

FIRE ROCK HOLDINGS LIMITED 火岩控股有限公司

(Incorporated in the Cayman Islands with limited liability)

CHARACTERISTICS OF THE GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange of Hong Kong Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Fire Rock Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. FINANCIAL REVIEW

Revenue

We are engaged in the development of browser and mobile games, including game design, programming and graphics, and licensing of our self-developed browser and mobile games to licensed operators around the world.

During the three months ended 31 March 2018, our revenue was originated from our licensed operators and derived from the following revenue types: (i) license fees in accordance with the contractual terms agreed with our licensed operators for granting the exclusive operating right for specific games within an agreed period and designated territories; and (ii) royalties which were calculated based on a pre-determined percentage sharing of the net sales of credits of our licensed operators which have been exchanged into our in-game tokens purchased through platforms designated by our licensed operators in accordance with the terms of the licensing agreements.

Our revenue increased by approximately RMB18.5 million from approximately RMB14.4 million for the three months ended 31 March 2017 to approximately RMB32.9 million for the three months ended 31 March 2018. The increase in revenue was mainly due to the increase in revenue brought by the launch of our mobile games series successively in 2017, being Number Drop game series, G-game game series, Sweeties Fighting (零食大亂鬥) game series, Forest Gala (森林大聯歡) game series and Fish Catching Contest (捕魚大亂鬥) game series.

- Revenue derived from R2Game Co., Limited and Reality Squared Game Co., Limited, in which Reality Squared Game Co., Limited and R2Game Co., Limited are group companies based in the PRC. The license we gave to R2Game Co., Limited for the operation of our games had been transferred to Reality Squared Game Co., Limited in 2016. Both companies had commercially launched our games in Europe and North America.

Direct costs

Our direct costs for the three months ended 31 March 2018 amounted to approximately RMB4.9 million, representing an increase of approximately 133.3% as compared to approximately RMB2.1 million for the same period in 2017. The increase in our direct costs was mainly because we commercially launched new mobile games successively in 2017, which resulted in the increase in amortisation of our game research costs during the Reporting Period, the increase in salaries and welfare expenses and the increase in business taxes and surcharges resulted from the significant increase in revenue.

Gross profit and gross profit margin

Our gross profit for the three months ended 31 March 2018 amounted to approximately RMB28.0 million, representing an increase of approximately RMB15.8 million as compared to approximately RMB12.2 million for the three months ended 31 March 2017. Our gross profit margin for the three months ended 31 March 2018 and 2017 amounted to approximately 85.1%. The increase in our gross profit was mainly due to the increase in revenue brought by the commercial launch of various mobiles game series successively in 2017.

Other income

Our other income mainly consisted of interest income of short term bank deposits and other gains. For the three months ended 31 March 2018, our other income was approximately RMB0.35 million, compared with approximately RMB0.03 million for the same period in 2017.

Game research costs

Our game research costs for the three months ended 31 March 2018 amounted to approximately RMB0.3 million, represented an increase of approximately RMB0.1 million as compared to approximately RMB0.2 million for the three months ended 31 March 2017. The increase was mainly due to the fact that three new games were in the game inception and evaluation stage during the Reporting Period.

Distribution costs

Our distribution costs for the three months ended 31 March 2018 amounted to approximately RMB0.21 million, represented an increase of about RMB0.05 million as compared to RMB0.16 million for the same period in 2017. The increase was mainly attributable to the increase in the salaries and welfare of promotional staff.

Administrative expenses

Our administrative expenses for the three months ended 31 March 2018 amounted to approximately RMB4.0 million, representing an increase of approximately 90.5% as compared to approximately RMB2.1 million for the three months ended 31 March 2017. The increase in our administrative expenses was mainly due to the increase in the salaries and welfare of our Group's administrative staff as well as the increase in rentals for our operating premises.

Income tax expense

Our income tax expenses for the three months ended 31 March 2018 amounted to approximately RMB5.6 million while we recorded RMB1.2 million for the three months ended 31 March 2017. The increase in our income tax expenses was mainly because the profits of the PRC subsidiary of the Group increased significantly during the Reporting Period as compared to the same period in 2017 as well as the increase in income tax expense withheld under the provisions of the PRC tax law with respect to the distribution of dividends to foreign investors by the PRC subsidiary of the Group.

Profit for the period

Given the aforesaid reasons, profit attributable to owners of the Company increased by approximately 111.6% from approximately RMB8.6 million for the three months ended 31 March 2017 to approximately RMB18.2 million for the three months ended 31 March 2018.

Earnings per share

For the three months ended 31 March 2018, the earnings per share of the Group was RMB11.37 cents. The calculation is based on the earnings attributable to owners of the Company for the period of approximately RMB18.2 million and on the basis of the number of 160,000,000 ordinary shares outstanding during the period.

For the three months ended 31 March 2017, the earnings per share of the Group was RMB5.37 cents. The calculation is based on the earnings attributable to owners of the Company for the period of approximately RMB8.6 million and on the basis of the number of 160,000,000 ordinary shares outstanding during the period.

Diluted earnings per share are same as the basic earnings per share as there are no dilutive potential ordinary shares in existence during the three months ended 31 March 2018 and 31 March 2017.

Dividends

On 26 March 2018, a final dividend, in the form of a cash dividend of HK\$0.125 per share (equivalent to approximately RMB0.104 per share) and bonus shares on the basis of 1 share for every share, in respect of the year ended 31 December 2017 has been proposed by the Board and is subject to approval by the shareholders in the forthcoming annual general meeting.

Other than as set out above, no dividends were paid or declared by the Company during the three months ended 31 March 2017 and 2018, nor has any other dividends been proposed since the end of the Reporting Period.
