FINANCIAL REVIEW

Revenue

The Group derives its revenue primarily from the provision of financial technology solutions which can be classified into (i) front office solution services; (ii) back office solution services; (iii) installation and customisation services; (iv) managed cloud services and (v) other services. For the three months ended 31 March 2020, the Group recorded revenue of approximately HK\$9.6 million, representing a decrease of approximately 24.9% as compared with revenue for the previous period of approximately HK\$12.8 million. Such decrease was mainly attributable to the significant decrease in revenue from front office solution services and from installation and customisation services. The revenue from front office solution services decreased by approximately 19.4% from approximately HK\$6.6 million for the three months ended 31 March 2019 to approximately HK\$5.3 million for the three months ended 31 March 2020. The revenue from installation and customisation services decreased by approximately 62.5% from approximately HK\$1.6 million for the three months ended 31 March 2019 to approximately HK\$0.6 million for the three months ended 31 March 2020. Purchases of and Changes in Inventories

The Group's purchases of inventories for the three months ended 31 March 2020 decreased by approximately HK\$10,000. Such decrease was primarily due to the decrease of approximately HK\$17,000 in product sales of the Group for the three months ended 31 March 2020.

This was primarily due to (i) decrease of non-recurring installation and customisation service income by approximately HK\$1 million; (ii) decrease of front office solution service income by approximately HK\$1.3 million; and (iii) increase of staff costs by approximately HK\$1.1 million, offset by the decrease of listing expenses by approximately HK\$1.8 million.

The Group's other income increased to approximately HK\$269,000 from HK\$40,000 for the three months ended 31 March 2019 due to an increase in interest income of approximately HK\$233,000.

The decrease was primarily attributable to a decrease in (i) cost of services of approximately HK\$1.3 million and (ii) listing expenses of approximately HK\$1.8 million.

Income Tax Expense

The Group's income tax expense for the three months ended 31 March 2020 was approximately HK\$7,000, representing a decrease of approximately 98.1% from approximately HK\$0.4 million for the three months ended 31 March 2019.
