## 2 BASIS OF PREPARATION

The unaudited condensed consolidated financial information for the nine months ended 31 March 2015 comprises the Company and its subsidiaries.

The unaudited condensed consolidated financial information are presented in Hong Kong dollars ("HK\$") which is the same as the functional currency of the Company.

The unaudited condensed consolidated financial information for the nine months ended 31 March 2015 has been prepared in accordance with Hong Kong Accounting Standards ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and the disclosure requirements of the GEM Listing Rules. This unaudited condensed consolidated financial information should be read in conjunction with the annual financial statements for the year ended 30 June 2014, which have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS").

Prior to and following the Reorganisation, the Company and its subsidiaries were and are directly or indirectly controlled by the same shareholders. Accordingly, the Reorganisation has been accounted for as a reorganisation of businesses under common control in a manner similar to a uniting of interests. The comparative figures in the unaudited condensed consolidated financial information have been prepared on the merger basis as if the Company has been the holding company of these companies comprising the Group at the end of the previous reporting period, or since the dates of their incorporation or establishment.

The basis of preparation and accounting policies adopted in preparing these unaudited condensed consolidated financial information are consistent with those adopted in the preparation of the Group's annual financial statements for the year ended 30 June 2014, except for the adoption of the new and revised HKFRS that have become effective for accounting period beginning on 1 July 2014.

The adoption of the new and revised HKFRS did not have any significant effect on these unaudited condensed consolidated financial information.

The Group has not early adopted the new and revised HKFRS that have been issued but are not yet effective for the current accounting period of the Group.

The preparation of unaudited condensed consolidated financial information in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Group's accounting policies.

The weighted average number of ordinary shares in issue during the nine months ended 31 March 2015 and 2014 used in the basic earnings per share calculation is determined on the assumption that the 20 ordinary shares issued during the Reorganisation (Note 1) and the 299,999,980 ordinary shares issued upon the capitalisation issue (Note 1) had been in issue throughout the nine months ended 31 March 2015 and 2014.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **BUSINESS REVIEW AND PROSPECTS**

Our principal activities are to provide customised healthcare staffing solution services to individuals and institutional clients in a timely manner as well as duty opportunities to self-employed healthcare personnel registered with us.

In line with the increase in demand for healthcare and elderly services, as well as personal care, rehabilitation and home care services arising from ageing population in Hong Kong, the demand for quality or customised healthcare services has grown up for the nine months ended 31 March 2015 as compared with that of the corresponding period of 2014.

The revenue of our Group for the nine months ended 31 March 2015 was approximately HK\$33.8 million, representing an increase of approximately 29.4% as compared with that of the corresponding period in 2014 (2014: HK\$26.2 million). Profit attributable to equity holders of our Company for the nine months ended 31 March 2015 was approximately HK\$15.3 million, representing an increase of approximately 80.9% as compared with that of the corresponding period of 2014 (2014: HK\$8.5 million).

As to the industry outlook, taking into account the factors of prolonged shortage of permanent workforce of both healthcare professional personnel and healthcare supporting personnel and increase in demand for healthcare and elderly services (such as personal care, rehabilitation and home care services) with the ageing population in Hong Kong, our management is optimistic towards expanding our healthcare personnel pool, enhancing our healthcare staffing solution services to our clients and maintaining the leading position as a pioneer healthcare staffing solution services provider in Hong Kong.

To provide holistic healthcare staffing solution services to our clients and in line with our business plan as stated in the Prospectus, we have developed our outreach services team to commence the provision of case assessment related services since January 2015.

We are always ready to go the extra mile to promote our business. During the nine months ended 31 March 2015, we set up a member services center for handling registration of healthcare personnel, enhancing the delivery of information of our Group, and retailing a wide variety of beauty, health and personal care products at a special price to our members (including but not limited to our customers and healthcare personnel registered with our Group). We believe this move can enhance our Group's brand recognition, attract more potential customers to use our healthcare staffing solution services and more healthcare personnel to register with our Group, and bring our members closer to our Group.

## **FINANCIAL REVIEW**

### **Revenue**

The revenue of our Group for the nine months ended 31 March 2015 was approximately HK\$33.8 million, representing an increase of approximately 29.4% as compared with that of approximately HK\$26.2 million for the nine months ended 31 March 2014. The increase in revenue was mainly due to our effort in the improvement of differential rate earned and the increasing demand of healthcare personnel assignment from individual clients and social service organisations, slightly offset by the decrease of healthcare staffing service to hospitals.

### **Other income**

Advertising income mainly represents income from advertisements placed by advertisers in our BamBoOs! Life, a magazine edited and published by our Group for free distribution. The increase of other income from approximately HK\$1.4 million for the nine months ended 31 March 2014 to approximately HK\$1.8 million for the nine months ended 31 March 2015 was mainly driven by administration fee in relation to registration and application matters received from healthcare personnel and our clients, income generated from healthcare related activities and sales of goods offered at our member services centre.

### **Expenses**

Our employee benefit expenses increased from approximately HK\$5.0 million for the nine months ended 31 March 2014 to approximately HK\$8.9 million for the nine months ended 31 March 2015, which was mainly attributable to the increase in key management compensation, average number of employees and discretionary bonus paid to our staff.

Other operating expenses decreased from approximately HK\$10.0 million for the nine months ended 31 March 2014 to approximately HK\$7.1 million for the nine months ended 31 March 2015, which was mainly resulted from the offsetting effect of: (a) significant decrease in recognition during the period under review of non-recurring professional fees for the preparation of the Listing; and (b) recognition of professional service fees and public relation fees incurred after the Listing and up to the period under review.

### **Finance costs**

Finance costs represented the interest expenses on bank borrowings. Finance costs were approximately HK\$0.2 million for the nine months ended 31 March 2015, representing a decrease of approximately HK\$0.1 million from approximately HK\$0.3 million for the nine months ended 31 March 2014. The decrease was primarily due to the repayment of the bank borrowing amounting to HK\$12 million drawn in September 2012 and the subsequent replacement of a new bank borrowing amounting to HK\$7 million drawn in July 2014.

## **Income tax expense**

Income tax expense amounted to approximately HK\$3.4 million for the nine months ended 31 March 2015, representing an increase of approximately 2.9% as compared with that of approximately HK\$3.3 million for the nine months ended 31 March 2014. The increase is proportionately less than the increase in profit before income tax as a result of the decrease in non-recurring professional service fees incurred for the preparation of the Listing which is non-deductible for Hong Kong tax purposes from approximately HK\$6.9 million for the nine months ended 31 March 2014 to approximately HK\$0.2 million for the nine months ended 31 March 2015. Consequently, the Group's effective tax rate decreased from approximately 28.1% for the nine months ended 31 March 2014 to approximately 18.2% for the nine months ended 31 March 2015.

## **Profit for the period attributable to equity holders of the Company**

Profit attributable to equity holders of the Company amounted to approximately HK\$15.3 million for the nine months ended 31 March 2015, representing an increase of approximately 80.9% as compared with that of approximately HK\$8.5 million for the nine months ended 31 March 2014, which was mainly resulted from the operating performance as analysed above.

## **LIQUIDITY, FINANCIAL RESOURCES AND FUNDING**

Our Group remained in a healthy and sound liquidity position as at 31 March 2015. Our working capital needs and other capital requirements have been met through a combination of shareholders' equity, cash generated from operations and bank borrowings. Going forward, we intend to finance our future operations and capital expenditures with cash flow from operating activities, banking facilities made available to us and the net proceeds from the Placing. Our primary uses of cash have been and are expected to continue to be operating costs and capital expenditure.

## **CONTINGENT LIABILITIES**

As at 31 March 2015, our Group had no significant contingent liabilities.

## **PURCHASE, REDEMPTION OR SALE OF LISTED SECURITIES**

During the nine months ended 31 March 2015, neither our Company nor any of our subsidiaries had purchased, redeemed or sold any of our Company's listed securities.

## **INTERESTS OF THE COMPLIANCE ADVISER**

As notified by Halcyon Capital Limited ("Halcyon"), compliance adviser of our Company, neither Halcyon nor any of its close associates (as defined in the GEM Listing Rules) and none of the directors or employees of Halcyon had any interest in the share capital of our Company or any member of our Group (including options or rights to subscribe for such securities, if any) which is required to be notified to our Company pursuant to Rule 6A.32 of the GEM Listing Rules as at 31 March 2015.

Pursuant to the agreement dated 30 June 2014 entered into between Halcyon and our Company, Halcyon received and will receive fees for acting as our Company's compliance adviser.

## **COMPLIANCE OF CODE OF CONDUCT FOR DIRECTORS' SECURITIES TRANSACTIONS**

Our Company has adopted a code of conduct regarding securities transactions by directors on terms no less exacting than the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules. Having made specific enquiry of all Directors, all Directors confirmed that they had complied with the required standard of dealings and the code of conduct regarding securities transactions by directors adopted by our Company throughout the period from the Listing Date and up to 31 March 2015.

## **CORPORATE GOVERNANCE**

Our Board is committed to ensuring and upholding a high standard of corporate governance, transparency and business practices, which are fundamental to achieving our Group's vision of becoming or continuing to be a leading, most respected and fast growing provider of healthcare staffing solution services in Hong Kong and protecting the overall interests of our Company and our shareholders.

Our Company's corporate governance practices are based on the principles of the Corporate Governance Code (the "CG Code") as set out in Appendix 15 to the GEM Listing Rules. Throughout the period from the Listing Date and up to 31 March 2015, our Company had complied with the applicable code provisions set out in the CG Code.

## **AUDIT COMMITTEE**

Our Board established the audit committee with written terms of reference in compliance with the GEM Listing Rules.

Our audit committee comprises three independent non-executive Directors, namely Mr. Lam Cheung Wai, Professor Chan Chi Fai, Andrew and Dr. Luk Yim Fai. Mr. Lam Cheung Wai is the chairman of our audit committee.

The audit committee had reviewed and discussed with the management of our Company the accounting principles and practices adopted by our Group and the unaudited condensed consolidated financial information of our Group for the nine months ended 31 March 2015, as well as internal controls and other financial reporting matters.
