CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (THE "GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

This appendix serves as an explanatory statement required to be sent to the Shareholders pursuant to Rule 13.08 of the GEM Listing Rules to provide the requisite information to you to make an informed decision in relation to the Repurchase Resolution proposed under the notice convening the AGM.

SHARE CAPITAL

As at the Latest Practicable Date, the issued share capital of the Company comprised 662,136,618 Shares. Subject to the passing of the relevant resolution and on the basis that no further Shares are allotted and issued or repurchased between the Latest Practicable Date and the AGM, the Company will be allowed to repurchase a maximum of 66,213,661 Shares during the Relevant Period.

REASONS FOR REPURCHASES

The Directors believe that it is in the best interests of the Company and the Shareholders to have general authority from the Shareholders to enable the Directors to repurchase Shares on a stock exchange. Such repurchase may, depending on market conditions and funding arrangements at the relevant time, lead to an enhancement of the net asset value and/or earnings per Share of the Company. The Repurchase Mandate will only be exercised when the Directors believe that such repurchase(s) will benefit the Company and the Shareholders.

DIRECTORS AND CONNECTED PERSONS

To the best of the knowledge and belief of the Directors having made all reasonable enquiries, none of the Directors and their respective associates has a present intention, in the event that the Repurchase Mandate is approved and exercised, to sell any securities of the Company to the Company and any of its subsidiaries. No connected person of the Company has notified the Company that it has a present intention to sell any securities of the Company to the Company, or has undertaken not to do so, in the event that the Repurchase Mandate is approved and exercised.

FUNDING OF REPURCHASES

In repurchasing Shares, the Company will only apply funds legally available for such purpose, being distributable profit of the Company or proceeds of a fresh issue of Shares made for such purpose in accordance with its Memorandum of Association, the Articles of Association and the laws of the Cayman Islands. The Company will not purchase the Shares on GEM for a consideration other than cash or for settlement otherwise than in accordance with the trading rules of the Stock Exchange from time to time.

There might be a material adverse impact on the working capital or gearing position of the Company as compared with the financial position of the Company as at 31st December 2013 (being the date of its latest published audited consolidated accounts) in the event that the repurchase of Shares were to be carried out in full at any time during the Relevant Period. However, the Directors do not propose to exercise the Repurchase Mandate to such extent as would, in the circumstances, have a material adverse effect on the working capital requirements of the Company or the gearing levels which in the opinion of the Directors are from time to time appropriate for the Company.
