Accordingly, the entering into of the 2019 Master Purchase Agreement will enhance the diversification of products to be supplied to the Group. Internal control

The pricing policies for all the continuing connected transactions of the Group will be supervised and monitored by senior manager of the Group's internal audit department and the relevant personnel and management of the Group in charge to ensure the relevant continuing connected transactions are conducted on normal commercial terms and will not be prejudicial to the interests of the Company and its Shareholders as a whole. The senior manager of the Group's internal audit department and relevant personnel and management of the Group in charge will conduct regular checks on a quarterly basis to review and assess whether the relevant continuing connected transactions are conducted in accordance with the terms of their respective agreements and will also regularly update the market price for the purpose of considering if the price charged for a specific transaction is fair and reasonable and in accordance with the aforesaid pricing policies.
