FIRST QUARTERLY RESULTS ANNOUNCEMENT FOR THE THREE MONTHS ENDED 31 MARCH 2018

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

FIRST QUARTERLY RESULTS FOR THE THREE MONTHS ENDED 31 MARCH 2018

The board of Directors (the “**Board**”) is pleased to announce the unaudited consolidated results of the Group for the three months ended 31 March 2018, together with the unaudited comparative figures for the corresponding period in 2017, as follows:

NOTES TO THE CONSOLIDATED STATEMENTS OF COMPREHENSIVE INCOME

1 BASIS OF PREPARATION

The unaudited consolidated financial statements have been prepared in accordance with all applicable International Financial Reporting Standards (“IFRSs”) under the historical cost convention.

The preparation of unaudited consolidated results in conformity with IFRSs requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

In the current period, the accounting policies applied are consistent with those of the consolidated financial statements for the year ended 31 December 2017, as described in those consolidated financial statements except for the Group has adopted all the new and revised IFRSs issued, as disclosed below, that are relevant to its operations and effective for its accounting period beginning on 1 January 2018. The application of these new and revised IFRSs did not result in significant changes to the Group’s accounting policies, presentation of the Group’s financial statements and amounts reported for the current period and prior years. The Group has not early applied the new and revised IFRSs that have been issued but are not yet effective. The Directors anticipate that the application of these new standard(s), amendments and interpretation(s) will have no material impact on the unaudited consolidated financial statements.

The following standards are relevant to the Group for the first time for the financial year beginning on or after 1 January 2018:

IFRS 9	Financial Instruments
IFRS 15	Revenue from Contracts with Customers
Amendments to IFRS 2	Classification and Measurement of Share-based Payment Transactions
Amendments to IFRS 4	Applying IFRS 9 Financial Instruments with IFRS 4 Insurance Contracts
Amendments to IAS 40	Transfer of Investment Property
IFRIC — Int 22	Foreign Currency Transactions and Advance Consideration

MANAGEMENT DISCUSSION AND ANALYSIS

Business Model and Business Overview

We are a hobby games publisher specialising in developing and publishing mainly tabletop games (including board games and miniature war games). We have also started developing and launching mobile games since 2015.

We publish both self-owned games and licensed games. We also distribute third party tabletop games. We sell our tabletop games mainly through Kickstarter and to wholesalers. We also sell directly to end users through our own online store and at game conventions.

Long-Term Strategies and Outlook

It is the Group's strategy to achieve long-term growth through product diversification and channel diversification. Our strategy going forward is three pronged — refocusing our marketing efforts on our end users and the gamers, expanding into the largely untapped markets of Asia, particularly China, and strengthening our game design, licensing and intellectual property creation capabilities. This is in line with our objective to continuously expand our sales and marketing capabilities and to reach out to more gamers and at the same time, to publish more high-quality tabletop games and mobile games.

We strive to become a leading developer and publisher of quality games in the hobby game industry and we are optimistic about the growth and development of the tabletop game industry. During the three months ended 31 March 2018, we launched a Kickstarter game, namely *Hate*, and raised approximately US\$1.5 million. We also launched a Kickstarter game, namely *Zombicide: Invader* in April 2018 and raised approximately US\$3.4 million. We will continue to launch games that attract and retain a significant number of players so that we can grow our revenue base and sustain our competitive position. Besides, we will continue to strengthen our efforts to expand our geographical coverage with an aim to increase market share and capture more exposure in China, Thailand and Korea.

Financial Review

Revenue

Our revenue increased by approximately 80.0% from approximately US\$1.5 million for the three months ended 31 March 2017 to approximately US\$2.7 million for the three months ended 31 March 2018, primarily due to the increase in revenue from wholesalers. The revenue from wholesalers increased from approximately US\$1.3 million for the three months ended 31 March 2017 to approximately US\$2.5 million for the three months ended 31 March 2018, primarily due to sales from wholesalers in Asia, particularly China. During the three months ended 31 March 2018, no Kickstarter products were shipped and therefore no Kickstarter revenue was recognised.

The following table sets out breakdowns of our revenue by sales channels:

	Three months ended 31 March			
	2018 (Unaudited)		2017 (Unaudited)	
	US\$	%	US\$	%
Direct				
Kickstarter	—	—	—	—
Online store and game conventions	211,187	7.9	179,518	12.1
Mobile games	1,964	0.1	2,502	0.2
Wholesalers	2,458,134	92.0	1,297,857	87.7
Total	2,671,285	100.0	1,479,877	100.0

Cost of Sales

Our cost of sales increased by approximately 46.2% from approximately US\$1.3 million for the three months ended 31 March 2017 to approximately US\$1.9 million for the three months ended 31 March 2018 primarily due to the increase in cost of inventories by approximately 59.5% from US\$626,799 for the three months ended 31 March 2017 to approximately US\$1.0 million for the three months ended 31 March 2018, which were in line with the increase in our revenue from sales of products. Total depreciation and amortisation also increased by US\$238,664 from US\$340,338 for the three months ended 31 March 2017 to US\$579,002 for the three months ended 31 March 2018, which was generally in line with the increase in the scale of our operation and game portfolio.

Gross Profit and Gross Profit Margin

For the three months ended 31 March 2018, our gross profit increased from US\$227,507 for the three months ended 31 March 2017 to US\$761,480 primarily due to the increase in revenue. Our gross profit margin increased from approximately 15.4% for the three months ended 31 March 2017 to approximately 28.5% for the three months ended 31 March 2018 primarily due to the higher recovery rate of shipping and handling income and the higher margin of games sold during the three months ended 31 March 2018.

Other Income

Other income amounted to US\$46,840 and US\$216,646 for the three months ended 31 March 2017 and 2018, respectively, and the increase was primarily due to the realisation of mobile app development costs being recharged to a business partner for the three months ended 31 March 2018 upon completion of the development of *Zombicide (mobile)*.

Exchange losses

We recorded exchange losses of US\$9,866 for the period ended 31 March 2018 mainly resulting from the salaries of staff of our Canadian office which are denominated in Canadian dollars.

Selling and Distribution Expenses

The Group recorded selling and distribution expenses of US\$476,786 and US\$477,992 for the three months ended 31 March 2018 and 2017, respectively.

General and Administrative Expenses

Our general and administrative expenses for the three months ended 31 March 2018 were approximately US\$1.7 million, representing an increase of approximately 41.7% from approximately US\$1.2 million for the three months ended 31 March 2017. The increase was primarily due to (i) an increase in professional fees from US\$38,937 for the three months ended 31 March 2017 to US\$180,948 for the three months ended 31 March 2018 primarily due to fees related to consultants engaged for production, development and opening up of the China market and other professional services; (ii) an increase in game development expenses from US\$1,757 for the three months ended 31 March 2017 to US\$249,971 for the three months ended 31 March 2018 primarily due to more intensive game development work for our new games; and (iii) an increase in operating lease rentals from US\$46,721 for the three months ended 31 March 2017 to US\$146,691 for the three months ended 31 March 2018 primarily due to higher rental of our new United States warehouse as compared to the previously leased United States warehouse, and the rental expenses for our sales office in Canada.

Finance costs

We recorded finance costs of US\$20,640 for the three months ended 31 March 2018 from the bank borrowings for the acquisition of properties located at 201 Henderson Road #07/08-01, Apex @ Henderson, Singapore 159545 and 201 Henderson Road #09-23/24, Apex @ Henderson, Singapore 159545.

Income Tax Credit

Income tax credit decreased by approximately 17.0% from US\$301,470 for the three months ended 31 March 2017 to US\$250,266 for the three months ended 31 March 2018 mainly because of the decrease in loss before income tax.

Loss and Total Comprehensive Loss for the Period Attributable to Equity Holders of the Company

Our loss and total comprehensive loss for the period attributable to equity holders of the Company decreased by approximately 9.1% from approximately US\$1.1 million for the three months ended 31 March 2017 to approximately US\$1.0 million for the three months ended 31 March 2018 mainly due to relatively higher revenue, gross profit margin and other income for the three months ended 31 March 2018 as mentioned above.

CORPORATE GOVERNANCE AND OTHER INFORMATION

Corporate Governance

The Group is committed to maintaining high standards of corporate governance to safeguard the interests of the shareholders of the Company (the “**Shareholders**”) and to enhance corporate value and accountability. The Company has adopted the Corporate Governance Code (the “**CG Code**”) as set out in Appendix 15 to the GEM Listing Rules as its own code of corporate governance. Save as disclosed in this results announcement, the Company has, to the best knowledge of the Board, complied with all applicable code provisions of the CG Code during the three months ended 31 March 2018. The Company will continue to review and monitor its corporate governance practices to ensure compliance with the CG Code.

Under code provision A.2.1 of the CG Code, the roles of chairman and chief executive officer should be separate and performed by different individuals. Mr. Ng Chern Ann is currently the chairman and chief executive officer of the Company (the “**Chief Executive Officer**”). In view of Mr. Ng being one of the founders of the Group, and his responsibilities in corporate strategic planning and overall business development, the Board believes that it is in the interests of both the Group and the Shareholders to have Mr. Ng taking up both roles for effective management and business development. The Board also meets regularly on a quarterly basis to review the operations of the Group led by Mr. Ng. Accordingly, the Board believes that this arrangement will not impact on the balance of power and authorisations between the Board and the management of the Company. The Board will continue to review the effectiveness of the corporate governance structure of the Group in order to assess whether separation of the roles of the chairman and the Chief Executive Officer is necessary.

Compliance with the Required Standard of Dealings in Securities Transactions by Directors

The Company has adopted the required standard of dealings set out in Rules 5.46 to 5.67 of the GEM Listing Rules as its own code of conduct regarding Directors’ securities transactions. Having made specific enquiries of all the Directors, each of the Directors has confirmed that he has complied with the required standard of dealings during the three months ended 31 March 2018.

Audit Committee and Review of Accounts

The Company has established an audit committee (the “**Audit Committee**”) with written terms of reference in compliance with Rules 5.28 to 5.33 of the GEM Listing Rules and the CG Code. The Audit Committee comprises three members, namely Mr. Tan Lip-Keat (chairman), Mr. Chong Pheng and Mr. Seow Chow Loong Iain, all of them are independent non-executive Directors. The Audit Committee has reviewed with the management the accounting policies and practices adopted by the Group and discussed with the management internal control and financial reporting matters of the Company, including the review of the unaudited consolidated results of the Group for the three months ended 31 March 2018 and this results announcement. The Audit Committee is of the opinion that the unaudited consolidated results of the Group for the three months ended 31 March 2018 comply with the applicable accounting standards, the GEM Listing Rules and legal requirements and that adequate disclosure has been made.
