INFORMATION ABOUT THE PURCHASER

The Purchaser is a company incorporated in the Cayman Islands with limited liability and the issued shares of which are listed on GEM (stock code: 8018).

The Purchaser and its subsidiaries are principally engaged in the provision of financial trading software solutions, provision of other internet financial platforms, provision of referral services, money lending business, assets investments, provision of corporate finance advisory services and provision of property management and property agency services in Hong Kong.

Set out below is a summary of certain financial information of the Purchaser and its subsidiaries for the two financial years ended 31 December 2015 and 2014 as extracted from the 2015 annual report of the Purchaser:-

	For the year ended 31 December 2015 <i>(audited)</i>	For the year ended 31 December 2014 <i>(audited)</i>
Net (loss)/profit before tax	HK\$(13,539,632)	HK\$14,031,544
Net (loss)/profit after tax	HK\$(16,269,084)	HK\$11,318,955

According to the 2016 interim report of the Purchaser, the unaudited total asset value and net asset value of the Purchaser as at 30 June 2016 were approximately HK\$216,261,000 and HK\$162,640,000 respectively.

REASONS FOR AND BENEFITS OF THE DISPOSAL

The Group is principally engaged in (i) research, development and distribution of personal computer performance software, anti-virus software, mobile phone applications and toolbar advertisement, (ii) investment in securities, (iii) money lending business, (iv) provision of insurance and mandatory provident fund schemes brokerage business and (v) provision of corporate management solutions and information technology contract services.

The Directors consider that the Disposal, if materializes, represents an opportunity of the Group to realise part of its investment in the Target at a reasonable price and allocate resources for the development of other business of the Group. One of the principal business of the Group is investment in securities. The taking up of the Consideration Shares provides the Group with a good investment opportunity to expand and diversify its investment portfolio. Upon Completion, the Company, through the Purchaser, will hold approximately 17.75% of the enlarged issued share capital of the Purchaser (assuming there is no change in the issued share capital of the Purchaser from the date of the SP Agreement and up to the Completion Date) and thus become a substantial shareholder of the Purchaser. Such Consideration Shares will be classified as a long term investment of the Group. The Directors consider that the acquisition of the Consideration Shares from the Purchaser will not affect the cash position of the Company. As two of the principal business of the Purchaser Group are the provision of financial trading software solutions and the provision of other internet financial platforms (both are in the nature of I.T. business), the Group may form strategic alliance with the Purchaser Group, particularly in the field of the provision of corporate management solutions and I.T. contract services, and create synergy effects to the business of the Group.

For illustrative purpose, it is expected that the Group will record a book gain of approximately HK\$3.5 million as a result of the Disposal which is calculated based on the fair value of Consideration Shares to be received by the Company from the Disposal (assuming the fair value of the Consideration Shares to be approximately equal to the Consideration at Completion). Shareholders of the Company should note that the actual amount of gain or loss and the financial effect as a result of the Disposal to be recorded by the Group will be subject to the review and final audit by the auditors of the Company.

Having considered the factors set out above, the Directors (including the independent non-executive Directors) are of the view that the Disposal and the terms of the SP Agreement (including the taking up of the Consideration Shares) are on normal commercial terms and are fair and reasonable and in the interests of the Company and the shareholders of the Company as a whole.

GEM LISTING RULES IMPLICATIONS

As one of the relevant percentage ratios (as defined under the GEM Listing Rules) in respect of (i) the Disposal; and (ii) the taking up of the Consideration Shares are more than 5% but less than 25%, each of (i) the Disposal; and (ii) the taking up of the Consideration Shares constitutes a discloseable transaction for the Company under the GEM Listing Rules and is subject to the notification and announcement requirements under Chapter 19 of the GEM Listing Rules.
