## CHARACTERISTICS OF GEM

---

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which these companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The principal means of information dissemination on GEM is publication on the internet website operated by the Stock Exchange. GEM-listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website at “[www.hkgem.com](http://www.hkgem.com)” in order to obtain up-to-date information on GEM-listed issuers.

### RECOMMENDATION

Yours faithfully  
By order of the Board  
**Universal Technologies Holdings Limited**  
**Lau Yeung Sang**  
*Chairman*

This is an explanatory statement given to all shareholders of the Company, as required by the GEM Listing Rules, to provide requisite information of the Repurchase Mandate.

## 1. GEM LISTING RULES FOR REPURCHASES OF SHARES

The GEM Listing Rules permit companies whose primary listing is on the Stock Exchange to repurchase their fully-paid shares on GEM subject to certain restrictions, the more important of which are summarised below:

### (a) Shareholders' approval

All proposed repurchase of securities on the Stock Exchange by a company with primary listing on the Stock Exchange must be approved in advance by an ordinary resolution, either by way of general mandate or by special approval of a particular transaction.

### (b) Share capital

As at the Latest Practicable Date, the issue share capital of the Company comprised 1,503,928,858 shares of HK\$0.01 each.

Subject to the passing of the Resolution No. 5(B) set out in the notice of AGM and on the basis that no further Shares are issued nor repurchased prior to the AGM, the Company would be allowed under the Repurchase Mandate to repurchase a maximum of 150,392,885 shares (being 10% of the Shares in issue as at the Latest Practicable Date) during the period from the date of passing of the Resolution No. 5(B) as set out in the notice up to (i) the conclusion of the next annual general meeting of the Company; (ii) the expiration of the period within which the next annual general meeting of the Company is required by the articles of association of the Company or any applicable law to be held; or (iii) the revocation or variation or renewal of the Repurchase Mandate by ordinary resolution of the shareholders of the Company in general meeting, whichever occurs first.

### (c) Reasons for repurchases

The Directors have no present intention to repurchase any Shares but consider that the Repurchase Mandate will provide the Company with the flexibility to make such repurchase as and when appropriate and is beneficial to the Company. Such repurchases may, depending on the market conditions and funding arrangements at the time, lead to an enhancement of the net asset value of the Company and its assets and/or its earnings and/or its dividend per Share. There might be a material adverse impact on the working capital or gearing position of the Company (as compared with the position disclosed in the audited accounts for the year ended 31 December 2009) in the event that the proposed repurchases pursuant to the Repurchase Mandate were to be carried out in full at any time during the proposed repurchase period. However, the Directors will not propose to exercise the Repurchase Mandate to such an extent as would, in the circumstances, have a material adverse effect on the working capital requirements of the Company or on its gearing levels which in the opinion of the Directors are from time to time appropriate for the Company.

**(d) Funding of repurchases**

Repurchase of the Shares will be funded out of funds legally available for such purpose in accordance with the memorandum and articles of association of the Company and the applicable laws of the Cayman Islands.

The Company is empowered by its memorandum and articles of association to repurchase its Shares. The Cayman Islands law provides that the amount of capital repaid in connection with a share repurchase may only be paid out of either the capital paid up on the relevant Shares, or the profits that would otherwise be available for distribution by way of dividend or the proceeds of a new issue of Shares made for such purpose. The amount of premium payable on redemption may only be paid out of either the profits that would otherwise be available for distribution by way of dividend or out of the share premium of the Company. Under the Cayman Islands law, the repurchased Shares will remain part of the authorised but unissued share capital.

**(e) Undertaking**

None of the Directors nor, to the best of the knowledge and belief of the Directors having made all reasonable enquiries, any of the associates (as defined in the GEM Listing Rules) of any of the Directors has any present intention, in the event that the proposed Repurchase Mandate is approved by the Company's shareholders, to sell Shares to the Company.

At the Latest Practicable Date, no connected person (as defined in the GEM Listing Rules) of the Company has notified the Company that he/she has a present intention to sell Shares to the Company nor has he/she undertaken not to sell any of the Shares held by him/her to the Company in the event that the Company is authorised to make repurchases of Shares.

The Directors have undertaken to the Stock Exchange that, so far as the same may be applicable, they will exercise the powers of the Company to make repurchase pursuant to the Repurchase Mandate and in accordance with the GEM Listing Rules, the memorandum and articles of association of the Company and any applicable laws of the Cayman Islands.

**(f) Effects of the Takeovers Code and minimum public float**

If as a result of a repurchase of Shares, a shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purpose of Rule 32 of the Takeovers Code. As a result, a shareholder, or a group of shareholders acting in concert (within the meaning under the Takeovers Code), depending on the level of increase in the shareholder's interests, could obtain or consolidate control of the Company and become(s) obliged to make a mandatory offer in accordance with Rule 26 of the Takeovers Code.

If the Repurchase Mandate were exercised in full, the percentage shareholding of the substantial shareholders of the Company before and after such repurchase would be as follows:

Substantial Shareholders	Number of Shares	% before Repurchase	% after Repurchase
World One Investments Limited ( <i>Note 1</i> )	418,110,000	27.80%	30.89%
Ever City Industrial Limited ( <i>Note 2</i> )	106,000,000	7.05%	7.83%

*Note:*

- (1) World One Investments Limited is wholly and beneficially owned by Mr. Lau Yeung Sang.
- (2) Ever City Industrial Limited is equally and beneficially owned by Mr. Choi Hung Fai and Mr. Zhou Hang.

In the event that the Directors shall exercise in full the Repurchase Mandate, the total interests of the above substantial shareholders would be increased to approximately the percentage shown in the last column above. Such increase in the interests of the substantial shareholder, World One Investments Limited will be treated as an acquisition for the purpose of the Takeovers Code. Accordingly, World One Investments Limited could obtain or consolidate control of the Company and become obliged to make a mandatory offer in accordance with Rule 26 and Rule 32 of the Takeovers Code. Save as aforesaid, the Directors are not aware of any consequences which may arise under the Takeovers Code as result of any repurchase be made under the Repurchase Mandate.

The Directors will not exercise the Repurchase Mandate (whether in whole or in part) to the extent which would result in the number of Shares being held by the public falling below the relevant minimum prescribed percentage of the Company as required by the Stock Exchange, which is currently 25% of the entire issued share capital of the Company.

## 2. SHARE PURCHASE MADE BY THE COMPANY

The Company had not repurchased any of the Shares during the previous six months immediately preceding the Latest Practicable Date.

**3. SHARE PRICES**

During each of the twelve months preceding the Latest Practicable Date, the highest and lowest traded prices for the Shares on GEM were as follows:

	<b>Highest</b> <i>HK\$</i>	<b>Lowest</b> <i>HK\$</i>
<b>2009</b>		
March	0.145	0.095
