INTERIM REPORT
2015/16

* For identification purpose only

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this interim report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this interim report.

This interim report, for which the directors (the "Directors") of ICO Group Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this interim report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this interim report misleading.

This interim report will remain on the Stock Exchange's website at www.hkexnews.hk on the "Latest Company Announcements" page for at least seven days from the date of its posting. This interim report will also be published on the Company's website at www.ico.com.hk.

MANAGEMENT DISCUSSION AND ANALYSIS

The Group is principally engaged in the following businesses: (i) provision of IT application and solution development services; (ii) provision of IT infrastructure solutions; (iii) provision of secondment services; and (iv) provision of maintenance and support services.

BUSINESS REVIEW AND OUTLOOK

For the six months ended 30 September 2015 ("Interim 2015"), the Group's operations and business achieved a significant growth when compared to the results for the six months ended 30 September 2014 ("Interim 2014").

Provision of IT application and solution development services

This segment provides design and implementation of IT application solution and procurement of third party hardware and software. The revenue generated from this segment during Interim 2015 amounted to approximately HK\$100.7 million, representing approximately 41% of the total revenue for Interim 2015. The revenue derived from this segment increased by approximately 14.1 times from approximately HK\$6.7 million for Interim 2014 to approximately HK\$100.7 million for Interim 2015. The increase was primarily due to significant amount of revenue recognised from a number of sizable IT projects in the government and financial sectors which were not yet commenced in Interim 2014, including the Group's largest IT project in progress.

Provision of IT infrastructure solutions

This segment provides IT infrastructure solutions services and sale of related IT hardware and software. The revenue generated from this segment accounted for approximately 47% of the total revenue for Interim 2015. The revenue from this segment increased by approximately 1.3 times from approximately HK\$50.2 million for Interim 2014 to approximately HK\$115.8 million for Interim 2015, the increase was primarily due to (i) the Group expanded its market in the financial sector as a result of its increased marketing effort on this sector; (ii) demand from existing customers increased due to their needs for technological refreshment; and (iii) the expansion of the Group's sales channel in the general business sector during Interim 2015.

Provision of secondment services

This segment provides secondment services for a fixed period of time pursuant to secondment service agreements. The revenue generated from this segment amounted to approximately HK\$13.9 million, representing approximately 6% of the total revenue for Interim 2015. The revenue derived from this segment decreased by approximately 36% from approximately HK\$21.9 million for Interim 2014 to approximately HK\$13.9 million for Interim 2015, the decrease was primarily due to (i) the completion of several secondment contracts during the year ended 31 March 2015; and (ii) the decrease in demand for seconded staff from one of the Group's major secondment customers.

Provision of maintenance and support services

This segment provides maintenance and support services. The revenue generated from this segment amounted to approximately HK\$14.5 million, representing approximately 6% of the total revenue for Interim 2015. The revenue derived from this segment increased by approximately 46% from approximately HK\$9.9 million for Interim 2014 to approximately HK\$14.5 million for Interim 2015, the increase was primarily due to several new maintenance and support services agreements were awarded by existing customers from the IT infrastructure solutions segment subsequent to the completion of IT infrastructure solution services during the year ended 31 March 2015.

Despite the significant growth of the Group's business during Interim 2015, the Group continues to face various risk and uncertainties which may adversely affect its business, results and financial position. The risk and uncertainties facing by the Group are detailed under the section headed "Risk Factors" in the prospectus of the Company dated 10 March 2015 (the "Prospectus"). In order to mitigate the risks, the management of the Group would closely monitor the operations and financial position of the Group, as well as maintaining good relationship with customers and suppliers.

MANAGEMENT DISCUSSION AND ANALYSIS

Looking forward, the Group believes that in an increasingly competitive business environment, establishing strategic alliances and joint ventures with business partners and investing in new opportunities will be critical to the development of the Group. We therefore will, from time to time, continue to explore for opportunities to create shareholders' value through investing and acquiring interests in companies or projects with promising outlooks and prospects. Given the Group had continued to carry out the expansion plan as disclosed in the Prospectus, including expansion of IT application and solution development business and exploring merger, acquisition or business collaboration etc., the Group will also explore business opportunities in providing O2O (online to offline) e-commerce platforms, mobile applications and "cloud" applications, as well as provision of mobile application products and services.

The Board is of the view that potential new investment, acquisition and business engagements together with the existing business will bring further value to the Company and its shareholders as a whole.

FINANCIAL REVIEW

Revenue

The Group's revenue for Interim 2015 amounted to approximately HK\$244.9 million, representing an increase of approximately HK\$156.2 million or 1.8 times compared to Interim 2014 (2014: approximately HK\$88.7 million). The increase was mainly attributable to the combined effect of: (i) the increase in revenue generated from provision of IT application and solution development services of approximately HK\$94.0 million; (ii) the increase in revenue generated from provision of IT infrastructure solutions of approximately HK\$65.6 million; (iii) the increase in revenue generated from provision of maintenance and support services of approximately HK\$4.6 million; and (iv) the decrease in revenue generated from provision of secondment services of approximately HK\$8.0 million.

Gross profit and gross profit margin

The gross profit of the Group increased by approximately 91% from approximately HK\$20.7 million for Interim 2014 to approximately HK\$39.6 million for Interim 2015, while the gross profit margin of the Group decreased from approximately 23% for Interim 2014 to approximately 16% for Interim 2015. The increase in the gross profit of the Group was primarily due to the increase in gross profit generated from provision of IT infrastructure solutions and provision of IT application and solution development services, which was in line with the increase in revenue generated from these segments. The decrease in gross profit margin was primarily due to (i) the decrease in the gross profit margin for the IT application and solution development services segment resulted from the adoption of a competitive pricing strategy for the Group's largest IT project in progress; (ii) the decrease in gross profit margin for fixed price secondment service agreements following the annual salary increment for seconded staff; and (iii) the increase in subcontracting agreements of maintenance and support services entered into by the Group for Interim 2015 which led to a relatively lower gross profit margin for the maintenance and support segment.

Administrative expenses

The Group's administrative expenses for Interim 2015 amounted to approximately HK\$20.8 million, representing an increase of approximately HK\$2.3 million or 12% as compared to Interim 2014 (2014: approximately HK\$18.5 million). Such increase was mainly due to (i) the increase in sales commission paid to sales staff of the Group as compared with Interim 2014 which was in line with the increase in gross profit of the Group; (ii) the increase in professional fee in relation to corporate actions made pursuant to the requirements of the GEM Listing Rules; and (iii) the increase in overall office rental in relation to a new rented office premise due to the expansion of the Group's business.
