Hang Bong Commercial Centre,
No. 28 Shanghai Street,

Hong Kong

Dear Sirs,

In accordance with your instructions to value the property interests held by Ching Lee Holdings Limited (the "Company") and its subsidiaries (hereinafter together referred to as the "Group") in Hong Kong, we confirm that we have carried out inspections, made relevant enquiries and searches and obtained such further information as we consider necessary for the purpose of providing you with our opinion of the market values of the property interests as at 31 October 2015 (the "valuation date").

Our valuation is carried out on a market value basis. Market value is defined as "the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion".

We have valued the property interests in Group I which are held and occupied by the Group and property interests in Group II which are to be disposed by the Group by direct comparison approach assuming sale of the property interests in their existing state with the benefit of immediate vacant possession and by making reference to comparable sales transactions as available in the relevant market.

We have also attributed no commercial value to the property interests in Group III, which has not been assigned to the Group as at the valuation date, thus the title of the property is not vested in the Group.

Our valuation has been made on the assumption that the seller sells the property interests in the market without the benefit of a deferred term contract, leaseback, joint venture, management agreement or any similar arrangement, which could serve to affect the value of the property interests.

No allowance has been made in our report for any charge, mortgage or amount owing on any of the property interests valued nor for any expense or taxation which may be incurred in effecting a sale. Unless otherwise stated, it is assumed that the properties are free from encumbrances, restrictions and outgoings of an onerous nature, which could affect their values.

In valuing the property interests, we have complied with all requirements contained in Chapter 8 of the Rules Governing the Listing of Securities on the Growth Enterprise Market issued by The Stock Exchange of Hong Kong Limited; the RICS Valuation — Professional Standards published by the Royal

Institution of Chartered Surveyors; the HKIS Valuation Standards published by the Hong Kong Institute of Surveyors; and the International Valuation Standards published by the International Valuation Standards Council.

We have relied to a very considerable extent on the information given by the Group and have accepted advice given to us on such matters as tenure, planning approvals, statutory notices, easements, particulars of occupancy, lettings, and other relevant matters.

In valuing the property interest of the Group in Hong Kong held under the Government Leases expiring before 30th June, 1997, we have taken into account the stipulations contained in Annex III of the Joint Declaration of the Government of the United Kingdom and the Government of the People's Republic of China on the question of Hong Kong and the New Territories Leases (Extension) Ordinance 1988 that such leases have been extended without premium until 30th June 2047 and that a rent of three per cent of the then ratable value is charged per annum from the date of extension.

We have caused searches to be made at the Hong Kong Land Registry. However, we have not searched the original documents to verify the ownership or to ascertain any amendment.

We have not carried out detailed measurements to verify the correctness of the areas in respect of the properties but have assumed that the areas shown on the title documents and official site plans handed to us are correct. All documents and contracts have been used as reference only and all dimensions, measurements and areas are approximations. No on-site measurement has been taken. We have inspected the exterior and where possible, the interior of the properties. However, we have not carried out investigation to determine the suitability of the ground conditions and services for any development thereon. Our valuation has been prepared on the assumption that these aspects are satisfactory and that no unexpected cost and delay will be incurred during construction. Moreover, no structural survey has been made, but, in the course of our inspection, we did not note any serious defect. We are not, however, able to report whether the properties are free of rot, infestation or any other structural defect. No tests were carried out on any of the services.

The site inspection was carried out on 25 November 2015 by Mr. Isaac Yip and Ms. Tracy Yuen. Mr. Isaac Yip has 10 years' experience in the valuation of properties in Hong Kong.

We have had no reason to doubt the truth and accuracy of the information provided to us by the Group. We have also sought confirmation from the Company that no material factors have been omitted from the information supplied. We consider that we have been provided with sufficient information to arrive at an informed view, and we have no reason to suspect that any material information has been withheld.

Unless otherwise stated, all monetary figures stated in this report are in Hong Kong Dollar (HKD).

Our valuation is summarised below and the valuation certificates are attached.

Yours faithfully, for and on behalf of
Jones Lang LaSalle Corporate Appraisal and Advisory Limited
Eddie T. W. Yiu

Director

Note: Eddie T.W. Yiu is a Chartered Surveyor who has 21 years' experience in the valuation of properties in Hong Kong and the PRC as well as relevant experience in the Asia-Pacific region.
