FIRST QUARTERLY
REPORT

2019

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a high investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the Directors of the Company collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

This report will be available on the Company’s website <http://www.citd.com.hk> and will remain on the “Latest Company Report” page on the GEM website at <http://www.hkgem.com> for at least 7 days from the date of its posting.

MANAGEMENT DISCUSSION AND ANALYSIS

Business review

In 2016, the Company placed 1,830,792,000 new shares of the Company to not less than six independent placees at a price of HK\$0.13 each and raised a net proceeds of approximately HK\$230 million (the “Placement”). It was expected that the net proceeds raised would be utilized as follows: HK\$73 million for the refurbishment of and operation of the business in the PRC properties as acquired in the acquisition of Joyunited Investments Limited on 7 April 2016 (“PRC Properties”), the Company would have approximately HK\$69 million for the general working capital and approximately HK\$88 million for the projects that were then in progress. More details on the Placement had been disclosed in the relevant announcement of the Company dated 8 December 2015 and the circular dated 18 March 2016. The Placement had been completed on 9 May 2016. As at 31 March 2019, the use of net proceeds from the Placement was as follows:– (1) approximately HK\$73.0 million for refurbishment and other expenses relating to the PRC Properties; (2) approximately HK\$48.9 million for investment in Macro China Holding Limited (“Macro”), business development under DataCube Research Centre Limited, IT business in Japan and a data centre in the PRC; (3) approximately HK\$39.1 million had been applied to settle the consideration for the PRC Properties; and (4) approximately HK\$69.0 million for administrative expenses and other expenses incurred by the Group.

During the three months ended 31 March 2019, the Company has continued to refine our business structure. On 15 January 2019, the Company entered into a non-legally binding memorandum of understanding (the “MOU”) with an independent third party in relation to the possible acquisition of certain land and buildings with a data centre located in Nansha District, Guangzhou, the People’s Republic of China. The Company paid a refundable deposit of RMB20 million in cash to the independent third party upon signing of the MOU. Details of the MOU are set out in the announcement dated 15 January 2019.

Meanwhile, the existing business of Macro and its subsidiaries (“Macro Group”) and Value Creation Finance Limited (“Value Creation Finance”), bring synergies and refinement to the whole business of the Company.

Macro Group

During the period ended 31 March 2019, Macro Group had continued to provide strong IT infrastructure and management service to its clients. It has organized various IT seminars to clients, covering the most updated knowledge and topics that are on the vibe, giving the clients a platform to share and get updated with different new technologies and knowledges in the market. In December 2018, Macro had organized a seminar with Alibaba Cloud introducing the challenges with the security issues on online transactions. Meanwhile, in March 2019, following the technological trend in retail market, Macro had organised an event, introducing Artificial Intelligence (“AI”) new retail technology to our clients to create innovative customer experience and reach retail front.

Apart from that, Macro has persistently gained reputation in the IT industry. Macro has been honored with the “Huawei Enterprise Channel Partner Program” as 5 Star IT Certified Service Partner in January 2018 and the “Excellent Partner – 2018” and “The Distinguished Service Partner – 2018” in April 2019. The technical team leader of Macro was honored with the “The Best Service – 2018” Award as well. The appreciation affirms our technical service quality and value to make IT smart. In August 2018, Macro was awarded the International Standard for Information Security Management Systems, ISO/IEC 27001:2013, by Bureau Veritas Certification to affirm Macro for information security efforts in the management field to ensure that customers are provided with high quality, stable and reliable data monitoring and protection in accordance with international standards. Together with the IT Service management system certification, ISO/IEC 20000-1:2011, that Macro has already obtained, Macro Systems leverages its expertise and years of practical experience to fully analyze the business needs of its customers to create the most appropriate IT solution. Macro’s goal is to help customers reduce overall costs and improve operational efficiency, allowing them to focus on developing their business and creating sustainable business advantages in an era of intense competition. Macro will accompany the clients towards digital transformation with their professionalism continuously and always.

Alongside with the existing business, Macro sees a huge potential with the resurgence trend of AI. With the concurrence of other technical advancement and the importance of big data as well as the popularization of Internet of things (“IoT”), AI has become an almost inseparable part to a successful business and even our daily lives. Macro therefore, has started to transform itself from system integrator to a Marketing AI integrated solution provider. During the period ended 31 March 2019, Macro, in corporation with DataCube, started the research and development to originate our very own software for AI statistical analysis platform to provide the most tailor-made and suitable software and solutions for our clients in Hong Kong and PRC.

DataCube

DataCube Research Centre Limited (“DataCube Research Centre” or “DataCube”), is dedicated to promote data modelling, big data analysis as well as developing related technologies to expedite the adoption and drive the evolution of AI and business intelligence (“BI”) and across the region, so as to provide the technological platform and all related resources to drive the development of Smart Cities in Asia.

In the business world, BI has become a complementary if not essential tool used by enterprises to support a wide range of business decisions ranging from operational to strategic ones. The big data in business operations are systematically gathered and analyzed into useful information which can assist corporations to formulate their business strategies accordingly.

Currently, DataCube provides business solution services, customized peer-to-peer data analysis platform and local data talents through data research, analysis and adoption.

In 2018, DataCube had assisted one of our clients which is large scale general hospital in Guangzhou through our cancer data modelling system, to enable their staff to predict cancer status precisely before pathological examination. With thousands of expanding data set, we provided our client with data processing and modelling solutions that made data search and analysis more efficient. The cancer tumor prediction accuracy has been enhanced and become more reliable.

With the efforts we invested in data analysis, AI and BI reporting tools, we provided complete chain and system for our clients. DataCube shall aim to extend our services to cover across government, medical and education etc. For instance, AI system can be applied to provide automatic vehicle identification in car parks whereby the car license plates are detected and identified to enhance the efficient security management of car parks. Through the spectrum of client portfolio we build, we will gain knowledge of different industries so that we can strengthen our skillset to provide quality services, hence, enhance our competitiveness to drive social awareness upon data application and accelerate the adoption of AI for the development of Smart Cities in Asia in the future. We expect that DataCube shall become one of the income drivers and contribute to the business of the Group in the years to come.

During the period ended 31 March 2019, Macro Group has contributed a revenue of approximately HK\$14,023,000 to the Group. This encouraging result motivates the Directors and the Company to continue developing the business of Macro Group.

Other Businesses

During the three months ended 31 March 2019, the Company has been developing its existing businesses while keeping alert of the market trends so that it would be able to create a competitive edge for itself to provide more integrated and comprehensive services.

Meanwhile, in late March 2019, the Company has entered into a formal sales and purchase agreement (the "Agreement") with an independent third party in relation to the acquisition of 51% of the equity interest of FULLPAY K.K. (FULLPAY株式会社) ("Fullpay") at a consideration of HK\$15,300,000 (the "Acquisition"). The Company has subscribed 16.67% equity interest of Fullpay in January 2017, therefore upon the Acquisition, the Company owns 67.67% of the equity interest of Fullpay. Fullpay is principally engaged in the sourcing and provision of electronic fund transfer at point of sale ("EFT-POS") terminals and peripheral devices which support WeChat Pay, as well as the provision of relevant EFT-POS installation and system support services, to vendors in Japan. Grabbing hold of the rising popularity of mobile payment in the world, especially in China and the rocketing numbers of Chinese tourist in Japan, the Company shall continue to seize the opportunities of stepping into the mobile payment business so as to gain relevant knowledge and bring synergy effects to the other businesses of the Company through its investment in Fullpay.

Outlook and Prospect

During the three months ended 31 March 2019, the Group has made steady progress in refining its business model, putting more emphasis on our main business in Macro and the future development of DataCube. Leveraging our established brand names including Macro and DataCube, we deliver quality services to our clients. With more centralized resources, the Group will continue to endeavour to intensify its innovation facilitation and enhance new market expansions.

Looking forward, we shall continue to team up Macro and DataCube so as to synergize our IT capabilities and to jump on the bandwagon of Smart Cities among the businesses. Having the vision of giving the most suitable data analysis and intelligence systems to our clients, together with the experiences and knowledge we gained through the years, we walk hand in hand with our clients and persistently develop and improve our own self-developed software for AI statistical analysis platform so that we can provide unique and customized services to our clients. With the self-developed software which is still uncommon among our competitors, we strengthen our competitive edge to stand out in the market.

Seeing the robust development of AI and BI, the Group shall further enhance its development as a Marketing AI integrated solution provider, mainly in two categories, namely, MarTech AI and AdTech AI, providing marketing and advertising services with AI technology respectively. In view of the evolving trend for SmartMalls, SmartShops and SmartRetail, for MarTech AI, we provide comprehensive services including big data AI platform where data is gathered and analyzed and with the help of AI book which is an end to end machine learning platform, it provides insights on model performance, key drivers and ready reports to our clients. We also provide AI infrastructures, management and AI advisory services to assist clients to optimize their business process. On the other hand, seeing the popularity of IoT, with the information collected and analyzed, we provide online merge offline (“OMO”) advertisement management platform and OMO SSP supplier platform services for AdTech AI to our clients. We then provide comprehensive advertising services with advertising means like shopping malls, public transportation, offices and even car parks.

Encouraged by the achievements in 2018, in the year to come, we shall adhere to our business strategy to develop our main business in Macro and DataCube. We are dedicated to pay close attention to the development in the industry as well as the macro-economy and keep abreast of the knowledge and technology so that the Group can provide the most advanced yet reliable service to our clients and bring profits to the Group and its shareholders in future.

Employees

The total number of full-time employees hired by the Group maintained at 59 as of 31 March 2019 (2018: 98 employees). Total expenses on employee benefits amounted to approximately HK\$7,387,000 for the three months ended 31 March 2019 (2018: approximately HK\$9,338,000). The management believes the salaries offered by the Group to its employees are competitive.

Financial review

For the three months ended 31 March 2019, the Group recorded a revenue of approximately HK\$17,041,000, an increase of 0.3% from approximately HK\$16,990,000 in the corresponding period of last year. The revenue of Macro increased due to increase in number of projects and that set off the effect of the disposal of Panasoft International Limited in 2018 which contributed revenue for the first three months of 2018.

The Group had a total cost of sales and services of approximately HK\$11,459,000 for the first quarter of year 2019, an increase of 5.3% compared with approximately HK\$10,882,000 for the same period of year 2018. The increase was mainly due to the increase in staff cost related to projects during the period.

The gross profit of the Group for the first quarter of year 2019 was approximately HK\$5,582,000, compared with approximately HK\$6,108,000 for the corresponding period of last year.

The Group's selling and distribution expenses for the first quarter of year 2019 was approximately HK\$786,000, which decreased by 46.7% compared with approximately HK\$1,476,000 for the corresponding period of year 2018. The decrease was mainly due to the disposal of Panasoft International Limited and hence less expenses were incurred.

Administrative expenses for the period were approximately HK\$7,080,000, representing a decrease of 44.1% as compared to approximately HK\$12,656,000 for the corresponding period last year. The decrease, among other expense reduction measures, was mainly attributable to the disposal of Panasoft International Limited and hence less expenses were incurred.

The Group recorded a mark-to-market gain on held-for-sale investment securities of approximately HK\$7,265,000 for the period (2018: a gain of approximately HK\$5,718,000).

The Group recorded a profit attributable to owners of the Company of approximately HK\$4,438,000 for the three months ended 31 March 2019 (2018: loss of approximately HK\$1,281,000).

EVENTS AFTER THE REPORTING PERIOD

The Group had no material event after the period ended 31 March 2019.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of preparation

The unaudited condensed consolidated financial information is prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the disclosure requirements of the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the “GEM Listing Rules”).

The accounting policies and basis of preparation used in preparing the unaudited consolidated results are consistent with those used in the Company’s audited consolidated financial statements for the year ended 31 December 2018.

Basis of consolidation

The condensed consolidated financial statements included the condensed financial statements of the Company and its subsidiaries for the three months ended 31 March 2019. Adjustments are made to bring into line any dissimilar accounting policies that may exist. The results of subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. All income, expenses and unrealised gains and losses resulting from intercompany transactions and intercompany balances within the Group are eliminated on consolidation in full.

2. Operating segment information

The Group has four reportable segments as follows:

- the software development and system integration segment engages in (i) the sale of computer hardware; (ii) the provision of software development services; (iii) the provision of system integration services; and (iv) the provision of technical support and maintenance services;
- provision of IT infrastructure solutions and maintenance services (“IT solutions and maintenance”);
- money lending; and
- Securities trading (“Securities investments”).

The Group’s reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies.

The following table presents revenue and profit/(loss) for the Group's business segments for the three months ended 31 March 2019 and 2018.

CORPORATE GOVERNANCE

Corporate governance practices

During the three months ended 31 March 2019, the Company has complied with the code provision(s)(the “Code provision(s)”) of Corporate Governance Code (the “Code”) as set out in Appendix 15 of the GEM Listing Rules, except for the following:

Code Provision A.2.1

Code Provision A.2.1 stipulates the roles of chairman and chief executive should be separate and should not be performed by the same individual.

Mr. Wong Kui Shing, Danny (“Mr. Wong”) now serves as both the chairman (the “Chairman”) and the chief executive officer of the Company (the “Chief Executive Officer”), such practice deviates from code provision A.2.1 of the Code. The Board is of the opinion that it is appropriate and in the best interests of the Company for Mr. Wong to hold both positions as it helps maintain the continuity of the policies and the stability of the operations of the Company. The Company has been proactively recruiting candidates for the post of Chief Executive Officer through different means so as to fulfill the requirements of A.2.1 of the Code as soon as possible.

Code Provision A.4.1

Code Provision A.4.1 stipulates that non-executive directors should be appointed for a specific term.

None of the non-executive Directors is appointed for a specific term, which constitutes a deviation from Code Provision A.4.1. Nonetheless, in accordance with the articles of association of the Company, all non-executive directors are subject to retirement by rotation. The Company considers that there are sufficient measures to ensure the corporate governance standard of the Company is not less exacting than the Code.

Code of conduct regarding securities transactions by Directors

The Company has adopted a code of conduct regarding Directors’ securities transactions on terms no less exacting than the required standard of dealings set out in Rules 5.46 to 5.68 of the GEM Listing Rules. Having made specific enquiry of all Directors, the Directors have complied with such code of conduct and the required standard of dealings and its code of conduct regarding securities transactions by the Directors during the three months ended 31 March 2019.

Audit Committee

The Company established an audit committee with written terms of reference in compliance with Rules 5.28 to 5.33 of the GEM Listing Rules.

The primary duties of the audit committee of the Company (the “Audit Committee”) include supervising the financial reporting procedure and reviewing the financial statements of the Group, examining and monitoring the internal control system adopted by the Group and reviewing the relevant work of the Group’s external auditor.

As at the date of this report, the Audit Committee comprises three members, including Mr. Hung Hing Man (Audit Committee chairman), Mr. Wong Hoi Kuen and Dr. Chen Shengrong. All Audit Committee members are independent non-executive Directors.

The Group’s unaudited condensed consolidated financial statements for the three months ended 31 March 2019 have been reviewed by the Audit Committee, which was of the opinion that the preparation of such results complied with the applicable accounting standards.

Nomination Committee

The Company established a nomination committee with written terms of reference in compliance with Code Provisions A.5.1 to A.5.6 of Appendix 15 of the GEM Listing Rules.

The primary duties of the nomination committee of the Company (the “Nomination Committee”) include reviewing the structure, size and composition of the Board and making recommendations on any proposed changes to the Board to complement the Company’s corporate strategy, identifying individuals suitable qualified to become Board members and selecting or making recommendations to the board on the selection of individuals nominated for directorships, assessing the independence of independent non-executive Directors and making recommendations to the Board on the appointment, re-appointment and succession of director.

As at the date of this report, the Nomination Committee comprises three members, including Mr. Hung Hing Man (Nomination Committee chairman) and Mr. Wong Hoi Kuen and Dr. Chen Shengrong being the members. All Nomination Committee members are independent non-executive Directors of the Company.

Remuneration Committee

The Company established a remuneration committee with written terms of reference in compliance with Rules 5.34 to 5.36 of the GEM Listing Rules.

The primary duties of the remuneration committee of the Company (the “Remuneration Committee”) include the determination of specific remuneration packages of all executive Directors, including benefits in kind, pension rights and compensation payments, any compensation payable for loss or termination of their office or appointment, and making recommendations to the Board on the remuneration of non-executive Directors.

The Remuneration Committee meets regularly to determine the policy for the remuneration of Directors and assess the performance of executive Directors and certain senior management personnel of the Company.

As at the date of this report, the Remuneration Committee comprises three members, including Mr. Wong Hoi Kuen (Remuneration Committee chairman), Mr. Hung Hing Man and Dr. Chen Shengrong. All Remuneration Committee members are independent non-executive Directors.

Change in information of Director

The change in information of Director during the three months ended 31 March 2019 and as at the date of this report is set out below:

Mr. Wong Kui Shing, Danny has resigned as the executive director of Huiyin Holdings Group Limited (Stock Code: 1178) with effect from 10 April 2019.

Risk management and Internal control

The Board has the ultimate responsibility to maintain a sound and effective risk management and internal control systems for the Group to safeguard the shareholders' investment and the Group's assets and to ensure strict compliance with relevant laws, rules and regulations. The Group has established a risk management framework, which consists of the Board, the Audit Committee and the senior management of the Group. The Board determines the nature and extent of risks that shall be taken in achieving the Group's strategic objectives. The Audit Committee is responsible for reviewing the effectiveness of the internal control and risk management systems and reporting to the Board. The Board, through the Audit Committee, conducts reviews of the effectiveness of such systems at least annually, covering all material controls including financial, operational and compliance controls.
