CHARACTERISTICS OF GEM

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the Internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

To the Shareholders

Dear Sir or Madam,

**CONNECTED TRANSACTIONS;
PROPOSED CHANGE OF COMPANY NAME;
CHANGE OF BOARD LOT SIZE; AND
NOTICE OF EXTRAORDINARY GENERAL MEETING**

INTRODUCTION

It was announced that on 12 December 2007, Qingdao TSC, a wholly-owned subsidiary of the Company, entered into two conditional sales agreements with YRO in respect of the sale of four sets of burner boom to YRO of which each of the Supply Agreement is in relation to two sets of Equipment. The contract value for the Equipment is RMB6,555,000 in aggregate.

As YRO is a connected person of the Company, the YRO Sales constitute “connected transactions” of the Company under Chapter 20 of the GEM Listing Rules. The EGM will be convened and held for the Independent Shareholders to consider and, if thought fit, to approve the Supply Agreements and the transactions contemplated thereunder.

* For identification purposes only

LETTER FROM THE BOARD

It was further announced that on 14 December 2007, the Board proposed to change the existing name of the Company from “EMER International Group Limited” to “TSC Offshore Group Limited”, and upon the change of name becoming effective, a new Chinese Name “TSC 海洋集團 有限公司” will be adopted to replace “埃謨國際集團有限公司” for identification; and the Board further announced, among others, that the board lot size for trading in the shares on GEM will be changed from 4,000 Shares to 1,000 Shares with effect from 29 February 2008.

The Independent Board Committee, comprising Mr. Chan Ngai Sang, Kenny, Mr. Bian Junjiang and Mr. Guan Zhichuan (all being independent non-executive Directors), has been constituted to advise the Independent Shareholders in respect of the Supply Agreements. South China Capital has been appointed as the independent financial adviser to advise the Independent Board Committee and the Independent Shareholders in this regard.

The purpose of this circular is to provide you with, among other things, (i) details of the Supply Agreements; (ii) the recommendation from the Independent Board Committee to the Independent Shareholders in relation to the Supply Agreements and the Design Agreements; (iii) the letter from South China Capital; (iv) the Proposed Change of Name of the Company; (v) Change of board lot size; and (vi) the notice of the EGM at which ordinary and special resolutions will be proposed to approve these matters.

THE SUPPLY AGREEMENTS

Transactions

Qingdao TSC, a wholly-owned subsidiary of the Company, and YRO entered into two conditional sales agreements in respect of the sale of four sets of burner boom to YRO of which each of the Supply Agreement is in relation to two sets of Equipment.

Scope of work

Pursuant to the Supply Agreements, the Group shall design, supply, commission and test the Equipment, check of installation, integrate the Equipment with other systems of YRO; and provide engineering supports and other services required for the manufacture of the Equipment.

Contract value

The contract value of the Supply Agreements for the Equipment is RMB6,555,000 in aggregate.

Payment terms

The consideration of each of the Supply Agreements shall be settled in cash in accordance with four progress milestones, including submission of drawing of the Equipment, obtaining the satisfactory results on the factory acceptance test for the Equipment, delivery of the

LETTER FROM THE BOARD

Equipment to YRO, and delivery of the Equipment from YRO to the end user as stipulated in each of the Supply Agreements. The consideration of each of the Supply Agreements shall be fully paid upon delivery of the respective two sets of the Equipment.

Warranty period

Qingdao TSC shall provide worldwide warranty for the Equipment for a period up to 12 months upon successful commissioning or 18 months upon Equipment complete delivery to YRO's yard, whichever comes first. YRO can extend the warranty period in relation to the work or item of Equipment for a further maximum period of 12 months from the date of replacement or repair. The costs of replacement parts due to normal wear and tear, negligence, misuse, faulty maintenance or unauthorised alteration including freight costs and repair shall be borne by YRO.

Liquidated damages

If Qingdao TSC fails to deliver any of the Equipment or fails to perform any of the services within the stipulated delivery schedule, with the exception of force majeure, Qingdao TSC shall pay YRO liquidated damages not exceeding 10% of the total value of the goods involved in the late delivery. Such liquidated damages payable shall be subject to an aggregate maximum liability equal to 10% of the consideration of the respective Supply Agreement.

Condition precedent

The Supply Agreements are conditional upon the approval by the Independent Shareholders in respect of the resolution for the Supply Agreements and the transactions contemplated thereunder at the EGM.

Completion

The Supply Agreements shall be completed by no later than 1 May 2008 and 1 July 2008 respectively.

The terms of the Supply Agreements are based on arm's length negotiations. The consideration was determined based on the estimated costs of the Equipment. The sale of burner boom are an extension of the Group's existing products and no similar systems were sold by the Group prior to the proposed YRO Sales. The Directors consider that (i) the YRO Sales are of revenue nature and conducted in the ordinary and usual course of business of the Group pursuant to Rule 19.04(1)(g) and note 1 of the GEM Listing Rules; and (ii) the terms of the Supply Agreements are on normal commercial terms; and fair and reasonable. The Directors (including the independent non-executive Directors) consider that the terms of the Supply Agreements offered to YRO are no less favourable than those to be offered to independent third parties.

LETTER FROM THE BOARD

REASONS FOR AND BENEFITS OF THE YRO SALES

The Group is a product and service provider of onshore and offshore drilling rigs in oil and gas industries. It is principally engaged in the manufacture and sale of onshore and offshore drilling and handling equipment (such as drilling rig control systems, mud pumps and jacking control systems), oilfield supplies (including expendables and accessories for drilling rigs) and also the provision of turnkey solutions for offshore rigs.

The YRS Group is principally engaged in the construction of various marine and offshore rigs including jack-up drilling rigs, semi-submersible drilling rigs, platform supply vessels and luxury yachts. YRSI, a wholly-owned subsidiary of YRS, became a substantial Shareholder in May 2007. As a strategic investor of the Company, YRO purchases the Equipment on mutual interests of the YRS Group and the Group.

The YRO Sales are conducted in the ordinary and usual course of business of the Group. The contract value of the Supply Agreements is RMB6,555,000 in aggregate, representing 3% of the Group's turnover of approximately RMB216.4 million for the year ended 31 December 2006. Therefore, the YRO Sales will increase the turnover of the Group. Furthermore, the YRO sales will raise profit and credit of the Group in the oil and gas industries. More importantly, the Group successfully penetrates into the burner boom market as a result of the YRO sales, and therefore a landmark in the Group's history. The provision of new product lines would increase the revenue base of the Group.

In view of the aforesaid, the Directors (including the independent non-executive Directors) believe that the YRO Sales are in the interests of the Company and the Shareholders as a whole. The Directors also consider that the terms of the Supply Agreements offered to YRO are in the interests of the Company and the Shareholders as a whole.

IMPLICATIONS UNDER THE GEM LISTING RULES

Save as the sale of cantilever and drilling turnkey equipment packages to YRS as disclosed in the Company's announcements dated 16 July 2007 and 27 August 2007 and the circular dated 7 August 2007; and sale of electrical power control system to YRO and sales of structural design drawings for three cantilever and drilling turnkey packages to YRS as disclosed in the Company's announcement dated 27 November 2007 and the circular dated 12 December 2007, there were no other prior transactions between the Company and (i) YRS; (ii) YRSI; and/or (iii) their respective associates which would require aggregation pursuant to Rule 20.25 of the GEM Listing Rules.

YRO is a non-wholly owned subsidiary of YRS. As at the Latest Practicable Date, YRS through its wholly-owned subsidiary, YRSI, owns approximately 10.9% of the issued share capital of the Company. Therefore, YRO is a connected person of the Company and the Supply Agreements constitute connected transactions of the Company under Chapter 20 of the GEM Listing Rules.

LETTER FROM THE BOARD

YRSI and its associates are required to abstain from voting at the EGM. Save as disclosed above, to the best knowledge of the Directors, having made all reasonable enquiries, no other Shareholder is required to abstain from voting at the EGM. The Supply Agreements are subject to the approval by the Independent Shareholders by poll. The EGM will be convened and held for the Independent Shareholders to consider and, if thought fit, to approve the Supply Agreements and the transactions contemplated thereunder.

PROPOSED CHANGE OF COMPANY NAME

For the purpose to reflect the recent expansion of the Group's business, the Board considers that the proposed new name will more accurately reflect the corporate nature of the Company coherence with other subsidiaries' names also with "TSC" named. Furthermore, "TSC" brand has been identified and recognised for over 6 years in oil and gas drilling industries onshore and offshore in the US. Hence, the new name can also refresh the Company's corporate image and identity. The Board will propose a special resolution to the Shareholders of the Company to change the name of the Company to "TSC Offshore Group Limited", and upon the change of name becoming effective, a new Chinese name "TSC海洋集團有限公司" will be adopted to replace "埃謨國際集團有限公司" for identification, at the EGM.

Conditions

The Proposed Change of Name is subject to the satisfaction of the following conditions:

1. the passing of a special resolution by the Shareholders at the EGM to approve the Proposed Change of Name; and
2. the approval of the Proposed Change of Name by the Registrar of Companies in the Cayman Islands.

The Proposed Change of Name shall take effect from the date on which the special resolution approving the Proposed Change of Name is passed by the Shareholders at the EGM, subject to the consent of the Registrar of Companies in the Cayman Islands. Upon the Proposed Change of Name taking effect and the receipt of incorporation on change of name, the Company will carry out the necessary filing procedures with the Registrar of Companies in Hong Kong under Part XI of the Companies Ordinance (Chapter 32 of the Laws of Hong Kong) and with the Registrar of Companies in the Cayman Islands. Subject to the Proposed Change of Name becoming effective, the English and Chinese stock short names of the Company will also be changed. Further announcement on the change of the Company's name and the change in stock short names will be made once the Proposed Change of Name has become effective.

LETTER FROM THE BOARD

Effects on Change of Name

The Proposed Change of Name, once approved and after becoming effective, will not in any way affect any of the rights of any Shareholders and all Existing Share Certificates of the Company in issue bearing the present name of the Company will, after the Proposed Change of Name has become effective, continue to be effective as documents of title to the Shares of the Company and will be valid for trading, settlement and registration purposes. However, New Share Certificates of the Company will be issued under the new name of the Company after the name change has become effective.

PROPOSED AMENDMENTS TO THE ARTICLES OF ASSOCIATION

A special resolution will be proposed at the EGM for the Shareholders to consider, and if thought fit, approve, subject to the passing of the special resolution above in respect the Proposed Change of Name, amendments to the Articles of Association to reflect such change of name. The proposed changes to the Articles of Association shall become effective once the Shareholders duly pass the relevant special resolution at the EGM.

CHANGE OF BOARD LOT SIZE

On 14 December 2007, the Board further announced that the board lot size for trading in the Shares will be changed from 4,000 Shares to 1,000 Shares with effect from 9:30 a.m. on Friday, 29 February 2008.

The change in board lot size will not result in any change in the relative rights of the Shareholders. No odd lots of the Shares will be resulted from the aforesaid change of the board lot size, other than those already existed before such change becoming effective.

Based on the closing price of HK\$5.5 per Share as quoted on the Stock Exchange on 14 December 2007 of the announcement at the existing board lot size of 4,000 Shares, the prevailing board lot value is HK\$22,000. On the basis of the aforesaid closing price and the new board lot size of 1,000 Shares, the new board lot value would be HK\$5,500. The change in board lot size will decrease the value of each board lot of the Shares and is expected to increase interests, particularly among retail investors, in trading in the Shares, thereby enhancing the liquidity of the Shares and broadening the Shareholders base of the Company. The Board considers that the change of the board lot size is in the interest of the Company and its Shareholders as a whole.

Free exchange of share certificates

In respect of the change of board lot size, Shareholders may submit their Existing Share Certificates in board lot(s) of 4,000 Shares (pink in colour) to the Company's branch share registrar in Hong Kong, Tricor Investor Services Limited, at 26th Floor, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong, in exchange for the New Share Certificates in board lots of 1,000 Shares (light blue in colour) free of charge between 9:00 a.m. and 4:00 p.m. on

LETTER FROM THE BOARD

any business day from Friday, 15 February 2008 to Thursday, 27 March 2008 (both dates inclusive). It is expected that New Share Certificates will be available for collection within 10 business days after the submission of the Existing Share Certificates to Tricor Investor Services Limited for exchange.

From 28 March 2008 onwards, exchange of Existing Share Certificates for New Share Certificates can only be made at a cost of HK\$2.50 (or such higher amount as may be allowed by The Stock Exchange of Hong Kong Limited from time to time) for each Existing Share Certificate cancelled or each New Share Certificate issued, whichever number of share certificates involved is higher. All Existing Share Certificates in board lots of 4,000 Shares will continue to be good evidence of legal title to such Shares and will be valid for delivery, trading and settlement purposes.

As from Friday, 29 February 2008, any New Share Certificate will be issued in board lots of 1,000 Shares. The New Share Certificates will be issued in light blue colour in order to distinguish them from the Existing Share Certificates which are in pink colour.

EGM

Set out on pages 26 to 27 of this circular is a notice of the EGM to be held at Function Room I, Ground Floor, City Garden Hotel, 9 City Garden Road, North Point, Hong Kong at 10:00 a.m. on Tuesday, 22 January 2008. Whether or not you intend to attend the EGM, you are requested to complete the enclosed form of proxy in accordance with the instructions printed thereon and return the same to the Company's principal place of business at Unit 1612, 16th Floor, China Merchants Tower, Shun Tak Centre, 200 Connaught Road Central, Hong Kong as soon as possible and in any event not less than 48 hours before the time appointed for holding of the EGM or any adjournment thereof. Completion and return of the form of proxy will not preclude you from attending and voting at the EGM or any adjournment thereof in person should you so wish.

The results of voting taken on a poll at the EGM will be announced by the Company in accordance with the GEM Listing Rules.

PROCEDURES FOR DEMANDING A POLL

Pursuant to article 66 of the articles of association of the Company, at any general meeting a resolution put to the vote of the meeting shall be decided on a show of hands unless (before or on the declaration of the result of the show of hands or on the withdrawal of any other demand for a poll) a poll is demanded: (a) by the chairman of such meeting; or (b) by at least three Shareholders present in person or in the case of a Shareholder being a corporation by its duly authorised representative or by proxy for the time being entitled to vote at the meeting; or (c) by a Shareholder or Shareholders present in person or in the case of a Shareholder being a corporation, by its duly authorised representative or by proxy and representing not less than one-tenth of the total voting rights of all Shareholders having the right to vote at the meeting; or (d) by a Shareholder or Shareholders present in person or in the

LETTER FROM THE BOARD

case of a Shareholder being a corporation by its duly authorised representative or by proxy and holding Shares conferring a right to vote at the meeting being Shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all Shares conferring that right; or (e) by any Director or Directors who, individually or collectively, hold proxies in respect of the Shares representing 5% or more of the total voting rights at such meeting.

RECOMMENDATION

The Independent Board Committee, after taking into account of the advice from South China Capital, considers that the terms and conditions of the Supply Agreements are fair and reasonable, and that the YRO Sales are in the interests of the Company and the Shareholders as a whole and accordingly, recommends the Independent Shareholders to vote in favour of the ordinary resolutions to be proposed at the EGM to approve the Supply Agreements and the transactions contemplated thereunder.

The text of the letter from the Independent Board Committee is set out on page 13 of this circular. The text of the letter from South China Capital containing its advice to the Independent Board Committee and the Independent Shareholders and the principal factors and reasons which it has taken into account in arriving at its advice is set out on pages 14 to 20 of this circular.

The Board believes that the Proposed Change of Name of the Company and the proposed consequential amendments to the Articles of Association set out in the notice of EGM are in the best interest of the Company and the Shareholders as a whole. Accordingly, the Board recommends that all Shareholders should vote in favour of each of the ordinary and special resolutions to be proposed at the EGM.

To the Independent Shareholders

Dear Sir or Madam,

CONNECTED TRANSACTIONS

We have been appointed as members of the Independent Board Committee to advise you in connection with the transactions contemplated under the Supply Agreements, details of which are set out in the letter from the Board in the Company's circular dated 31 December 2007 to the Shareholders (the "Circular"), of which this letter forms part. Terms used in this letter shall have the same meanings as defined in the Circular unless the context otherwise requires.

Your attention is drawn to the letter from South China Capital, containing its advice to us and the Independent Shareholders regarding the fairness and reasonableness of the terms and conditions of the transactions contemplated under the Supply Agreements as set out on pages 14 to 20 of the Circular. Your attention is also drawn to the letter from the Board set out on pages 5 to 12 of the Circular and the additional information set out in the appendix to the Circular.

Having considered the terms of the Supply Agreements and the advice and recommendation of South China Capital, we consider that the YRO Sales are in the ordinary course of business of the Group, the terms of the Supply Agreements are on normal commercial terms; and fair and reasonable to the Independent Shareholders and the entering into of the Supply Agreements are in the interests of the Company and the Shareholders as a whole. We, therefore, recommend the Independent Shareholders to vote in favour of the relevant resolutions to be proposed at the EGM to approve the Supply Agreements and the transactions contemplated thereunder.

Dear Sirs,

CONNECTED TRANSACTIONS

INTRODUCTION

We refer to our appointment as the Independent Financial Adviser to advise the Independent Board Committee and the Independent Shareholders in relation to the YRO Sales, details of which are set out in the letter from the Board (the “Board Letter”) contained in the circular dated 31 December 2007 issued by the Company to the Shareholders (the “Circular”), of which this letter forms part. Terms used in this letter shall have the same meanings as defined in the Circular unless the context requires otherwise.

The Board announced on 12 December 2007 that on even date, Qingdao TSC, a wholly-owned subsidiary of the Company, entered into the Supply Agreements with YRO in respect of the sale of four sets of burner boom to YRO of which each of the Supply Agreements is in relation to two sets of the Equipment. The total contract value of the Supply Agreements for the Equipment is RMB6,555,000 in aggregate. In addition, pursuant to the Supply Agreements, the Group shall design, supply, commission and test the Equipment, check of installation, integrate the Equipment with other systems of YRO; and provide engineering supports and other services required for the manufacture of the Equipment (altogether, the “Services”).

Since YRO is a non-wholly owned subsidiary of YRS, being a substantial shareholder of the Company which also indirectly owned approximately 10.9% of the total issued share capital of the Company through YRSI as at the date of the Supply Agreements, YRO is a connected person of the Company as defined under the GEM Listing Rules. Accordingly, the Supply Agreements constitute connected transactions for the Company under Chapter 20 of the GEM Listing Rules and are subject to the Independent Shareholders’ approval by way of poll at the EGM. YRSI, its subsidiaries and their respective associates shall abstain from voting on the relevant resolution(s) to approve the Supply Agreements and the transactions contemplated therein at the EGM.

LETTER FROM SOUTH CHINA CAPITAL

An Independent Board Committee comprising Messrs. Kenny Chan Ngai Sang, Bian Junjiang and Guan Zhichuan (all being independent non-executive Directors) has been formed to advise the Independent Shareholders on (i) whether the terms of the Supply Agreements are on normal commercial terms and are fair and reasonable so far as the Independent Shareholders are concerned; (ii) whether the YRO Sales are in the ordinary and usual course of business of the Company and are in the interests of the Company and the Shareholders as a whole; and (iii) how the Independent Shareholders should vote in respect of the relevant resolution(s) to approve the Supply Agreements and the transactions contemplated therein at the EGM. We, South China Capital, have been appointed as the Independent Financial Adviser to advise the Independent Board Committee and the Independent Shareholders in this respect.

BASIS OF OUR OPINION

In formulating our opinion to the Independent Board Committee and the Independent Shareholders, we have relied on the statements, information, opinions and representations contained or referred to in the Circular and the information and representations as provided to us by the Directors. We have assumed that all information and representations that have been provided by the Directors, for which they are solely and wholly responsible, are true and accurate at the time when they were made and continue to be so as at the date hereof. We have also assumed that all statements of belief, opinion, expectation and intention made by the Directors in the Circular were reasonably made after due enquiry and careful consideration. We have no reason to suspect that any material facts or information have been withheld or to doubt the truth, accuracy and completeness of the information and facts contained in the Circular, or the reasonableness of the opinions expressed by the Company, its advisers and/or the Directors, which have been provided to us. We consider that we have taken sufficient and necessary steps on which to form a reasonable basis and an informed view for our opinion in compliance with Rule 17.92 of the GEM Listing Rules.

The Directors have collectively and individually accepted full responsibility for the accuracy of the information contained in the Circular and have confirmed, having made all reasonable enquiries, which to the best of their knowledge and belief, there are no other facts the omission of which would make any statement in the Circular misleading.

We consider that we have been provided with sufficient information to reach an informed view and to provide a reasonable basis for our opinion. We have not, however, conducted any independent in-depth investigation into the business and affairs of the Company, or their respective subsidiaries or associates, nor have we considered the taxation implication on the Group or the Shareholders as a result of the YRO Sales. In addition, we have no obligation to update this opinion to take into account events occurring after the issue of this letter. Nothing contained in this letter should be construed as a recommendation to hold, sell or buy any Shares or any other securities of the Company.

LETTER FROM SOUTH CHINA CAPITAL

PRINCIPAL FACTORS AND REASONS CONSIDERED

In arriving at our opinion in respect of the YRO Sales, we have taken into consideration the following principal factors and reasons:

(1) Background of and reasons for the YRO Sales

Business overview of the Group

As extracted from the Board Letter, the Group is a product and service provider of onshore and offshore drilling rigs in the oil and gas industry. The principal business of the Group is (i) the manufacture and sale of onshore and offshore drilling and handling equipment (such as drilling rig control systems, mud pumps and jacking control systems), oilfield supplies (including expendables and accessories for drilling rigs); and (ii) the provision of turnkey solutions for offshore rigs.

Set out below are the operating results of the Group for the nine months ended 30 September 2007 and the two years ended 31 December 2006 as extracted from the Company's unaudited third quarterly report for the nine months ended 30 September 2007 (the "2007 Third Quarterly Report") and its audited annual report for the year ended 31 December 2006 (the "2006 Annual Report") respectively:

	For the nine months ended 30 September 2007 <i>(unaudited)</i>	For the year ended 31 December 2006 <i>(audited)</i>	For the year ended 31 December 2005 <i>(audited)</i>	Year on year change %
<i>RMB'000</i>				
Turnover				
– Electrical equipment	89,837	106,689	43,464	145.47
– Expendable parts and accessories	79,198	105,556	63,207	67.00
– Consultancy services	4,407	4,204	4,245	(0.97)
	173,442	216,449	110,916	95.15
Gross profit	70,949	97,055	46,921	106.85
Profit after tax	19,881	34,138	19,357	76.36

From the above table, we note that the audited total turnover of the Group for the year ended 31 December 2006 rose significantly by approximately 95.15% as compared to the prior year. As confirmed by the Directors, such significant growth was triggered by the outstanding business performance of the Group, especially from the sale of electrical equipment for use in the oil and gas drilling industry.

LETTER FROM SOUTH CHINA CAPITAL

According to the 2007 Third Quarterly Report, we note that it is the Group's strategy to continue its business focus on serving the oil and gas drilling industry worldwide. The Directors expected that the demand for drilling products expendables will remain strong in the future. Moreover, the Directors also believed that the Group shall be at a competitive position to enjoy continual future business growth by leveraging on its lower-cost manufacturing base in the PRC, its international sales and distribution network and the ability of offering complete offshore drilling equipment "turnkey solutions" to its international clients.

Information on YRO and YRS

As extracted from the Board Letter, the YRS Group is principally engaged in the construction of various marine and offshore rigs including jack-up drilling rigs, semi-submersible drilling rigs, platform supply vessels and luxury yachts. As at the date of the Supply Agreements, YRS indirectly held approximately 10.9% of the total issued share capital of the Company through YRSI, a wholly-owned subsidiary of YRS. YRS is therefore deemed to be a substantial Shareholder.

YRO is a non-wholly owned subsidiary of YRS and is principally engaged in the sourcing and construction of various marine and offshore rig components.

Reasons for the YRO Sales

From the Board Letter, we understand that as a strategic investor of the Company, YRO purchases the Equipment from Qingdao TSC on mutual interests of the YRS Group and the Group. The total contract value of the Supply Agreements is RMB6,555,000 in aggregate (the "Contract Value"), representing approximately 3% of the Group's audited turnover of approximately RMB216.4 million for the year ended 31 December 2006. We also note from the Board Letter that the sale of burner booms is an extension of the Group's existing products in the oil and gas drilling industry and the Group has not conducted any sale of similar systems prior to the YRO Sales. As advised by the Directors, the burner booms to be supplied to YRO by Qingdao TSC are one of the various components of offshore rigs. YRO decided to purchase the Equipment from Qingdao TSC instead of directly from the vendors as it can enjoy the Services from the Group pursuant to the Supply Agreements and there are also certain sourcing advantages associated with Qingdao TSC. Although the Group only trades burner booms and has no current plan to manufacture such products by itself, the Directors confirmed that the Group will actively consider selling similar systems to other potential customers should the YRO Sales become successful. For this reason, the Directors are of the view that the YRO Sales will help the Group to penetrate into the burner booms market. The Directors also expected that the YRO Sales will raise profit and credit of the Group in the oil and gas drilling industry and the provision of such new product lines will further expand the revenue base of the Group.

LETTER FROM SOUTH CHINA CAPITAL

Based on (i) the Group's existing strategy to focus on serving the oil and gas drilling industry worldwide; (ii) the YRO Sales will contribute extra turnover and profits to the Group (also see further elaboration under the paragraph headed "Basis of the Contract Value" in this letter); and (iii) the Group may penetrate into the burner booms market as a result of the YRO sales, we concur with the Directors that the YRO Sales align with the future development strategy of the Group and hence are in the ordinary and usual course of business of the Company. Furthermore, we also consider that the YRO Sales are in the interests of the Company and the Shareholders as a whole.

(2) Principal terms of the Supply Agreements

Pursuant to the Supply Agreements, Qingdao TSC agreed to supply and YRO agreed to purchase from Qingdao TSC four sets of burner boom of which each of the Supply Agreements is in relation to two sets of the Equipment. The Contract Value for the Equipment is RMB6,555,000 in aggregate. In addition, the Group shall also provide the Services to YRO.

Basis of the Contract Value

As referred to in the Board Letter, the Contract Value was determined after arm's length negotiation between Qingdao TSC and YRO, with reference to, among other things, the estimated cost of the Equipment.

We have further enquired into the Directors regarding the price determination of the Equipment and were advised by the Directors that a cost-plus basis was applied. After estimating the total costs of purchase of the Equipment, a certain percentage of profit margin was marked up on the costs to arrive at the Contract Value. The Directors also confirmed that such cost-plus basis is commonly used by manufacturers in the equipment manufacturing and trading industry whereby the exact profit margin is determined on a transaction by transaction basis based on arm's length negotiation between the trader and the customer. According to the Directors, the profit margin set by the Company for the YRO Sales is also in line with normal market practice.

We concur with the Directors that the cost-plus basis used by the Group for the price determination of the Equipment is fair and reasonable so far as the Independent Shareholders are concerned as (i) it is in line with general market practice in the equipment manufacturing and trading industry and that the profit margin set by the Company for the YRO Sales is also in line with normal market practice; (ii) it allows the Group to assess the estimated gross profit to be derived from the YRO Sales; and (iii) it enables the Group to charge a mark-up over the total purchase costs of the Equipment. Furthermore, in light of also that no similar systems have been sold by the Group prior to the YRO Sales, we are of the opinion that the cost-plus basis of the Contract Value is in the interests of the Company and the Shareholders as a whole since it can serve as a profit guarantee for the Group in relation to the sale of the Equipment which is a rather new business to the Group.

LETTER FROM SOUTH CHINA CAPITAL

Payment terms

Pursuant to the Supply Agreements, the contract value of each of the Supply Agreements shall be settled in cash in accordance with four progress milestones, including (i) submission of drawing of the Equipment; (ii) obtaining the satisfactory results on the factory acceptance test for the Equipment; (iii) delivery of the Equipment to YRO; and (iv) delivery of the Equipment from YRO to the end user. Moreover, the contract value of each of the Supply Agreements shall be fully paid upon delivery of the respective two sets of the Equipment. We have discussed with the Company regarding the aforementioned terms of payment and were advised by the Directors that such payment terms are in line with the general market practice of the equipment manufacturing and trading industry. We have also requested for copies of the sale and purchase contracts which the Group has entered into with other customers and note that the payment terms as contained therein are similar to those of the Supply Agreements. Given also that such payment terms, as explained by the Directors, were negotiated on arm's length basis after taking into account the funding requirements in providing the Equipment at each stage during the contractual period, we are of the view that the payment terms of the Supply Agreements are fair and reasonable so far as the Independent Shareholders are concerned.

Warranty period

The Supply Agreements also stipulated that the Group shall provide worldwide warranty for the Equipment for a period up to 12 months upon successful commissioning or 18 months upon the Equipment completes delivery to YRO's yard, whichever comes first. In this regard, YRO can also extend the warranty period in relation to the work or item of the Equipment for a further maximum period of 12 months from the date of replacement or repair and the costs of replacement parts due to normal wear and tear, negligence, misuse, faulty maintenance or unauthorised alteration including freight costs and repair shall be borne by YRO. The Directors further confirmed that such warranty period can only be extended when any work or items of the Equipment is rectified or replaced during the original warranty period. According to the Directors, the provision of a warranty period is a common industrial norm of the equipment manufacturing and trading industry in order to ensure the quality of the equipments, and thus to protect the interest of the customers. Having this being the case, we consider the warranty period under the Supply Agreements to be justifiable.

Liquidated damages

Pursuant to the Supply Agreements, if Qingdao TSC fails to deliver any of the Equipment or fails to perform any of the services within the stipulated delivery schedule, with the exception of force majeure, Qingdao TSC shall pay YRO liquidated damages not exceeding 10% of the total value of the goods involved in the late delivery, and such liquidated damages payable shall be subject to an aggregate maximum liability equals to 10% of the contract value of the respective Supply Agreement.

LETTER FROM SOUTH CHINA CAPITAL

We have enquired into the Directors regarding the said clause of liquidated damages and were advised by the Directors that it is also a common industrial norm of the equipment manufacturing and trading industry for the purpose of ensuring that the equipments will be delivered on time. Due to the above reason, in our opinion, it is also justifiable for the Supply Agreements to contain a clause on liquidated damages.

Upon our enquiry, the Directors also further confirmed that the contracts which Qingdao TSC entered into with vendors of the Equipment also contain similar clauses of warranty period and liquidated damages. As a result, the Directors consider that the risk of (i) extra cost associated with replacement or repair of the Equipment; and (ii) surcharges on late delivery of the Equipment, are under considerable control of the Group and has also been partially shifted to the vendors.

Other terms of the Supply Agreements

We have also reviewed the other terms of the Supply Agreements and are not aware of any terms which are uncommon to normal market practice. Based on the above, we consider that (i) the terms of the Supply Agreements are on normal commercial terms and are fair and reasonable so far as the Independent Shareholders are concerned; and (ii) the Supply Agreements are in the interests of the Company and the Shareholders as a whole.

RECOMMENDATION

Having considered the above factors and reasons, we are of the opinion that (i) the terms of the Supply Agreements are on normal commercial terms and are fair and reasonable so far as the Independent Shareholders are concerned; and (ii) the YRO Sales are in the ordinary and usual course of business of the Company and are in the interests of the Company and the Shareholders as a whole. Accordingly, we recommend the Independent Board Committee to advise the Independent Shareholders to vote in favour of the relevant ordinary resolution(s) to be proposed at the EGM to approve the Supply Agreements and the transactions contemplated therein and we recommend the Independent Shareholders to vote in favour of the resolution(s) in this regard.

Yours faithfully,
For and on behalf of
South China Capital Limited
Graham Lam
Director
