# MANAGEMENT DISCUSSION AND ANALYSIS

## OVERVIEW

In view of the uncertain global economy and the impact of novel coronavirus (“COVID-19”), the Group will strive to launch various production safety measures and credit controls, and further tighten the control over operating expenses, while streamlining production control and improving manufacturing efficiency with advanced machinery to minimise the labour cost and maximise the facility utilisation rate.

### Business Review

As one of the leading printing service providers, the Group is engaged in its core business of printing books products and novelty and packaging products. It provides a full suite of services from pre-press to printing to finishing services, as well as producing custom-made and value added printing products.

For the three months ended 31 March 2020, the Group recorded a decrease in its total revenue by approximately 20.0% to approximately HK\$19.2 million from approximately HK\$24.0 million for the three months ended 31 March 2019. This is mainly due to the fact that we have obtained less customer orders from the United Kingdom (the “U.K.”) customers in the books products segment for the three months ended 31 March 2020. Loss attributable to owners of the Company was approximately HK\$0.6 million, representing an decrease of more than 100.0% from approximately profit attributable to owners of HK\$1.2 million for the three months ended 31 March 2019 mainly due to the one-off professional fee regarding the transfer of listing incurred for the period of approximately HK\$1.4 million.

For the three months ended 31 March 2020, approximately 88.3% of total revenue was contributed by the book products segment amounting to approximately HK\$16.9 million (three months ended 31 March 2019: approximately HK\$21.9 million). This segment’s performance has deteriorated compared with that of the corresponding period in 2019 mainly due to the decrease in orders placed by U.K. customers with us.

Our revenue decreased by approximately 20.0% from approximately HK\$24.0 million for the three months ended 31 March 2019 to approximately HK\$19.2 million for the three months ended 31 March 2020. Our overall gross profit margin increased from approximately 30.8% for the three months ended 31 March 2019 to approximately 34.1% for the three months ended 31 March 2020. The increase is mainly due to the better sales performance of the Group, coupled with effective cost management.

### ***Other income***

Our other income decreased by approximately 48.1% from approximately HK\$0.2 million for the three months ended 31 March 2019 to approximately HK\$0.1 million in same period of this year. The decrease was mainly due to the decrease of sundry income during the reporting period.

Our other losses decreased from of approximately HK\$0.1 million for the three months ended 31 March 2019 to other gains of HK\$29,000 for the three months ended 31 March 2020. It mainly due to the decrease of exchange loss incurred for the three months ended 31 March 2020.

Our distribution costs increased by approximately 5.0% from approximately HK\$1.4 million for three months ended 31 March 2019 to approximately HK\$1.5 million for the three months ended 31 March 2020. This was mainly due to the increase in staff cost incurred during the reporting period.

Our finance costs decreased by approximately 67.4% from approximately HK\$89,000 for the three months ended 31 March 2019 to approximately HK\$29,000 for the three months ended 31 March 2020. This was mainly due to the decrease in lease liabilities during the three months ended 31 March 2020.

### ***Income tax expense***

Our income tax expense decreased by more than 30.4% from approximately HK\$0.4 million for the three months ended 31 March 2019 to approximately HK\$0.3 million for the three months ended 31 March 2020. It was mainly due to the decrease in assessable profit that is subject to taxation.
