENTS

On 12 December 2007, Qingdao TSC, a wholly-owned subsidiary of the Company, entered into two conditional sales agreements with YRO in respect of the sale of four sets of burner boom to YRO of which each of the Supply Agreement is in relation to two sets of Equipment. The contract value for the Equipment is RMB6,555,000 in aggregate.

GENERAL

YRO is a non-wholly owned subsidiary of YRS. As at the date of this announcement, YRS through its wholly-owned subsidiary, YRSI, owns approximately 10.9% of the issued share capital of the Company. Therefore, YRO is a connected person of the Company and the Supply Agreements constitute connected transactions of the Company under Chapter 20 of the GEM Listing Rules. The Supply Agreements are subject to Independent Shareholders' approval at the EGM.

A circular containing, among other things, details of the Supply Agreements and the advice from the independent financial adviser to the independent board committee of the Company and the Independent Shareholders in relation to the Supply Agreements will be despatched to the Shareholders as soon as practicable.

THE SUPPLY AGREEMENTS

On 12 December 2007, Qingdao TSC, a wholly-owned subsidiary of the Company, and YRO entered into two conditional sales agreements in respect of the sale of four sets of burner boom to YRO of which each of the Supply Agreement is in relation to two sets of Equipment.

Scope of work

Pursuant to the Supply Agreements, the Group shall design, supply, commission and test the Equipment, check of installation, integrate the Equipment with other systems of YRO; and provide engineering supports and other services required for the manufacture of the Equipment.

Contract value

The contract value of the Supply Agreements for the Equipment is RMB6,555,000 in aggregate.

Payment terms

The consideration of each of the Supply Agreements shall be settled in cash in accordance with four progress milestones, including submission of drawing of the Equipment, obtaining the satisfactory results on the factory acceptance test for the Equipment, delivery of the Equipment to YRO, and delivery of the Equipment from YRO to the end user as stipulated in each of the Supply Agreements. The consideration of each of the Supply Agreements shall be fully paid upon delivery of the respective two sets of the Equipment.

Warranty period

Qingdao TSC shall provide worldwide warranty for the Equipment for a period up to 12 months upon successful commissioning or 18 months upon Equipment complete delivery to YRO's yard, whichever comes first. YRO can extend the warranty period in relation to the work or item of Equipment for a further maximum period of 12 months from the date of replacement or repair. The costs of replacement parts due to normal wear and tear, negligence, misuse, faulty maintenance or unauthorised alteration including freight costs and repair shall be borne by YRO.

Liquidated damages

If Qingdao TSC fails to deliver any of the Equipment or fails to perform any of the services within the stipulated delivery schedule, with the exception of force majeure, Qingdao TSC shall pay YRO liquidated damages not exceeding 10% of the total value of the goods involved in the late delivery. Such liquidated damages payable shall be subject to an aggregate maximum liability equal to 10% of the consideration of the respective Supply Agreement.

Condition precedent

The Supply Agreements are conditional upon the approval by the Independent Shareholders in respect of the resolution for the Supply Agreements and the transactions contemplated thereunder at the EGM.

Completion

The Supply Agreements shall be completed by no later than 1 May 2008 and 1 July 2008 respectively.

The terms of the Supply Agreements are based on arm's length negotiations. The consideration was determined based on the estimated costs of the Equipment. The sale of burner boom are an extension of the Group's existing products and no similar systems were sold by the Group prior to the proposed YRO Sales. The Directors consider that (i) the YRO Sales are of revenue nature and conducted in the ordinary and usual course of business of the Group pursuant to Rule 19.04(1)(g) and note 1 of the GEM Listing Rules; and (ii) the terms of the Supply Agreements are on normal commercial terms; and fair and reasonable. The Directors (including the independent non-executive Directors) consider that the terms of the Supply Agreements offered to YRO are no less favourable than those to be offered to independent third parties.

REASONS FOR AND BENEFITS OF THE YRO SALES

The Group is a product and service provider of onshore and offshore drilling rigs in oil and gas industries. It is principally engaged in the manufacture and sale of onshore and offshore drilling and handling equipment (such as drilling rig control systems, mud pumps and jacking control systems), oilfield supplies (including expendables and accessories for drilling rigs) and also the provision of turnkey solutions for offshore rigs.

The YRS Group is principally engaged in the construction of various marine and offshore rigs including jack-up drilling rigs, semi-submersible drilling rigs, platform supply vessels and luxury yachts. YRSI, a wholly-owned subsidiary of YRS, became a substantial Shareholder in May 2007. As a strategic investor of the Company, YRO purchases the Equipment on mutual interests of the YRS Group and the Group.

The YRO Sales are conducted in the ordinary and usual course of business of the Group. The contract value of the Supply Agreements is RMB6,555,000 in aggregate, representing 3% of the Group's turnover of approximately RMB216.4 million for the year ended 31 December 2006. Therefore, the YRO Sales will increase the turnover of the Group. Furthermore, the YRO sales will raise profit and credit of the Group in the oil and gas industries. More importantly, the Group successfully penetrates into the burner boom market as a result of the YRO sales, and therefore a landmark in the Group's history. The provision of new product lines would increase the revenue base of the Group.

In view of the aforesaid, the Directors (including the independent non-executive Directors) believe that the YRO Sales are in the interests of the Company and the Shareholders as a whole. The Directors also consider that the terms of the Supply Agreements offered to YRO are in the interests of the Company and the Shareholders as a whole.

GENERAL

Save as the sale of cantilever and drilling turnkey equipment packages to YRS as disclosed in the Company's announcements dated 16 July 2007 and 27 August 2007 and the circular dated 7 August 2007; and sale of electrical power control system to YRO and sales of structural design drawings for three cantilever and drilling turnkey packages to YRS as disclosed in the Company's announcement dated 27 November 2007 and the circular dated 12 December 2007, there were no other prior transactions between the Company and (i) YRS; (ii) YRSI; and/or (iii) their respective associates which would require aggregation pursuant to Rule 20.25 of the GEM Listing Rules.

YRO is a non-wholly owned subsidiary of YRS. As at the date of this announcement, YRS through its wholly-owned subsidiary, YRSI, owns approximately 10.9% of the issued share capital of the Company. Therefore, YRO is a connected person of the Company and the Supply Agreements constitute connected transactions of the Company under Chapter 20 of the GEM Listing Rules.

YRSI and its associates are required to abstain from voting at the EGM. Save as disclosed above, to the best knowledge of the Directors, having made all reasonable enquiries, no other Shareholder is required to abstain from voting at the EGM. The Supply Agreements are subject to the approval by the Independent Shareholders by poll. The EGM will be convened and held for the Independent Shareholders to consider and, if thought fit, to approve the Supply Agreements and the transactions contemplated thereunder.

A circular containing, among other things, (i) details of the Supply Agreements; (ii) the advice from the independent financial adviser to the independent board committee of the Company and the Independent Shareholders in relation to the Supply Agreements; (iii) the recommendation from the independent board committee of the Company to the Independent Shareholders in relation to the Supply Agreements; and (iv) the notice of the EGM will be despatched to the Shareholders as soon as practicable.
