

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of CHINA PRIMARY RESOURCES HOLDINGS LIMITED (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. MANAGEMENT DISCUSSION AND ANALYSIS

Business review and future outlook

Turnover of the Group for the six months ended 30 June 2014 was increased when compared to the corresponding period in 2013. Turnover of the Group for the current period included the turnover of the liquefied natural gas (the “LNG”) business from June 2014. However, there is still much room for the turnover to improve. The Board believes that turnover of the Group will be improved with the new LNG business and anticipated improvement of the Polyethylene pipes (“PE pipes”) business.

With the acquisition of Can Guang Petrochemical (Fujian) Co., Ltd.* and the formation of Jiang Xi China Primary Energy Limited* in the period under review, the natural gas business is heading the right position and become one of the major business of the Group.

The Board and management have been working closely to strengthen the sale network with existing customers and in the meantime, looking for new customers so as to expand the customer portfolio. The above efforts on customer portfolio have strengthened the foundation of the Group and could lead to success in the long term. Currently, the customer portfolio is stable and continues to grow. With the new LNG business, the Board believes the turnover and the result of the Group will be much better in the third quarter of 2014 and thereafter.

As mentioned above, due to low turnover and relatively high production fixed costs, the gross margin was not meeting target. However, with the anticipated higher turnover under improved turnover and a strengthened customer portfolio, gross margin will definitely improve in the third quarter of 2014 and in the long term.

The business segment of the PE pipes has been the core business of the Group during the period under review and continued as one of the main business of the Group in 2014. The PE pipes are products employed for construction and city development in the People's Republic of China (the "PRC"). The Group's major customers are the government and public entities, or their suppliers, from different provinces and cities in the PRC. Given the continue development of the PRC economy and improvement of the property market in the long term, the Board believes that the demands for the PE pipes are both sustainable and look set to increase.

In the meantime, the Board has been exploring possible investing opportunities to increase the Company's value.

Deed of Settlement and disposal of subsidiaries

On 31 October 2007, the Company issued to Lehman Brothers Commercial Corporation Asia Limited ("Lehman Brothers") (the "Bondholder") the then 4.5% convertible bonds of the Company in the principal amount of approximately HK\$246 million (the "Convertible Bonds" or "Bonds") which was due on 31 October 2010. On 17 September 2010, the Company, the Bondholder and the joint and several liquidators of Lehman Brothers (the "Liquidators") entered into the original agreement (the "Original Deed of Settlement") to set out the terms for the redemption of the Bonds. Details of the Original Deed of Settlement were set out in the announcement of the Company dated 27 September 2010 and the circular of the Company dated 11 October 2010. On 27 October 2010, the Original Deed of Settlement was approved by the Shareholders. Pursuant to the Original Deed of Settlement, the redemption of the Bonds is subject to fulfillment of certain conditions including but not limited to the transfer of the Sale Interest (as defined below) to the Bondholder or any third party as directed by the Bondholder and the payment of an aggregate amount of HK\$85 million. As at the date of this report, an aggregate payment of HK\$85 million has been made to the Bondholder but the transfer of such Sale Interest has not been effected as the necessary approvals and consent for the transfer of the 70% equity interest in ARIA LLC, a company incorporated in Mongolia with limited liability ("ARIA"), to Lehman Brothers or other third party in accordance with the terms of the Original Deed of Settlement (the "ARIA Transfer") has not been obtained from the relevant government authorities in Mongolia. Thus, the redemption of the Bonds has not been completed as at the date of this report.

Pursuant to the Original Deed of Settlement, the Sale Interest represents 100% of the issued share capital of Zhong Ping Resources Holdings Limited (“Zhong Ping”), a company incorporated in the British Virgin Islands (“BVI”) with limited liability (being the holder of the 70% equity interest in ARIA), or, at the sole and absolute discretion of the Bondholder, all of the assets held directly or indirectly by Zhong Ping. Subsequently, the Bondholder elected to receive a transfer of the 70% equity interest in ARIA. To the best knowledge of the Directors, the registration of the ARIA Transfer could not be completed without a new joint venture agreement between a new shareholder and Selenge Mining LLC, a company organized and existing under the laws of Mongolia (the “Minority Shareholder”), having been agreed, signed and registered with the Legal Entity Registration Office of Mongolia. Due to the prolonged commercial negotiation between the Bondholder and the Minority Shareholder, it is unpredictable when a new joint venture agreement can be agreed and signed.

After negotiations with the Bondholder and the Liquidators, the Company entered into a supplemental deed on 15 January 2014 (the “Supplemental Deed”) with the Bondholder and the Liquidators, pursuant to which the Bondholder agreed to accept the transfer of the Zhong Ping Shares and revoke its election to receive the 70% equity interest in ARIA. Under such amendment, the transfer of the Zhong Ping Shares can be effected without the approvals and consent required for the ARIA Transfer in Mongolia as Zhong Ping is a BVI company and is wholly-owned by the Company.

Pursuant to the Original Deed of Settlement and the Supplemental Deed, the Company agrees to pay a total of approximately HK\$122,000,000 and to transfer the Sale Interest (which is classified as assets classified as held for sale and liabilities associated with assets classified as held for sale) to the Bondholder for the full settlement of the Bonds. The long-stop date has been extended several times to 22 August 2014 to allow more time for the transfer of the Sale Interest.

Details are set out in the announcements dated 27 September 2010, 28 October 2011, 28 December 2011, 24 February 2012, 27 March 2012, 29 May 2012, 28 August 2012, 27 December 2012, 27 June 2013, 30 September 2013, 31 October 2013, 29 November 2013, 30 December 2013, 15 January 2014, 29 April 2014, 23 May 2014, 20 June 2014 and 17 July 2014 and the circulars dated 11 October 2010 and 12 March 2014 of the Company.

Loan Agreement

Taking into account the current financial position of the Company, the Company has entered into a loan agreement (the “Loan Agreement”) with an independent third party to finance the payment of the non-refundable deposit in the sum of HK\$6 million (the “Deposit”) and the amount in HK\$ that is equal to the HK\$ equivalent of RMB24,000,000 (the “Fourth Payment Amount”). On 15 January 2014, the Company (as borrower) and Excel Sino Investments Limited (as lender) entered into the Loan Agreement, pursuant to which the Lender agreed to provide loans up to HK\$38.0 million to the Company for the payment of the Deposit and the Fourth Payment Amount as required under the Supplemental Deed.

COMPLIANCE WITH CORPORATE GOVERNANCE CODE

The Company applied the principles and complied with the code provisions set out in the Corporate Governance Code contained in Appendix 15 of the GEM Listing Rules throughout the six months ended 30 June 2014 save for the followings.

Code Provision A.2.1

Code Provision A.2.1 stipulates that the roles of chairman and chief executive should be separate and should not be performed by the same individual.

During the period under review, the Group still did not have an officer with the title of “Chief Executive” (the “CE”). The Code envisages that the management of the Board should rest on the Chairman, whereas the day-to-day management of the Company’s business should rest on the CE. Ms. Ma Zheng, the Chairman, is also the director of the Company’s production plant in Yichang City. This constitutes a deviation of Code Provision A.2.1. The Board still holds the view that this arrangement is appropriate for the Company but we do not compromise accountability and independent decision making for this since we have the Audit Committee, all members of which are independent non-executive Directors, to help to ensure the accountability and independence of Ms. Ma Zheng.

Code Provision A.4.1

Code Provision A.4.1 stipulates that non-executive Directors should be appointed for a specific term, subject to re-election.

During the period under review, the Company has three independent non-executive Directors, they are Mr. Wan Tze Fan Terence, Mr. Chung Chin Keung and Mr. Wang Xiao Bing. Except for Mr. Chung Chin Keung and Mr. Wang Xiao Bing who are appointed for a specific term of two years, Mr. Wan Tze Fan Terence is not appointed for specific terms. However, he is subject to retirement by rotation at least once every three years in accordance with the Company’s Articles of Association. The Board has discussed and concluded that the current practice of appointing non-executive directors without specific terms but otherwise subject to retirement and re-election is fair and reasonable, and therefore will not change the terms of appointment of Mr. Wan Tze Fan Terence.

**CODE OF CONDUCT REGARDING SECURITIES TRANSACTIONS
BY DIRECTORS**
